INTRODUCTION

To a Liber 1. Number 2 of our Hermetic and Masonic Journal, A.:R.:A.:R.:I.:T.:A.:., we invited readers to offer publication suggestions and apprise us any interestng manuscripts or out-of-print books they might know of. The response was overwhelming. As a result of that invitation, we soon printed five new books, including two interesting rituals; but we never anticipated the reception of the material which is now printed here for the first time ever.

A reader from upstate New York informed us that his family owned a set of Masonic manuscript rituals which had been in possession since the 1830's. What makes this more remarkable is that neither the correspondent nor any member of the immediate family belongs to the Masonic fraternity. Intrigued, we traveled upstate to meet with our correspondent and examine the documents first hand.

The manuscript collection consists of five leather-bound books (of various sizes), numerous loose pages of "detached degrees" and several letters. Each of the leather-bound books is signed by the original transcriber. Inside the first volume, the ancestor of our correspondent penned the following:

These M.S.S. was Purchased of Mr. [name withheld], a renouncing & Sceaming Free Mason for $45— & one new Pack & Shovel—this 22d Day of December 1835. There is nothing Had but what shall be Seen & known.

At the request of the present owners we have withheld both the name of the original transcriber and their ancestor, as the owners have no desire to part with their heirloom. They wish to make it emphatically clear that they do not wish to be bothered in any way as a result of this publication. Poemandres Press has been requested by the family to protect their privacy, and cannot respond to any requests for information regarding the present owners, or the ritual collection itself.
Be that as it may, the manuscripts are a veritable gold-mine of Masonic information, for they constitute, as far as we are aware, the most complete set of early Scottish Rite rituals in the United States.

The reader will note that each of the five books was transcribed from rituals belonging to Giles F. Yates. 33°. Mr. Yates was a member of both the Northern and Southern Supreme Councils, and by 1827 was in possession of most, if not all, of the manuscript rituals of Mr. Frederick Dalcho, one of the founders of the first Supreme Council. 2 At one point the original Dalcho manuscripts ( "a strange farago of bad English")5 were lost or sold. When the collection was rediscovered in 1938, it had several rituals missing. 3 Our collection includes all the rituals from the 4° SECRET MASTER, up to and including the 33° SOVEREIGN GRAND INSPECTOR GENERAL. 4

Each of the rituals is preceded by a header which frequently gives the dates 1801 and 1802. We believe this indicates the rituals are copies of the Dalcho versions, although we have not had the opportunity to compare them with the originals in the archives of the Northern Jurisdiction, at Boston. It should be noted that for some unknown reason the rituals are divided into two groups, i.e., "first series" and "second series." The "second series" rituals are all dated after 1804, which may indicate that some type of reconstruction took place. Further, some of the rituals have apparently been switched around in manuscript order.

Among the more curious instances of revision is the 29° GRAND MASTER EXCOFF., OR SCOTTISH ELDER MASTER, AND KNIGHT OF ST. ANDREW. Following the degree (which closely follows the Pike's version) 5 is the outline

---

2 Ibid., p. 172.
3 Ibid., p. 92.
4 In 1829 J.J. Georget, of the Northern Supreme Council, wrote to Moses Hackett, of the Southern Council, requesting a copy of the "Charleston 3°" (Ibid. p. 198). If Yates had a copy, why didn't he share it?
of an apparent 1806 revision which is a radical departure from the earlier form, yet similar to that found in Albert Pike's *Magnum Opus* (1857). Did Pike have this 1806 ritual?

Consider the 30th, 31st and 32nd Degree, Sovereign, or Sublime Prince of the Royal Secret, which seems to have become the 32nd only after a 31st Tribunal of Grand Inquisitors appears in 1804. And then, twenty-three years later, the latter is itself drastically revised.

One of the most interesting rituals is the 33rd Sovereign Grand Inspector General. Not only is it the earliest form of this degree, but it includes a copy of a "Letter of Credence" (Patent) and an early version of the Constitution, Statutes and Regulations.

In editing the manuscripts, we have corrected the spelling in many instances (e.g. shoul'ders to shoulders, etc.), but tried to retain as much of the original format as possible. Interlineations have been introduced at the points indicated without indication, and several marginal notations have been eliminated, as they are not in the original writer's hand. Finally, all hand-drawn illustrations in this book, including the Masonic alphabets, were scanned from photocopies of the original manuscripts. We have enhanced and cleaned these up as best we could, and are satisfied with the results. We regret that all of the original illustrations could not be used, but the manuscripts had apparently sustained some water damage many years ago and are barely legible on several pages. In these instances we have reconstructed the original drawings using a computer graphics program.

6In agreement with the owners, we were not permitted to retain photocopies of any document, once scanned and edited.
BOOK 1st

Copied from that of Ill’st Brother

Giles F. Yates, R & K—H, S.P.R.S. &

Sov. GA Ins. Genl of 33’rd. A.L. 5833
4th Degree of the First Series (1801) of the Southern Jurisdiction of the United States of America, at Charleston, South Carolina, called

**Secret Master**

his Lodge must be hung with black, and strewn with tears. The Master represents Solomon, and is styled Most Powerful; who comes to the Temple to replace the loss of Hiram Abiff by seven experts.

There is only one Warden, who is called Adoniram, it was he who had the inspection of the workmanship at Mount Lebanon. He was the Secret Master.\(^1\)

---

3. **Form of the Lodge.**

Solomon holds a sceptre in his hand, is dressed in mourning robes, lined with Ermine; and sits in the East before a triangular altar; or which is a Crown of Laurel and Olive leaves.

Adoniram, the Inspector, is placed in the West. No iron tools are used, because the work is suspended in consequence of the death of Hiram Abiff.

Order and Jewel. Solomon is decorated with a large blue, watered, ribbon from the right shoulder to the left hip, to which is suspended a triangle.

Adoniram is decorated with a broad white ribbon, bordered with black, round his neck in a triangular form, having an ivory Key hanging thereto, with the letter Z cut on it. All the Brethren should wear the same, with white.

Apron & Gloves. the strings of the Aprons, black, the flap blue with an Eye painted thereon in gold.

---

\(^1\) Brother Yates changes this to: "He was the first Secret Master."
The white signifies the innocence of the Master and his black the mourning for their Chief.

This Ledge should be illuminated by 81 candles, distributed by 9 times 9, but may be done by 9, 3 times 3.
§. To Open.

5. Brother Adoniram, are you a Secret Master?

A. Most Powerful I have passed from the square to the Compass; I have seen the Tomb of our respectable Master Hiram Abiff and have, in company with my Brethren, shed my tears thereon.

5. What's the Clock my Brother?

A. The dawn of the day has drove away darkness; and the Great Light begins to shine over this Lodge.

5. If the Great Light has drove away darkness, and we are all Secret Masters, it is time to begin our work, give notice that I am going to open this Lodge of Secret Masters.

The Inspector gives notice, after which the Most Powerful strikes 7 times with his hand, then the Inspector, and afterwards, all the brethren.

The Most Powerful then makes the Sign of Silence, with his right hand, which the brethren answer with their left.

He then says, "Illustrious Brethren, This Lodge is Open, as it is "devoted to God."

LET US PRAY

He then repeats the usual prayer.
5. Form of Reception.

The Blue Past Master or Candidate, must be examined in the ante-chamber (by the Master of Ceremonies) in his three first Degrees, and in the secrets of the Chair. The Master of Ceremonies having finished, he knocks 7 times on the door, when he is let in and gives an account of the examination to Adoniram, the Inspector, who reports it to the Most Powerful in the following words:

"Most Powerful, there is in the Antechamber a Past-Master who solicits the honor of being initiated into the mysteries of the Sublime Grand Lodge of Perfect Masons."

The Most Powerful desires the Candidate to be introduced in the ancient form. If the Inspector will answer for his capacity, zeal and constancy.

If the Inspector consents to do so, the Candidate is introduced having his head bound, as it blotted, its square upon his forehead and a Great Light in his hand, and conducted to Adoniram, to whom he must give an account of himself — Conducted by Adoniram, he advances, then, near the altar, falls on his right knee, and while in this position, the Most Powerful delivers the usual address, and concludes thus:

"My Dear Brother, you have seen until now, the thick veil, only, which covers the Sanctum Sanctorum your fidelity, zeal and constancy have gained you the favor which I now grant you. It is to show you the great treasure, and introduce you, in due time, into the holy and secret place. Come and contract your obligation."

Adoniram raises him and leads him to the foot of the altar, where he kneels and takes the obligation of a Blue Master with this addition—

"And I do furthermore promise and swear, that I will not reveal to any person below me this Degree; that I will be an exact observer of all such laws as
shall be prescribed to me, and will fulfill and obey all orders and decrees from
the Grand Council of princes of Jerusalem and the laws and regulations of this
Sublime Grand Lodge; under the penalty of all my former obligations—So help
me God, and keep me steadfast in the same. Amen.”

He kisses the Bible.

Adoniram now raises him, and the Most Powerful invests him with the ribbon,
key and apron; places on his head a crown (or wreath) of laurel and olive
leaves, and says to him,

“My Dear Brother, I receive you Secret Master; and give you rank among
the Levites. This Laurel, which I have invested you with, alludes to the victory
which you are to gain over your passions. The Olive is the symbol of that
peace and Union which should reign among us. It rests with you to desire the
fervor that God may, one day, enable you to arrive at the Secret place; and there
to contemplate the pillar of Beauty.

The Ivory Key, suspended by a white and black ribbon is the symbol of
your fidelity, innocence and discretion. The Apron and Gloves are
emblematical of the candor of all the Secret Masters; among whom, at your own
solicitation, you are introduced. My dear Brother, in quality of Secret Master, I
give you rank among the Levites, to be a faithful guardian of the Sanctorum
Sanctorum; and have placed you among the number 7 to supply the place of our
dear Master Hirum Abiff and have, also, appointed you one of the Conductors of
the works, which are to be raised to the Divinity. The eye on your apron is
to remind you to be ever vigilant and to watch, closely, the contact of the
workmen.”

The Master of Ceremonies then gives to the Candidate, the following Sign, Word and Token.
§. Sign, Token & Words.

Sign.—The Sign is that of Silence which is made by placing the two first fingers of the right hand upon the lips, which is answered by the two first fingers of the left hand.

The Pass Word.—is ZEZE, a Chaldean word, which signifies Gallery.

The Token.—first give the Masters gripes, and creep up, reciprocally, to the Elbows, then balance seven times and during balancing, cross your legs.

Secret Words.—The Words are

JOBA, י"ו
ADONAI, י"ה
JUA.

These are the first names which God gave himself when he manifested himself unto Moses on the mountain, of which you see the three initials traced on the plane of the triangle.

Go Brother, pass the Brethren, and listen to our doctrine.

§. Lecture.

5. Who made you?
A. Solomon, with Adoniram the Inspector of the works.
5. What did you perceive on entering the Sanctum Sanctorum?

5. Pray what is the meaning of those Hebraic Characters in the Delta?

A. They describe the ineffable and real name of the Grand Architect of the Universe, which was forbidden to be pronounced by a law of Moses, in consequence of which, we lost the true pronunciation.

5. It is true, my Brother, the just pronunciation of those characters was lost to all but Grand Elect Perfect and Sublime Masons, a knowledge, of which I hope, you will one acquire by virtue of your attachment to our Order, and your zeal in discharging the duties of your obligation—But pray can you tell me what those names are, the initials of which you saw in the nine beams of the Stockman?

A. Those which God gave himself when he spoke to Moses on Mount Sinai, intimating to him, at the same time, that his future issue should one day, know his real name.

    צָדָק (TZEDEK) Mightiness.
    חזק (ZOHAR) Strength.
    אֲדֹנָי (ADONAI) Only One.

which compose altogether 888 letters and 72 names, which are, like the Ineffable name, to be found in the mysteries of the Cabala, and the Angels Alphabet

5. I presume, my Brother, that you are unacquainted with these mysteries, but they will be fully explained to you in the Degree of Perfection and having now done with the Delta and its awful characters, can you tell me the meaning of the great circle which surrounded them?

8
A. It represents, Masonically, as all circles do, the immensity of the power and glory of God which hath neither beginning or end.
S. What else did you perceive in the Sanctum Sanctorum?
A. A luminous circle enclosing a brilliant star of five points with the letter G in its center.
S. What is the meaning of that Letter?
A. GLORY, GRANDEUR and GOMEL.
S. What do you understand by those words?

S. Had the cover of the ark a name?

A. It had; it was called propitiatory, or place that served to appease God's anger.

S. What did it contain?

A. The testimony which God gave to Moses, the tables of the laws. 3

S. What did these tables contain and of what were they made?

A. Of white marble, and contained the decalogue written in Hebrew characters.

S. What did these commandments teach and how were they disposed of on the tables?

A. The four first pointed out the obligations of Man to his God and were engraved on the first table, the remaining six pointed out the obligations of man to man and were engraved on the 2nd table.

S. How were the commandments of the different tables distinguished?

A. Those of the first, collectively taken, were termed the divine law, those of the second the Moral Law.

A. Moses, by the command of God, for that purpose, made choice of BEZALEEL, of the tribe of Judah, son of Uri and Miriam, sister to Moses; and of AROZIAB, son of AHSAMACH of the tribe of Dan, the most learned of the people.6 The Israelites testified so much zeal for the works, and with so much zeal to carry on the same, that Moses proclaimed, by sound of trumpet, that he wanted no more.7 They worked after the model which God had given to Moses who also instructed him, in the number and form, of the sacred vessels, which were to be made and placed in the Tabernacle to serve in the sacrifices.
S. To what do the 7 lamps, on the branches of the golden candlesticks, allude?
A. To the seven planets.
S. Of how many parts was it composed?
A. Of Seventy.
S. For what reason?
A. In allusion to the decade, or seventy divisions of the planets.

A. The four Elements?

S. How old are you?

A. Three times 27 accomplished 81.

S. What is the Pass Word?

A. Zzzo, or Gallery.

S. Thank you, my Brother, it has afforded me much satisfaction to find by the correctness of your answers, that you have attended to the duties of your Lodge, and have treasured up in your mind the rich fruits of our sublime mysteries. I flatter myself, from your merit and perseverance, that you will soon be capacious to deserve the summit of our knowledge, in receiving the Degree of Perfection, wherein you will be presented with the splendid reward of all your labors.
§. To Close.

S. Brother Inspector, what's the clock?
A. The end of day.
S. What doth there remain to do?
A. To practice Virtue, shun vice, and remain in Silence.

The Most Powerful says—"Since there remains no more to do than to practice virtue and shun vice, let us again enter into silence, that the will of God may be done and accomplished. It is time to rest, Brother Inspector give notice by the mysterious number, that the Lodge is going to be closed."

The Inspector strikes 7 times with his gavel, which is answered by all the Brethren, and then by the Most Powerful, after which, he gives the Sign of Silence, which they answer, and the Lodge is closed.
5th Degree of the First Series of the Southern Jurisdiction of the United States of America, called

Perfect Master

The Lodge must be hung with Green. Four white columns on each side, placed at equal distances. Before the canopy a table covered with black, shrouded with tans. Illuminated by 16 Lights. Four in each Cardinal point.

On the floor must be placed the following painting.8

8. Form of the Lodge.

He must be decorated with the ornaments of a Prince of Jerusalem. He sits, in the seat of Solomon, under the canopy in the East.

There is but one wander, who represents Solomon in the function of Inspector. He sits in the West, decorated with the ornaments of his highest Degrees.

The Master of the Ceremonies, represents ZETHAR, the Captain of the Guards; he must be decorated with the ornaments of Perfect Master, and have a drawn sword in his hand.

8No painting appears in the original.
Jewel—A compass extended to 60 Degrees suspended by a green ribbon round the neck.
5. To Open the Lodge.
   A. Brother Inspector, is the Lodge titled, and are we all Perfect Masters?
   S. Right Worshipful, we are well titled, and are all Perfect Masters.
   A. Give notice I am going to open a Lodge of Perfect Master.
   S. Brethren, take notice that the Right Worshipful Master is going to open a Lodge of Perfect Master.
   
   The R.W.M. then strikes Brewis with an iron
   The Inspector
   The Secretary
   The Treasurer
   The Brethren then make the Sign of Admiration together.
   A. Brother Stoker, pray what's the Clock?
   S. Right Worshipful, it is four.
   A. Since it is four, it is high time to set the workmen to labor, give notice that the Lodge of Perfect Master is open.

   The Inspector repeats the same and the Lodge is OPEN
5. Form of Reception.

The Candidate must be introduced in the Ante-chamber with the Order of Secret Master. The Master of Ceremonies enters the Lodge and strikes 4 on the inspector's shoulder, and says—

"There is in the Ante-chamber a Secret Master who solicits the honor of being received and admitted a Perfect Master."

The inspector reports the same to the Right Worshipful Adoniram, who says—

A. Is he well qualified and worthy of receiving that distinguished favor? Will you answer for his zeal, fervor and constancy?

S. I answer for him.

A. Let him be introduced agreeably to ancient form.

The inspector orders the Master of Ceremonies to instruct the Candidate, who goes to him, examines him in his former Degree, and takes from him all offensive arms, puts round his neck a green silk cord, which he holds in his left hand, and a raised sword in his right, and conducts him to the door, on which he knaps 4 times, which is repeated by the inspector within, who informs the Right Worshipful Master that somebody knocks.

The Right Worshipful orders him to see who it is.

The inspector orders the Captain of the Guard to open the door half way, that he may see who knocks. After the Captain of the Guard has asked, he reports it to the inspector and shuts the door.

The inspector reports it to the Right Worshipful who orders the Candidate to be introduced.

The Candidate is introduced to the South side of the tomb, which is placed on the floor of the Lodge.

on him, he demands:

The Inspector leads him, by the silk string, from the South, and carries him

orders him to kneel, after which he passes through the towel, on each side of the
column Solari, and the Candidate receiving the Sign of Sublime Master on him. He
is then placed opposite to the altar with his right knee a little bent. Having waited
a little in this position, he is ordered to kneel and place his right hand on the Holy
Bible, and take the following:

I --- do most solemnly and sincerely swear and promise on the Holy
Bible, in the presence of the Grand Architect of the Universe, and this
Illustrious Lodge, erected and dedicated to his most Holy Name, that I never

not belong, the secrets of this Degree, under any pretense whatsoever, and not
to converse, on this subject, with any but true Brothers who have been lawfully
received, that I will pay due obedience to all the commands and decrees of the
Grand Council of Princes of Jerusalem, under the penalty of being, for ever,
dishonored among men, and to suffer all the penalties of my former obligations.

He kisses the Bible.
The Right Worshipful Adoniram then takes the string from around his neck and says,

A. My Dear Brother, I draw you from your vicious life, and by the power which I have received from the most powerful King of Kings, I raise you to the Degree of Perfect Master, on condition that you faithfully observe, what shall be presented to you by our Laws.

§. History.

Mishabon, one of Solomon's Intendants was highly esteemed by him, he was an upright, virtuous man, and a great friend of our deceased Master Hiram Abiff. This man, King Solomon employed, with others, to search for the body of his friend, who was supposed to have been murdered, from the blood which was seen in the Temple. He was also desired to discover the assassins, and the Master Jewel which Hiram Abiff used to wear.

The blood was traced to a well on the North side of the Temple, which induced Mishabon to believe that the body had been thrown into it.

The immediately discharged the water from the well and he descended, but found not the body as he expected. However, they were richly rewarded for their labor by finding the Master's Jewel, which in all probability, when Hiram Abiff was attacked by the assassins, he tore from his neck and threw there, to prevent it from falling into their hands. Mishabon, with his companions, offered a prayer of thanksgiving to the Almighty, for the discovery of this treasure. They then went in search of the body, which was at length discovered by Sookin, by means of a sprig of Acacia, as is mentioned in the symbolic Degrees.

When the body was brought to the temple, Solomon was highly gratified to be able to pay to the memory of that great Man, those high Masonic honors, which his talents and virtue so justly entitled him to. He accordingly gave orders to the Noble Architect, his Grand Inspector, to make the funeral as magnificent as possible. He also gave orders that the blood which was spilled in the Temple should not be effaced, until revenge should be obtained.

The Noble Architect, Grand Master Architect and Chief of the Works, immediately gave the plan for a superb monument, which was to be raised to his memory, and which, was to be composed of black Marble. Through the exertions of the workmen, the monument was finished in nine days. On the top thereof, was a triangular stone, on which was engraved M.B. in Hebrew characters, and a sprig of Acacia ornamented the top.
It was erected in the middle of a great hall, in an apartment, separate from the Temple, where Solomon kept his chapels, and conferred with Hiram, King of Tyre, and Hiram Abiff on the sacred mysteries. The body of our respectable Master was interred under this monument, with the highest Masonic honors, attended by all the Brethren in white aprons and gloves. His heart was enclosed in an Urn placed through with a sword, which was placed on the top of a superb obelisk, erected near the West part of the Temple, a little to the North side.

The Jewel of Hiram Abiff was carefully deposed among the treasures of the Temple.

Three days after the ceremony, Solomon, with his whole court, went to the Temple, where the workmen were arranged in the same order, as they were at the funeral. He examined the tomb, obelisk, the triangular stone with the letters which were engraved on it, when he raised his eyes and hands towards heaven and offered up a prayer to the Lord of Hosts, and said with joy in his heart, it is complete, and by a Sign of Admission the Brethren raised their eyes and hands towards heaven, leaned their heads on their right shoulders, and then crossed their hands over their bellies, and

LODGE IS CLOSED
there are only two Wardens in this Lodge at a reception, who represent, Solomon, King of Israel, and Hiram, King of Tyre. They are covered with blue cloaks tied with Ermine, with crowns on their heads and scepters in their hands, a roll of Parchment, and two naked swords, crossed, on the Table.

The place where the Lodge is kept, represents the Hall of Audience of Masons, furnished with black hangings, strewed with roses, and should be enlightened by 27 Lights in 3 candlesticks of 9 each, arranged in the same order, as in the Symbolic Lodge.

This Lodge is opened and closed, by 27 Knocks, 9 at a time, with a little interval between the 9th and 10th.

§. To Open.

Solomon knocks 27 which is answered by Hiram, when all the Brethren in the Lodge bend their right knees, with their hands crossed in such manner, that the 2 thumbs touch the forehead, while they all repeat in a low voice JOVA, JOVA, JOVA, then rise and draw their swords.

Solomon appoints a Captain and Lieutenant of the Guards, and the rest of the Brethren go by the name of the Guards. Solomon charges them to behave themselves well and with decency, to take particular care of the security of the Lodge and keep off all Brethren, or others, that would come near. The Guards then withdraw into the Anti-chamber.
The Guards and Brethren of the Lodge are looked upon as Perfect Masters and should wear Aprons lined and bordered with a fiery colored ribbon, and a triangle painted on the flap.

Jewel—A Triple triangle hanging on the breast, by a fiery red ribbon, round the neck, the gages bordered with red.

After the Guards withdraw, there remain only Solomon of Israel and Hiram of Tyre.
4. Form of Reception.

The Candidate being in the Anti-Chamber the captain of the Guards, takes from him his hat, sword, Atron and gloves, and the string of Perfect Master, and all offensive weapons. He then places him at the door of the Lodge, which is purposely left a little open. The Candidate places his hands across the door and peeps and listens to what passes within, so that Hiram may perceive him, when the Guards make a little noise at the door, which obliges the King of Tyre to turn his head that way. When he perceives the Guard, he raises his eyes towards heaven and exclaims—“Heavens, there’s a listener.”

Solomon says—“That cannot be since the Guards are on the outside.”

On which Hiram runs without speaking, and runs to the door, seizes the curious Brother by the hand and drags him into the Lodge and says to Solomon—“Here he is.”

Solomon says—“What shall we do with him?”

Hiram answers putting his hand to his sword—“We must kill him”—on which Solomon quits his place, and puts his hand on the guard of Hiram’s sword and says—“Stop my Brother,” then gives a loud knock on the table, on which the Captain of the Guards, with 5 or 6 more, enter, and salute the Kings respectfully.

Solomon then says to them—Let that guilty man come forth when wanting you shall answer for him.

When the guards have departed with their prisoner, Solomon and Hiram remain by themselves some time, speaking very low. Solomon strikes a loud bow on the table on which the guards enter, conducting the Candidate in the midst of them and by a Sign given by Solomon to the guard, they advance him to the
tool of the Throne and when the brethren are seated, Solomon addresses the
Candidate as follows—

I have interceded, by my interludes with the King of Tyre, my Ally, whom
your curiosity had offended, for which he had pronounced sentence of death on
you. I have not only obtained you pardon, but also his consent, to receive you
as an Intimate Secretary to our new Alliance. Do you find yourself capable of
keeping inviolably secret, the matter which we are willing to discover to you,
and are you willing to take an obligation in the most solemn and sacred manner?

The Candidate answers—I consent.

He then kneels and takes the following

§. Obligation.

I solemnly and sincerely promise and swear, in the presence
of the Grand Architect of the Universe, and this right worshipful assembly,
ever to reveal, either directly or indirectly, to any person under the canopy of
Heaven, any matter or thing, which has been, is now, or shall be hereafter be

Council of the Principes of Jerusalem, under no lesser penalty, than to have my
body dissected, my heart cut into pieces, and the whole to be thrown to the wild
beasts of the Forest, so help me God, and preserve the stedfastly in the same.

Solomon then shows him the draft and explains it as follows [Engl.].—The
window in the cloud, represents the vault, is the temple, and in the glazing
thems, there is an L, which is the initial of the name of the Grand Architect of
the Universe. The edifice at the end, represents the Palace of Solomon, and the
door of the great gate by which they enter. The tears and Mausoleum refer to
the chamber of audience of Masons in the palace, lined with black cloth, where
Solomon used to retire and grieve, for the loss of Hirim Abiff and where
Hiram, King of, found Solomon when he came to visit him.

The letter A in the Mausoleum signifies Alliance. The P at the right of
the mausoleum, is PROMISE and the P on the left signifies PERFECTION.

My dear Brother, I receive you as Intimate Secretary, promise me to be
faithful and diligent in the discharge of the duties of your new office as was that
great man whose place you now supply.

The color of the ribbon, with which you are invested, should bring to your
remembrance, the blows which the cruel assassin gave him, and his blood, of
which he rather chose to spill the last drop, than reveal the mysteries of
Masonry. We hope, my dear Brother, your fidelity will be steady and equal to
every proof, and this sword, with which I now arm you, will defend you
against those, who may dare to surprise you, in what we are going to entrust
you with.

§ The History

Solomon, in consequence of the Treaty which his ambassador made with the King of, was obliged to give him in return for the materials which had been taken from Mount Lebanon, and the Quarry of (besides the measure of oil, honey and wheat, with which he had already furnished him) a province of 20 cities in Galilee, which was to be given to Hiram of, when the Temple was completely finished. Solomon, having neglected this for a year, King Hiram visited the Cities, and finding the lands barren, the people rude and uncivilized, and their morals bad, he was convinced they would be more expense than profit to him, he therefore determined to go in person to Solomon and complain of his breach of the promise and agreement which he had made. Being arrived at Jerusalem, he passed through the Guards who were in the court, and proceeded directly to the king’s Apartment, where he found Solomon, giving himself up to grief for the loss of Hiram Abiff.

King Hiram went in, in so hasty a manner, that one of Solomon’s favorites named Josheb, who perceived it, fearing he had gone on with an intention of executing some evil design against Solomon, followed him to the door and listened. Hiram perceiving it, exclaimed, Oh Heavens they hear us! and ran immediately to the door and dragged him into the chamber and said, here he is. Solomon seeing him, could not doubt and said, what shall we do with him? to which Hiram replied, we must kill him, and seized his sword for that purpose, when Solomon ran from his throne and said, stop your hand my Brother. He then gave a loud knock on the table, at which the guards entered, to whom he said, seize this guilty man, withdraw with him, you will answer for his appearance. When Solomon was alone with Hiram he said, Sir, Josheb is the greatest favorite I have, and of all the Lords in my Court, he is the most attached to me. I am well convinced of his design and what he has done, was to preserve me from your displeasure. The alteration he saw in your face, when you passed through the Court, induced him to listen. I pray you to revoke your sentence, and I will answer for his zeal and discretion. The King of, perceiving
by the intercession which Solomon made for his favorite, how dear he was to
him, freely gave his consent to every thing which Solomon desired. Before
they separated, they signed a treaty, renewing their former alliance, with
engagements, that they were allied for Offensive and Defensive operations.
This treaty was kept unalterable, with other matters, to which was the Intimate
Secretary.

It is this, my Dear Brother, which was represented to you, in your reception

When Joabert was admitted into that sacred place, he was astounded with the greatest admiration, and falling upon his knees he pronounced CIVIL, Solomon seeing him prostrate, said to him COM, and gave him a balance as a badge of office, and his knowledge was greatly augmented thereby.

§. To Open.

A. Thrice Puissant, we are well tyled.
Q. What's the clock?
A. The break of day.

The Thrice Puissant then knocks 5 times with his scepter on the altar, which is answered by Tito and Adoniram.

The Master then says:
"Since it is break of day my dear Brethren, it is time to begin our work.

The Lodge is open."

The Brethren then knock 5 times together and make the signs of surprise and admiration.

1st Sign.—That of surprise is, The right hand to the forehead, extended from the thumb, as if to prevent a glaring Light.

2nd Sign.—That of Admiration is, to extend both arms and hands, looking up, the head reclining on the right shoulder.
§ Reception.

The Thrice Piously speaks to Brother Tho, and says—"Brother Tho, shall we repair the misfortune of the loss of our dear chief Hiram Abiff, you know he had in charge the ornaments of the secret chamber, which contained the Holy Ark, to assure the freemasons, of the presence and protection of the Most High God. He is now taken away from us, by a most horrible crime, and we are by this means, deprived of this Respectable Chief. Can you, my Illustrious Brother, give me any advice on this great and importunate question?"

Tho answers—"I feel conscious. Most Illustrious sir, of the extreme difficulty we shall find, in repairing the loss which we have sustained, by the death of our Grand Master Architect, and the best advice which I can give is, to create one Chief, from each of the Orders of Architecture, to recruit all our capacities, and endeavor to finish the work of the Secret Chamber in the third story."

The Master then says—"Your counsel, my Brother, is too good not to be observed, and to prove that I am willing to follow it, I will establish Brother Tho, Brother Adamaim and Brother Abia, Inspectors and Conductors of this work, and see, if in the Middle chamber, you can find 5 Chiefs of the 5 Orders of Architecture, excellent Brother Adamaim, go into the Middle Chamber."

Adamaim the Conductor goes into the Middle Chamber, where he finds Joseph, and says to him—"Brother, are there any Chiefs of the 5 Orders of Architecture?"

Joseph answers—"I regard it, as the greatest happiness and advantage of my life, cheerfully to comply with every Order and duty, which the Thrice Piously may require of me, in raising the Edifice to his honor and glory."
Then Adoniram demands the Signs, Tokens and Words of the three first Degrees, which are given. After which the introducer knocks 3, 5 and 7 on the door. They demand from within,  What he wants?  Who replies—"There is one who is to be employed in the works of the middle Chamber," when the door is opened.

Then the Conductor greets him by the Master's grip and introduces him before the altar, and lays him down. Tito stands behind him, and gives him a branch of boxwood in his right hand, and in this position he takes the following

§. Obligation.

I — do most solemnly and sincerely promise and swear in the presence of the Grand Architect of the Universe, and before the Thrice Illustrious Brothers here present, to keep eternally secret, all the mysteries of this Degree, that are at this time, or at any time hereafter, may be revealed to me, and that I will pay due deference and submission to all the Laws, Rules and regulations of this Lodge, that I will pay due obedience to all the orders and decrees of the Grand Council of Princes of Jerusalem, under all the penalties of my former obligations, with this addition, to have my body severed in two, and my bowels torn from thence. So God maintain me in Equity and Justice. Amen.

He kisses the Bible.

The master the Candidate finishes the obligation, Brother Tito covers his body with a red veil, and raises him by the Majestick gripe, with the left hand to the Elbow, he raises him and places him on a stool. When the Thrice Potent speaks to him as follows—

My Dear Worshipful Brother, Solomon being desirous of carrying on the work, which was already begun, to the highest Degree of perfection, he was obliged to employ the 3 Chiefs of the 5 orders of Architecture and gave the
command of them to Tiko. Adoniram and Abia his father, as Solomon was convinced of their Capacities in perfecting such a magnificent and glorious work— We flatter ourselves, my dear Brother, that you will contribute all in your power to the same end, and the situation of death in which you have been represented, points out to you, that you can replace our respectable Himn Abiff in his work, only by the same flattery in despairing and suffering death, rather than deliver up the mysteries of our order. We flatter ourselves it will be the same with you. I am going to relieve you in the same manner, as he was raised under the spring of Acasta. On which he is raised properly.

8. Signs, Token & Words.

Then the Thrice Excellent Brother Tiko gave him the following Signs, Token and words—

1st Sign.—The first Sign is that of surprise, put the thumbs of both hands to the Temples, the fingers extended, forming a square, going 2 steps backwards and then 2 steps forwards, then bring the hands over the eyebrows and say BECHORIN, which signifies a Free Mason.—

2nd Sign.—The second Sign is, interposing the fingers of both hands, the palms turned downwards, as low as the waist, looking up to heaven, saying ACRAD, signifying us only God.

3rd Sign.—The third Sign is of grief, figurative of the Fellow-Crafts Sign, with the left hand on the hip, and balancing with the knees 3 times. One says KIM, the other answers JEA, which is “Raise in the name of God.”

The Token.—The token is, to clap each others heart with the right hand, after which, pass each others right hand to the middle of each others arm, and with the left hand, take hold of the Elbow, pass it 3 times, the one says SHEKINAH, that is the Glory of God; and the other answers JUEDA, signifying THE GLORY OF GOD IS IN JUEDEA.

The Triangle Pulls out knocks 8 quick and 1 slow, which is repeated by Stokin. Then by all the Brethren with their hands.

3. Reception.

There must be a small place very dark, the representation of a Cavern, in which must be a Lamp, a fountain of running water, a little table, on which must be a potion, and a wooden throne, with hair upon it. A large stone to sit on by the table, and under the Lamp must be written in large letters VENGEANCE.

The Candidate, who represents Jowart, must be in another room, not close to the cavern, where he was till sent for.

N.B.—This Chapter must be hung in Black, and all the Brethren must be in black, their hats flapped, and sitting with their right leg over their left knee. Their Aprons bordered with black, a broad black order from the left shoulder to the right hip, a potion hanging thence, nine pink roses on the Order, 4 on each side, and one at the bottom.

The Master of Ceremonies goes out to the Candidate and knocks 9 times. When the Thrice powerful gives orders to let him in. All the Brethren in their proper attitudes.

On his entering with the Candidate behind Stokin the Master demands:
Q. What do you want?
A. To be admitted a Knight Elected.
Q. Have you courage enough to revenge the death of your Master?
A. I have.

If you have, I will acquaint you with the place where one of the murderers is hid, which I learned of a stranger, and if you have resolution enough as you say, to revenge the death of your Master, follow the stranger.

On which his eyes are bound, he is carried to the Cavern and placed on the Stone near the head of the Throner.
The Master of Ceremonies tells him—After I am gone, you may take off the bandage from your eyes, don't be afraid but take courage, I will not be absent from you long, but will return and succor you, you must drink some of the water which you will find in a cup near you.

A.B. A little Siphon must be put into the water to make it taste sour.
He is left alone and the door shut upon him for 2 or 3 minutes, after which the Master of Ceremonies goes to him, and desires him to take the head in his left hand and the pontifical in his right, and leads him to the door of the Chapter, on which he knocks 8 and 1, very hard with his foot.

When the Master of Ceremonies (who has given him this lesson and is come into the Chapter) opens the door and demands
Q. What do you want?
A. An Intendant of the Building demands to enter the Chapter.
Q. Have you finished your time, and satisfied your Master?
A. I have rendered an honor and service to the Craft, by an action, which I have done, and which, makes me deserving of the Degree I now desire.

Stokin makes the report to the Thrice Powerful, who orders the Candidate to be introduced, who is directed to take 8 steps quick and one slow (shading the head in his left hand and with his right, the pontifical as if ready to strike) which brings him to the altar, where he falls upon his knees.

The Thrice Powerful seeing him in this situation, says—Oh! dismal, what have you done? Do you know that you have deprived me of the opportunity of punishing the Villain myself! Therefore, Stokin, put him to death immediately.

On which all the Brethren fell on their knees, who with Stokin, assure the Thrice Powerful, that he did it through zeal and not with an intention of wounding, the power out of his hands.
The Triple Powerful then orders Stokin to stop, and tells Joaburt, he forgives him this second time, but to take care for the third.

After which Stokin takes the head from him and lays it at the foot of the pop, and the penion on the top.

The Candidate remains on his knees and takes the following

§. Obligation.

(Nota—While he is taking the obligation, all the Brethren stand ready to plunge their swords into him.)

I do most solemnly and sincerely swear, in the presence of the Grand Architect of the Universe, and this Illustrious Chapter, never to reveal either directly or indirectly, the secrets of Knights Elected, to any person on earth, but to a true and lawful Brother, known to be such, on the penalty of this, and my former obligations. And I furthermore do promise and swear, to revenge the most execrable murder, which has been committed, and to follow with vengeance all Villains, who shall betray or discover the secrets of this Degree. And to help protect the Order with all my might, and my Brethren with all my credit and power when occasion shall require it that I will observe and obey all lawful commands, sent me from the Grand Council of Princes of Jerusalem, duly and lawfully established. And if I fail in this, my obligation, I consent to be stuck with the terrible vindictive hand of vengeance, which is now presented to me. (Here the Brethren make a firm thrust at the Candidate’s body) my head severed from my body and stuck on the highest pinnacle of the World, as a toke of my Villainy, so God maintain me, and recompense me for my zeal, fervor and constancy. Amen—Amen—Amen.

He kisses the Bible.

Then the Most Powerful raises him and the Grand Orator delivers the following
§. History.

Sometime after the death of Hiram Abiff (whose murderers, Solomon was unable to discover) there was an assembly of a great number of Masters, who sat in consultation, on the means of discovering the Assassins of Hiram Abiff whose loss is the constant object of grief, of all the Knights and princes of Masons. The Captain of the Guards interrupted their deliberations by announcing that there was a stranger who demanded to speak with the King in private, and who declared that he knew where the traitor JASURIM AKIBOR, one of the Assassins, had sequestered himself, and offered to conduct those whom the King would appoint to go with him. On which all the Brethren desired permission to take ample vengeance for the death of the beloved Chief.

Solomon put a stop to their zeal by saying, there should be only 9 to undertake the task, and their names to be wrote and put in an urn, and the first nine that should be drawn from thee, should be the persons elected to proceed in company with the stranger, to seize the Traitor, and when taken, to bring him to his presence, in order to make a memorable example of him. In short, Joabert and Stokin with seven others, departed at night full with the stranger, and traveled through many difficult and dangerous roads, when the stranger acquainted Joabert that the Cavern which held this detestable wretch was situated by the sea side, on the coast of Joppa, on which Joabert increased his pace with the noon ascent zeal and being before his companions, he entered the cavern alone, and by light of a Lamp, discovered the Traitor a sleep, with a picard at his feet, which Joabert immediately seized, and stabbed the Traitor with on the head and the heart, who had only time to pronounce NECUM or NECAT, signifying VENGEANCE IS DONE, when he died.

Immediately after Joabert had done this, he perceived a spring of which he drank, and being fatigued, he slept until the other Brethren came and awoke him, and when they perceived the head of the Traitor doused with blood they all exclaimed NECUM, Vengeance is done.

When Joabert acquainted them with what had happened, they all envied him the Glory, of having alone, revenged the death of their venerable Chief Hiram.
Alighting and having refreshed themselves at the fountain Joabert cut off the head, and divided the body into four parts, which were burnt and the ashes thrown into the sea.

After this, Joabert took the hand in his left hand and the poniard in his right, and exclaimed VENGEANCE.

They proceeded to Jerusalem where they arrived at day break, and when Solomon saw Joabert, with the head of the Traitor in his hands, he was exceeding wrathful, that he should be deprived of inflicting an exemplary punishment himself, and that the power of setting, should be thus taken from him, immediately gave orders to Stockin to put him to death for his presumption; but the brethren being convinced that it was the zeal of Joabert and not an intention of offending, fell on their knees, and begged his life, which at their intercession was granted him a second time.

Solomon ordered the head of the Traitor to be fixed on the East pinnacle, until the other two accomplices should be found. Solomon honored with his most intimate confidence, and gave him, with the right other brethren, the title of Elected Knights, and also gave them the following signs, tokens and words.

§. Signs, Token & Words.

Sign—The Sign is double, first, one raises the poniard and strikes the other on the forehead and then on the heart, when the other answers, by chipping his hand first on his forehead and then on his heart.

Token—The Token is, you take the thumb of a Brother's right hand, in the bottom of your right hand, clinch all your fingers, and put your thumb up, which signifies the 9 Elected—eight close together and one by himself.

Pass Words—The pass words are—One says necum, the other answers. Then the first says abiram (Traitor) the other answers agrop (Assassin).

Grand Word—The Grand Word is borgulpox, signifying by him or through him is discovered everything, in allusion to, who first discovered the Assassin Abiram.
§ Lecture.

Q. Are you an Elected Knight?
A. One cavern I know, and have entered it.
Q. What have you seen in that Cavern?
A. A Light, a spring, a paniard, and the traitor Akirop.
Q. Of what use were they to you?
A. The Light to enlighten me, the paniard to revenge the death of our respectable Master and the spring to refresh me.
Q. Where was you received an Elected Knight?
A. In Solomon’s Audience Chamber.
Q. How many independents were chosen to be elected Knights?
A. Nine, including myself.
Q. From what number were the nine elected?
A. The number, exclusive of those, were ninety.
Q. What was your reason and intention in being received?
A. To revenge the death of Hiram Abiff and exterminate the traitor and assassin, Jubulum Akirop.
Q. Where did you find the Assassin?
A. In the bottom of a cavern, situated near a burning bush, or rainbow, on a cliff near the sea, on the Coast of Ioppa.
Q. Who conducted you there?
A. A Stranger.
Q. Where did you travel to come at the cavern?
A. A dark and intricate road.
Q. What did you do when you came to the Cavern?
A. I seized a paniard which I found at the entrance, and struck so violent a blow on the head and heart of the traitor, Jubulum Akirop, that he expired immediately.
Q. Did he say anything before he died?
A. He said one word.
Q. What was that word?

64
Q. What signifies those letters?
A. NECUM—Vengeance.

Q. In what manner was your election consummated?
A. By Vengeance, Disobedience, Mercy, and Eight by one.

Q. Explain this.
A. By Vengeance, I destroyed the Villain; by Disobedience, in neglecting the King's orders; by Mercy, in obtaining pardon, through the solicitations of my Brethren, and § and 1, because the number of the Elected were nine.

Q. What did you do after killing the Traitor?
A. I cut off his head, and refreshed myself at the spring that was at the bottom of the cavern, and being much fatigued, I fell asleep, until my fellow Travelers arrived and awoke me, who, on seeing the bloody head of the traitor, exclaimed, VENGEANCE.

Q. How did Solomon receive you after presenting him with the head of the traitor?
A. With marked indignation, because he had reserved to himself the punishment of the Villain for an example but he forgave me in consequence of my zeal.

Q. What signifies the mourning Chamber into which you were conducted before your admission?
A. The Cavern of the Traitor.

Q. What was the reason of your being left and blindfolded?
A. To put me in mind of the sleep of the traitor, and to intimate how often we think ourselves secure, after committing a crime, when we are most in danger.

Q. Why do the Brethren, in this Chapter lean their heads on their right shoulders, and sit with their legs crossed?
A. Darkness obliged them to put their hands before their heads to prevent being hurt, for the same reason of the difficulty of the roads obliging them to
cross their legs one over the other, is the reason why the Exalted Knights in a Chapter, have their legs crossed.

Q. What does the Dog on the road, represent, which you see in the draft?
A. The Stranger who conducted the Elected.

Q. What does the naked arm with a poniard represent?
A. That vengeance is always ready to strike the guilty.

Q. What signifies the black ribbon with a poniard suspended therefrom, which you wear?
A. To express our grief for the irreparable loss which we have sustained by the death of our dear master Hiram Abiff who was horribly murdered by some of the Craft.

FINIS
10th Degree of the First Series (1881) of the Southern Jurisdiction of the United States of America, called

Mysterious Elected of 15

This Chapter must be hung in Black, with red and white Tiaras. In the East is a Skeleton, representing JUBELLA ARMOR, by some called ABRAM, and by others HOBEN. In the West is a Skeleton representing JUBELLA GRAVELOT, of whose blood the Jews have sucked. Each of them are armed with the fool, with which they assassinated Hiram Abiff and stand as if ready to sinew with them.

This Chapter represents Solomon's Apartment. There are two Wardens, the first of whom is called Inspector. All the Brethren must wear Black clothes and a sword.

5. To Open.

The Most Illustrious Master strikes 5, when 5 Candles are lighted and placed at his next side. Then the Inspector strikes 15, when 5 more candles are lighted and placed before him. Then the Junee Warden strikes 5 and 5 other candles are lighted, and placed before him.

Then the Most Illustrious says, Brother Inspector what is the clock?

A. Most Illustrious Master, 6 is five.

Then the Most Illustrious Master says, If it is 5, it is time my dear Brethren to begin the work. Give notice that the Chapter of Masters Elected of 15 is Open.

The Inspector repeats the same and the Chapter is open.
§. Form of Reception.

There can be no more than 15 Masters Elected in a Chapter, when a reception is made. If there are more than 15 present, the Eldest is to the number of 15 comes, and the others withdraw into the Anti-Chamber.

The Junior Wardens conduct the Candidate, from the Antichamber to the door of the Chapter, and knocks 3 times 5. When the inspector orders a Brother to go and see, the cause of the knocking—he opens the door a little, and asks, "Who is there?" the brother on the outside answers, a Brother Elected of 9, who wants to know the other two Assistants of our respectable Master His Most Noble and to arrive at the Degree of Most Illustrious Elected of 15. The door is then shut, and he reports the same to the inspector, who acquaints the Most Illustrious of it. Who orders the Candidate to be admitted. When he enters, the Senior Wardens make him take 15 steps in a triangular manner, and advance to the altar. He must have a bloody head in each hand, the Brethren standing with their swords ready to strike. The sound about a minute, when they drop their swords, embrace their hands on their foreheads, with the points upwards; and in this posture beg pardon for the Candidate.

Then the Most Illustrious says:

Q. Why do you beg pardon for him?

A. Because he is not guilty.

Q. If he is not guilty, why seek forgiveness, how comes this?

A. The grace we ask for him is to admit him into the Degree of Master Elected of 15.

Q. Is he qualified for that sublime Degree?

A. All the Brethren answer yes.

Then the Most Illustrious says, if so, let him kneel—and then addresses him as follows—

The Grand Masters being present, beg me to admit you to the Degree of Master Elected of 15, in order that you may enjoy the same advantages with.
themselves. Do you feel yourself able to keep this Degree secret and
conformable there to take a solemn obligation?

The Candidate answers, Yes—when the Wardens divest him of the head,
and placing both his hands on the Bible he takes the following.

§. Obligation.

I do most solemnly and sincerely swear and promise, on the Holy
Bible never to reveal, either directly or indirectly, the secrets of this Degree, nor
receive any person into it, without full permission, first had and obtained, for
that purpose, from my superiors. Nor to insist at any such reception, unless in
a regular Chapter of this Degree, and in failure of this my obligation, I consent
to have my body opened perpendicularly, and be exposed for 8 hours in the
open air, that the Venomous Flies, may feed on my entrails, my head to be cut
off, and stuck on the highest pinnacle of the World, and always inflict the same
punishment in those, who should disclose this Degree, and break their
obligation. So God maintain me. Amen.

He kisses the book.

§. Sign, Token & Word.

Sign.—The Sign is double; one takes the point and touches his chile with
his fingers, and draws it downwards, as if he would cut open his belly. The
other answers with the Sign of an Entered Apprentice, with his fingers
clenched.

Token.—Put your hand with the finger clenched to each other's body, the
thumb upwards, as if you would cut each other's body open.

Word.—One says ZERRAL, and the other answers ELGHIM.

The last is the name of the Captain of the guard, who apprehended the 2
Assassins of the Quary, and the last signifies Supreme Judge.
§. History.

My Dear Brother, you have heard in the Degree of Electorate of S, which you have already received, that Jubaddum Akrop, one of the Assassins, was killed in the Cave near Joppa. That Skeleton which you see in the East, was him— You see him armed with a setting maus, with which tool, he destroyed the life of Hiram Abiff— Solomon had his head entombed, that it might keep and be exposed, until the other two assassins were discovered.

Six months after the Akrop was killed, Bangekee, one of Solomon's Intendants made inquiry in the Country of Gath, which was treacherous to Solomon, whether any persons had lately taken refuge there, for Crimes which they had committed in Jerusalem, and caused a description of their persons to be published. Soon after this, Solomon was informed, that two person, had lately retired there, and supposing themselves protected they had proceeded to work. He immediately wrote to MAACIBAH, King of Gath, to deliver these two Villains to the people he should send, that they might receive at Jerusalem, the punishment due to their crimes. In consequence of which, Solomon elected 15 of the most worthy Brethren and zealous Masters, in which number were included those who went to the cave of Akrop. They began their march on the 15th of the month SIVAN, which answers to the month of June, and arrived on the 20th of the same month in the country of Gath, when they delivered Solomon's letter to Maacibah, who trembled at the news, and ordered immediately, as strict search to be made for the two Ruffians, and when found, to be delivered to the Israelites, at the same time declaring that he should be happy in having his country rid of such monsters.

They made a strict search for five days, when ZEREPH, and were the first who discovered them in a Quarry of Bandlam, when they chained them together, and loaded them with irons, on which was engraved the crimes they had been guilty of.

They arrived at Jerusalem, on the 15th of the following month, and were conducted to Solomon, before whom they confessed their crimes. They were then confined in the Tower of Achuzar, until the day of execution, when they
were to repeat their guilt, by a most excruciating death. At ten o'clock in the morning of the day, when they were to be publicly executed—they were brought forth, and tied to two stakes by the neck and feet, with their arms behind them, when the Executioner opened them, from heart to the ass path, and cross ways, when they were left in this situation for 8 hours, that the flies and other insects, might suck their blood, and glut on their entrails. At six o'clock in the evening their heads were cut off, and fixed with that of Asinop on the East, South and West gates of Jerusalem, and their bodies thrown over the walls, as food for the crows and wild beasts of the forest.

Q. What did you mean by the 3 heads?
   A. The heads of the 3 Assassins of Hiram Abiff.

A. On the South, East and West gates. That of Akrop on the East Gate, that of Jubelel Gravelot on the West Gate, and that of Jubelel Gib on the South Gate.

I — Sublime Elected of the 12 tribes of Israel, do solemnly and sincerely swear and promise to God, and this Chapter of Grand Master Architects, never to reveal, either directly or indirectly, the secrets of this Degree, which I am now about to receive, but to a true and lawful Grand Master Architect, knowing him to be such, and that, I never will give my consent, to receive or admit any Candidate to these mysteries, but those whose I conscientiously believe, will be conformable to the laws, statutes, and the secret constitutions of the order. I do furthermore swear to pay due Obedience to all the regulations which may be given or sent to me from the Grand Council of Princes of Jerusalem, and if I fail in any of these my present engagements, I consent to suffer all the penalties which I have imposed upon myself, by my former obligations, my name to be wrote in red letters, and hung up in the Chapter, that posterity may remember me as an infamous and pernicious man. God grant that I may walk in righteousness and equity.

(He kisses the Bible.)

After this the Most powerful gives the following
8. Discourse.

My dear Brother, Solomon determined to form a school of Architecture, for the instruction of those who conducted the works of the Temple, to encourage and improve true Masons in the Sublime Sciences, and to promote from that school those, whose zeal and discretion should make them deserving of the highest perfection. For this purpose he created the 12th Degree, under the title of Grand Master Architect.

King Solomon, full of justice, foreseeing the events, which were likely to take place was willing to recompense the zeal, knowledge and Virtue of the Sublime Knights Emeth, that they might approach nearer to the Celestial Throne of the Grand Architect of the Universe. This foresight made him cast his eyes upon those who were last made Illustrious Knights and Brothers in order to effect the purpose which God had made to Enosh, Noah, Moses and David, that if through ardor, they penetrated the bowels of the earth, it would not avail, unless Divine providence permitted it.

The attachment which I make no doubt, you will evince in the study of Geometry, will procure you the means of unfolding the most sublime knowledge.

The Candidate is then ordered to walk to the Senior Warden, with 2 steps to before, to learn the Sign, Token and Word. After he has made the 1st step, he stops to inquire the Star in the North, and then retreats 3 steps back for, as if he was surprised at its brilliance, he then makes the other 2 steps, which brings him to the Warden.
8. **Sign, Token & Word.**

Sign.—Strike or slide your right hand over the inside of your left hand, then step a little, the slide twice, somewhat quicker, the fingers close, and thumbs extended, after this you do as if you were drawing a plan with the right hand in the left, looking often at the Grand Master Architect, for a subject to draw your glance.

Token.—Intercalate the fingers of your right hand with the left of a Brother, at the same time, both placing their left hands on their hips.

Pass Word.—Is RAB BONA. that is, I am a Master builder, or Master Stone Carter.

Sacred Word.—Is ADONAI, which is the 1st name of God.

Then the Senior Warden decorates him with the order and Jewel, and clothes him with the Apron. Embraces him, and wishes him joy upon his acquisition of this sublime Degree. He also tells him to go to the Grand Master Architect, and give him the Sign, Token and Word, and from thence to all the Brethren, after which he takes his seat and listens attentively to the following.

9. **Lecture.**

Q. Which is the first of all the Arts?

A. Architecture, of which geometry is the key, as well as of all the sciences.

Q. How many kinds of architecture are there?

A. Three, Civil, Naval, and Military.

Civil Architecture is the art of building houses, palaces, temples, Altars &c., in order to decorate and embellish cities. Naval Architecture is the art of building ships of war, and all other kinds of Vessels of Navigation. Military Architecture is the art of fortifying cities, towns, &c., to sustain the attacks of greater numbers with less, and to throw up the works in such a manner, that they cannot be cut through. It strengthens them with trenches and outworks, in short, Military Architecture teaches us to improve all the advantages, which the
natural situation of places afford, to erect works which are easily defended, while at the same time, they are impenetrable to the assailants. In the art of Civil Masonry, it is only necessary for the Mason to be acquainted with Civil Architecture, the other two, serve only as attributes to the Masons, but if possessed of a knowledge of them, it will enervate their zeal and attachment to the Sciences.

Q. Which are the Sciences that a perfect Master Architecture ought to possess?

A. There are several which have a connection with each other, and cannot be dispensed with, if you wish to exercise Architecture in all its branches. Thus a Grand Master Architect ought to possess the following — viz.:  

1st Arithmetic  11th Hydraulics  
2nd Geometry  12th Geography  
3rd Trigonometry  13th Chronology  
4th Optics  14th Cutting of Stone  
5th Catechu  15th Cutting of Wood  
6th Dioptrics  16th Measure  
7th Designing  17th Physics  
8th Perspective  18th Music  
9th Mechanics  19th Architecture  
10th Statics

Q. What is Arithmetic, and in what manner does it serve a Mason?

A. It is the art of calculating, and is called Arabi, because the characters we make use of, come to us from the Arabians — and what we call Algebra, is also Arithmetic, but greatly abridged, and is not much liked, particularly by those who are not Masters of it, but those who have a perfect knowledge of it, delight in the use of it, as it affords the means of finding the incomprehensible quantities, unknown proportions and their roots, with much more ease, and in short, to resolve by a little work, all the problems of Geometry. The Algebraic characteristics are + a V A more, less, equal, greater, smaller, &c. You may make use of the first letters of the Alphabet for the known quantities, and the
last for the unknown. Arithmetic is the attribute of a good Mason, because it teaches him to multiply his benevolence and knowledge to all his Brethren and to look upon any recompence, as a cipher of Arithmetic, as he had only discharged a duty he owed to himself in doing a good action.

Q. What is Geometry, and why is it that science an attribute to Masons?

A. Geometry is the first of the Sciences, founded on the preceding one; it came from the Egyptians, who were much embarrassed in the bounds of their lands, after every inundation of the River Nile, from which circumstance was suggested the discovery of Measure and limits, upon just and given principles, whereby they might ascertain their respective bounds, when the water subsided. This art was called by the Greeks Geometria, or measure of land; so that geometry is the art of measuring land, on the surface or superfaces but not solids, but from this is derived the art of measuring solids, having several superfaces. That is to say, height and depth. Geometry is an attribute of a good Mason, as he ought continually to measure his actions with the line of Justice, to circumscribe his desires by the bounds of reason, and be content with his portion of property, and not infringe on that of neighbors, that he may render glory to the Grand Architect of the Universe, and be an example of virtue to his Brethren.

Q. Is Trigonometry also necessary, and is it an attribute of Masonry?

A. Yes, Grand Architect, this science is inseparable from the preceding, by it we measure angles, tangents and secants, and by a knowledge of Triangles we find the inextricable measure of the unknown sides, Arithmetic and Algebra.

The discovery of this art, we owe to Pythagoras. The most essential explanation of the problem of Trigonometry, are cited in the 16th proposition of Euclid. This learned philosopher, sacrificed one hundred Oxen to the Gods, in acknowledgment of the discovery, he would have deserved applause among the Masons, if he had not been an idolater. Trigonometry is rather an attribute belonging to the Grand Architect of the Universe, than to a Mason. All our actions put in signs, will form a triangle, of which two sides only will present
themselves to our conscience, viz the Good and Evil but the Grand Architect of the Universe will find the other, and judge us in the aggregate.

Q. Of what do the Sciences of Opticks, Cateoptrics, and Dioptrics treat, and how are they attributes of Masonry?

A. They treat of the reflection and refraction of the rays of light, and of the Science of Vision generally, both natural and artificial. They are attributes to Masons, because every man should look at his own faults, with glasses which enlarge the object, and in viewing the faults of his Brothers, he should use glasses, which diminish and remove them.

Q. We know what drawing or designing is, but how are they likewise attributes of Masonry?

A. As the most perfect design has been began by a sketch, so should Masons when they find any good qualities in a Brother, acknowledge him as a sketch. After which they should copy, and complete the picture of perfection. By imitating, the actions of a virtuous Brother, you render him honor, and yourself respectable.

Q. What is perspective, and how an attribute of Masonry?

A. Perspective is the art of delineating objects in accurate proportion and color. So should Masons, setting out from the point of Virtue, observe a relative proportion and connection in all their actions and pursuits. As in a well drawn perspective, let their conduct in the foreground of their lives, be brilliant in the cause of Virtue, and as they retreat into the background of the piece, or sink into the gulf of time, the sweet recollection of a well spent life, will soften the pillow of death, and give them the sweet pledge of enjoying happiness hereafter.

Q. Let us go to Mechanics—

A. Mechanics is the science of motion, or the art of Machinery, by which we carry and raise to the most elevated places, burdens of great weight, with little seeming strength and by the aid of few people, by Levers, Vices, Rollers, Cranes &c. By this art is constructed Mills, Clocks, Jacks, Vices, &c. which receive motion by wheels, springs, weights &c. The great spring of a Mason, is in the
heart. Here the first causes of his actions rise, and here the first impulse of his moral are felt. If he is so fortunate as to make Virtue the prime move of his pursuits, and adjust with due proportion, the equilibrium of his weights, and gives a due impulse to his moving powers. He may expect to receive that happiness which the Grand Architect of the Universe has promised to those who shall deserve it.

Q. Of what use is statics to Masons?

A. Statics has a connection with the science of mechanics, and is the knowledge of weights and moving forces, the art of steepleyards and balances &c. The judgment of a Mason should be preserved in so just an equilibrium, that no consideration of interest or party spirit can make him deviate from Equity and Justice.

Q. What is Hydraulics and of what use to Masons?

A. It is the art of conducting, governing and draining water, necessary for the health and life of our fellow creatures, as well as for the purposes of Commerce, and to embellish palaces, gardens, &c. which a professor of this an conducts scientifically, through canals or pipes, and collect it in furnaces or Reservoirs for the several purposes for which he wants it. An Architect knows how to drain by canals, fields or meadows for Agriculture, and by cutting canals through the highest mountains, is enabled to connect together remote seas, for the purposes of Commerce and Navigation. In short by the use of Hydraulics we can convert into a place of elegance and pleasure, mud pool or a desert. The minds of Masons should be as brilliant canals, flowing with sweetness and ease, and not as remote seas separated by mountains, like two Brothers, whose affections are sometimes divided by misrepresentations, jarring interests or by the follies of youth— till some Mediator, generally, generates and divides the obstacles which separate them, and unites them together in the firm bond of reciprocal affection.

Q. What is Geography, and of what use to a Mason?

A. Geography is the knowledge and description of the Earth, comprising every piece by Land or Sea, inhabited or uninhabited, of capital cities and
inferior towns and villages, of every Kingdom and nation, of the rivers which water them, and of the seas which wash their shores; of the mountains which separate them, and in short of every thing which you see delineated on the face of a map or on the Terrestrial Globe. Though Masonry is the same in every part of the Earth, yet there are many Temples in divers places, where Masons Assemble to work at their mysteries, under the same statutes, and to sing the praises of the Eternal God. These Temples we call Lodges and Chapters, and a good Mason should possess a knowledge of Geography, that he may know where the different Lodges are held, that he may be able to correspond with them, to improve himself by their labor and talents, and render them the honor due to their merit.

Q. Do you know Chronology in the number of indispensable sciences to an Architect Mason?

A. Chronology being the science and knowledge of past events. A Mason should be possessed of it, that he may be ready to name those Masons, who have distinguished themselves since the Creation of the World, of Kings, Princes and Priests, and all those in power who have supported Masonry, with honor to the Craft, and mention to themselves, the various events and revolutions which Masonry has undergone, which should serve as a lesson to our patience, constance; and Resolution.

Q. What do you mean by cutting in Stone?

A. I mean the most essential science to a Mason, which is the art of describing by means of the square, all the stones which are to compose and edifice, so that when the workmen begin to lay them, they will be found, exactly to correspond, and require no alteration. No man, in any academy in the world, can attain the knowledge and conduct of an Architect, if he has not, himself cut, dressed and fixed his stones. Thus in the Royal Art of Masonry, no Brother can attain the eminent Degree of Grand Master Architect, who has not disposed his head to the cause of Virtue, and becomes himself one of the materials in the edification of the Temple, dedicated to the only true and living God.
Q. What do you mean by cutting in wood?

A. The only difference between cutting in stone and in wood, is in the materials. The timber should be ready prepared before it is brought into the edifice, that when they are going to use it. They will find the pieces correspond, and the points exactly adapted to each other. So should a Mason, in the right propriety of his conduct towards a Brother, entertain himself in his affections, which form the function of Masons. The exactness and unanimity of their deliberations, the brightness of their works, and their sweet and innocent pleasures should always be in unison.

Q. What is measure?

A. As an Architect is always to be the Judge of Masons, he ought to know, by measuring their works, what pay is due to them for their labor—he must also measure the materials, to pay the provider agreeably to the quantity, and no Intendant of the Building can pay a faithful, but by order of a Grand Master Architect. For that reason, a Mason, who has attained by his knowledge, the measure in hand, should view it, as the center of Justice and benevolence, and for the use of which, he must render an account to the Grand Architect of the Universe, who will judge him accordingly.

Q. How can physic be of any use to a Grand Master Architect?

A. That he may be able to determine on the salubrity of a place before he erects his buildings, so avoid muddy or marshy places or stagnant waters—and arrange the windows in such a manner, that they may receive those winds, which bear health upon their wings. A Mason also, should physically understand the difficulties, which an indolent stomach, oppose to his wealth, and if he should be of a weak habit of body, prudently to deprive himself of some pleasures, which are prejudicial to him, though not to others.

Q. Of what use can Music be in Masonry and to an Architect?

A. The knowledge of Music was very necessary to an Architect in the time of the Ancient Romans, in constructing Saloons, Romula’s and other places, in which was performed Vocal and instrumental music, for which reason, those Architects must have understood Music, as they placed Columns, vaults.
ceilings &c. and even brass vessels in some places to produce an echo, and increase the sound and harmony of the performance. But in the present day, those buildings are made less, which presents the necessity of increasing the sound by art; the Ceilings are proportional to the extent of the rooms, by which the vibrations are kept at the required distance. Music is considered as an attribute of Masons, for as the harmony of the different sounds elevate the generous sentiments of the soul, so should concord reign among our Brethren, that by the sweet union of friendship, the boisterous passions may be calmed and harmony reign throughout all the craft.

Q. Are these all the sciences, which a Mason should be possessed of?
A. Mathematics is a general term, by which one may comprehend, a great many other sciences, besides those, I have already given an account of. This term is also an attribute of a Mason, for when he says, he is Master of the Mathematics, it signifies, that he has a heart zealous in the cause of Masonry, and that, as he increases in knowledge, he will increase in Virtue.

Q. How many orders of Architecture are there?
A. There are 5: The Tuscan, Doric, Ionic, Corinthian and Composite.

Q. What difference is there in these orders?
A. The Tuscan and Doric, are the most revealed, and the less adorned: the Corinthian and Composite, are the finest and most adorned, and the Ionic is more adorned than the 2 first, but less than the two last.

Q. Are there any other kinds of Architecture?
A. An infinite number—Viz: the Tortile, the Presettle, the DeEstille, the Lamboli prosetile, the Printore &c. &c. and a vast many others.

Q. On what depends the stile of building?
A. On the proportion of the Columns, their distance according to their magnitude, the ornaments of niches, panels &c., in short, the standing rules of true Architecture must be adhered to, when raising a building, that it may appear elegant.

Q. You have told me my Brother, that Naval and Military Architecture, are necessary attributes of a Mason, how can that be?
A. They both are attributes, because masons should work at sea, as well as upon land for the promotion of the Royal Craft, and the relief of his Brethren, and in Military point of view, he should serve as a scaffold for Masons who are attacked.

Q. Did King Solomon possess a knowledge of the Science of Mathematics?
A. Without doubt, since the Grand Architect of the Universe, was graciously pleased to give him that wisdom, for which he was called the wisest Kings, and especially as God had chosen him to build a Temple to his name.

Q. What is the great attribute of a Grand Master Architect?
A. It is a case of Mathematical Instruments, is a small compass, which contains all the instruments necessary for the various designs, an Architect may invent.

Q. Explain these instruments and their uses to me?
A. The simple compass serves to take dimensions, dividing lines in equal parts, denote parallels, to make sections of triangles, equiangular and equilateral, in short, it may be used in an infinite number of Mathematical problems too long to enumerate, but its use is well known to Mathematicians, and being the principle instrument in Mathematics, it is worn as a Jewel, by the Grand Master of a Symbolic Lodge of Masters. There is another Compass with five points, of which one is moveable and may be altered as occasion requires. This Compass serves to draw circles or parts of circles, the immovable point being always the point of Center. On different occasion you may use a pencil, a drawing pen or a roller, on the moveable point. The Compass of proportion, is a solid rule, and is an instrument of great importance to an Architect. It saves an infinite deal of trouble, as the calculations of every operation are marked on it. It is a general table in which you will find a scale of parts, the planes, the polygons, the chords of solids, the weights of metals and of bullets, with their sizes &c. &c. The line of equal parts serves to divide a line pursuant to a line given, the line of planes, to diminish or increase it to his mind. The line of polygons is to describe a circle, or regular polygon of such numbers of planes or angles, the solid lines, to increase or diminish a solid, according to a reason.
given, the line, for metals to know the difference and proportion between six metals. The parallel rule and drawing pen are two instruments which must be used together, to draw a straight line which is also an attribute of Masons, as a Mason's conduct should always be fair and straight, and his inclinations should coincide with his duty and be connected together as these two instruments.

The protractor or Quadrant is generally made of brass, and is used in opening of angles, to take their height, and to divide the rose of the simple Compass. This is the Jewel of a Perfect Master, which makes him who wear it, remember, never to make use of it on any occasion except he has a point of perfection in view.

END OF LECTURE
§. To Close the Chapter.

Q. Give me the Sign of the Grand Master Architect?
A. He gives it, drawing a line in his hand. Then the Grand Master Architect opens his case of mathematical instruments, and says—"Let us work," when he arranges all the instruments on the table before him and puts his left hand on the Compass of proportion, and seizing on his right hand says—

Q. Do you know any this work?
A. I comprehend another.
Q. Give me the Token?
A. He gives in the Grand Master and gives it.
Q. Give me the Pass Word?
A. Ka.
Q. Go on.
A. Bo.
Q. Make an end.
A. NIM.

Then the Grand Master Architect makes a triangle with the compass and says—"My Dear Brethren, we finish." On which all the Brethren put up their instruments in their several cases and say—"We finish."

Q. What is the Clock?
A. The beginning of night.

Then the Grand Master Architect strikes 1 and 2 and says—"Give notice this Chapter is closed." The Wardens repeat the same, and

13th Degree of the First Series (1801) of the Southern Jurisdiction of the United States, called
Royal Arch

To form a chapter of this degree, five persons at least must be present. They are—

1st. —The Third Puissant Sublime Grand Master, representing Solomon in the East, seated in a chair of State, under a rich canopy, with a crown on his head and a scepter in his hand. He is dressed in Royal Robes of yellow, and an emblazoned vestment of blue satin, reaching to the Elbows: a broad purple ribbon from the right shoulder to the left hip, to which is hung a triangle of Gold.

2nd. —The Grand Warden, representing Hadam King of Tyre, on his left hand, seated as a stranger, clothed in a purple robe, and a yellow vestment.

3rd. —The Grand Inspector, representing GESIUM in the West, with a drawn sword in his hand.

4th. —The Grand Treasurer, representing Jabez in the North, with a golden key to his 5th button now, and upon it the letters J.V.I.L. JUDGES VERBUM IN JURE.

5th. —The Grand Secretary, representing Shesh in the South.
The four last mentioned officers to be ornamented with the same ribbon and jewel as the M.P., and to sit covered. The three last to have robes of blue without vestments.

No person can be admitted to this degree without having previously taken all the preceding degrees.
6. To Open.

The Three Puissant knocks 9 times (3 by 3).

Hiram, King of Tyrus repeats the same.

The Grand Inspector calls—"To order, Brethren."

The remaining brethren repeat the 9 knocks in the same manner.

After which, the two Kings make the Sign of Admiration, and the brethren repeat the same.

The two Kings then kneel respectively at the pedestal. Solomon rises first, and seeing Hiram, King of Tyrus still kneeling, he rises too up. Then all the Brethren pay obedience on their knees, adoring the grand and raising each other by the order of Solomon, who says—"This Royal Arch Chapter is Open."
3. Reception.

No more than 3 candidates can be made at a time. Should there be but one applicant, two of the brethren must undergo the ceremonies with him.

They must be placed over the vault, near the trap door, and the Guard near them, who must demand of the Chapter, for the three selected Brethren, the favor of being admitted to the degree of Royal Arch, having regularly passed their other preceding degrees.

The Guard is answered, that it is not possible for them to be received; they must offer up their petitions to God, to accord it.

On which the Guard repeats, and after some time, again demands it, when they again receive a negative—they withdraw—then a third time ask the favor. [Each time they knock 3 times on the door.]

The inspector demands from within, whether the Candidates are willing to descend into the Abyss, in search of the greatest treasures. They consent, & have a rope tied round the middle of one of them, who is let down through the trap door. He is desired if he sees anything, to shake the rope, & he will be immediately hauled up. Meeting with some obstructions, they are twice hauled up. When going down the third time, a lighted taper is put into his hand, some stone & mortar is thrown down upon him, and a brother (who is placed in the vault for that purpose) suddenly blows out his light and instantly uncovers the pedestal. When the Candidate sees the illuminated words, he falls on his knees, in which position he remains until the other two are introduced in a similar manner. The Grand Inspector then informs them, that they are going to receive, in that position, a solemn obligation which we leave them to our Mysteries.
§. **Obligation.**

I --- do promise and vow in the most solemn and inviolable manner, on the Holy Bible, and in the presence of the Great and only One, Most Holy, most puissant, terrible, Just and most Merciful Architect of the Universe, that I will redouble my zeal in love and friendship for my brethren who have arrived to this Royal Degree. I promise never to receive any Brother to this Royal degree, nor consent to his being received, except in a Chapter regularly established, unless permission shall have been first obtained from legal authority, or a proper patent for the same purpose. I promise never to give the word or words, except in the presence of 3 Brethren, and those being properly and previously examined. I promise never to receive, or give my consent to receive, any Brother to this Royal degree, who has not regularly passed his other degrees, and is a Member of a Regular Lodge, and has been a Master of the same, and having demonstrated his zeal, fervor and constancy in Masonry, Charity and benevolence for his Brethren. I promise to observe and keep all the Laws, Rules and Regulations that shall appear, & be approved of by this Royal Chapter, and will also keep inviolably secret every transaction of this Chapter with its Bye-laws. I further promise that I will never lay with the wife of my Brother, nor dishonor his mother, Sire, nor any female of his family; and in failure of this, I hereby consent to receive in this place, the whole feast of all my former obligations, with this condition, that my body shall be exposed to the wild beasts of the Forest, for their food. So God maintain me in my present obligation with Equity and Justice.

1. **History.**

My worthy Brethren, it is my intention at this time to give you a clearer account than you have yet been acquainted with, of Masonry; of which you at present barely know the elements.

In doing this it will be necessary to explain to you some circumstances of very remote antiquity.

Enoch, the son of Jared, was the sixth son in descent from Adam, and lived in the fear and love of his maker; God appeared to him in a vision, and thus designed to speak to him: As thou art desirous to know my name, attend, and it shall be revealed unto thee. Upon this, a mountain seemed to rise to the heavens, and Enoch was transferred to the top thereof, where he beheld a triangular plate of gold, most brilliantly-enlightened, and upon which were some characters [image], which he received a strict injunction never to pronounce.— Presently he seemed to be lowered perpendicularly into the bowels of the earth, through nine arches; in the sixth, or deepest of which, he saw the same brilliant plate which was shown to him in the mountain.

Enoch, being inspired by the Most High, and in commemoration of this wonderful vision, built a temple under ground, in the same spot where it was shown to him, which like that consisted of nine arches, one above another, and dedicated the same to God. Methuselah, the son of Enoch, constructed the building without being acquainted with his father's motives.

This happened in that part of the world which was afterwards called the land of Canaan, and since known by the name of the Holy Land.

Enoch, in imitation of what he had seen, caused a triangular plate of gold to be made, each side of which was a cubit long; he enriched it with the most precious stones, and enwrapped the plate upon a stone of Agate, of the same form. He then engraved upon it the same ineffable characters which God had shown to him, and placed it on a triangular pedestal of white marble, which he deposited in the ninth or deepest arch.

When Enoch's temple was completed, he received the following command, viz.—"Make a door of stone, and let there be a ring of iron therein, by which it
may be occasionally raised; and let it be placed over the opening of the first arch, that the sacred matters enclosed therein may be preserved from the universal destruction now impending.” And he did so, and more but Enoch knew of the precious treasure which the arches contained: nor knew the right pronunciation of the great and sacred name Tet.

And behold the wickedness of mankind increased more, and became grievous in the sight of the Lord, and God threatened to destroy the whole world. Enoch perceiving that the knowledge of the arts was likely to be lost in the general destruction, and being anxious of preserving the principles of the sciences, for the posterity of those whom God should be pleased to spare, he built two great pillars on the top of the highest mountain, the one of brass, to withstand water, the other of marble, to withstand fire, and he engraved on the marble pillar, hieroglyphics, signifying that there was a more precious treasure concealed in the arches under ground, which he had dedicated to God. And he engraved on the pillar of brass, the principles of the liberal arts, particularly of Masonry.

Methuselah was the father of Lamech, who was the father of Noah, who was a pious and good man, and beloved by God. And the Lord spake unto Noah, saying, “Behold I will punish the sins of mankind with a general deluge; therefore build an Ark, capable of containing thyself and family, as also a pair of every living creature upon earth, and those only shall be saved from the general destruction which I am about to inflict, for the iniquities of the people.”

And God gave unto Noah a plan by which the ark was to be constructed. Noah was one hundred years in building the ark; he was six hundred years old when it was finished, and his son Seth was sixty-nine. His father Lamech had died a short time before, aged 777 years. There was not at this time any of the ancient patriarchs living, save Methuselah, the great father of Noah, who was about 969 years old, and it is supposed that he perished in the general ruin.

110
The ark being finished, Noah, agreeable to the instructions he had received from the Most High, went into it with his family, and took with him such things as he was commanded.

The flood took place in the year of the world 1656 and destroyed most of the superb monuments of antiquity. The marble pillar of Enoch fell in the general destruction; but by divine permission, the pillar of brass withstood the water, by which means the ancient state of the liberal arts, and particularly Masonry, has been handed down to us.

We learn from holy writ, the history of succeeding times, till the Israelites became slaves to the Egyptians, from which bondage they were freed under the conduct of Moses. We also learn from the Annals deposited in the Archives of Scotland, that in a certain battle, the Ark of Alliance was lost in a forest and was happily recovered by the roaring of a Lion, who attacked at the approach of the Israelites—and who had destroyed a number of the Egyptians who attempted to carry it away. — He had kept in his mouth the key of the Ark, and which he dropped at the approach of the High Priest, retiring to a distance without offering any violence to the chosen people.

The sacred Bible also informs us, that Moses was beloved of God, and that the Most High, spoke to him on Mount Sinai in the B.B. To Moses God communicated his divine law, written on tables of stone; with many promises of a renewed alliance. He also gave him the true pronunciation of his sacred name, which he told him should be found by some of his descendants, engraved upon a plate of gold. It was at this time that Moses replied: "Who art thou?" and God said אֲלֵיהוּ is my true name, that is, I am that I am, a strong and Jealous God, Most mighty, Pious. — God gave a strict command unto Moses, that no one should pronounce his sacred name; so that in process of time the true pronunciation was lost.

The same divine history particularly informs us of the different movements of the Israelites, until they became possessed of the land of promise, and of the succeeding events until the divine Providence was pleased to give the scepter to
David, who, though fully determined to build a temple to the Most High, could never begin it, that honor being reserved for his son.

Solomon, being the wisest of Princes, had fully in remembrance the promise of God to Moses, that some of his descendants, in fullness of time, should discover his holy name; and his wisdom inspired him to believe, that this could not be accomplished until he had erected and consecrated a temple to the living God, in which he might deposit the precious treasures.

Accordingly, Solomon began to build, in the fourth year of his reign, agreeable to a plan given to him by David his father, upon the ark of alliance. He chose a spot for this purpose, the most beautiful and healthy in all Jerusalem. In digging for a foundation, they discovered the ruins of an ancient edifice, amongst which they found a very considerable quantity of treasure, such as vases of gold and silver, urns, marble, porphyry, jasper and agate columns, with a number of precious stones.

All the treasures were collected and carried to Solomon, who, upon deliberation, concluded them to be the ruin of some ancient temple erected before the flood, and possibly to the service of idolatry; he therefore declined building in that spot, lest the worship of the Deity should be profaned by the place. He then made choice of another place where the Temple was erected.

You have already been informed, by the history of Masonry, which you have, at different times, received, and by the melancholy death of our much respected Master Itham Abuft, that the Temple of Solomon was constructed by the Craft; but there are some particulars respecting it, with which you have not yet been made acquainted.

Solomon caused a Cavern to be built under the Temple, in which he gave the name of the Secret Vault. He erected in this vault a large pillar of white marble, to support the Sanctum Sanctorum and which by inspiration, he called the pillar of Beauty, from the beauty of the ark, which it sustained.

There was a long, narrow descent, which led from the palace of Solomon to this vault, through nine arches, in regular succession, and to this place he used
to retire privately, in company with Hiram of Tyre and Hiram Abiff when they had occasion to enter upon things of a secret and important nature.

There were none else then living, qualified to enter this sacred vault. The loss of Hiram Abiff disorder'd their system for a time, as two were not permitted to enter the vault, there being absolutely necessary, and as they were consulting in what manner to supply his absence, application was made to them by some inhabitants of the Building, Elected Knights, and Grand Master Architects, who well knew there was a secret place under the Temple, in which the King, &c. before-mentioned, used to meet, soliciting the honor of being admitted there: to whom Solomon replied with an open air "My Brethren, it cannot now be granted. God will permit you one day to arrive at the knowledge which you now solicit."

Some days after this circumstance, Solomon sent for the three Grand Master Architects, JOABERT, STOKEN, and GIBULUM, and directed them to go and search once more, amongst the Ancient ruins, where so much treasure had been already found, in hopes of discovering more. They accordingly departed, and one of them, namely Gibulum, in working with the pick-axe amongst the rubbish, came to the large iron ring, which he immediately made known to his companions, who all concluded that it might lead to some curious discovery; and accordingly they worked with redoubled aid, to clear away the earth around it, which, when they had done, they found it fixed in a large stone, perfectly square. With much difficulty they raised it, when the mouth of a deep and dismal cavern appeared.

Gibulum proposed to them that he would descend. A rope was accordingly tied round his body, to facilitate his return—he told them that when he shook the rope violently, they should immediately draw him up. He descended, and presently found himself in an arched vault. In the floor of which was a secret opening, through which he also descended, and in like manner through a third. Being now in the third vault, he found there was an opening for descending still further; but being afraid to pursue his search, he gave a signal, and was hoisted up by his two companions.
He recounted to his companions what he had seen, and proposed to them to descend by turns, which they refused; upon this he determined to descend again, and told them, that through every arch he passed, he would gently shake the rope. In this manner he descended from arch to arch, until he was lowered into the sixth arch. When finding there was still another opening, his heart failed him; and, giving the signal, he was again pulled up.

He acquainted Joabert and Stokin with the particulars of his second descent, and now earnestly urged that one of them should go down, as he was very much fatigued; but, terrified at his relation, they both refused. Gibulum then receiving fresh courage, went down a third time, taking a lighted flambeau in his hand. When he had descended into the ninth arch, a parcel of stone & mortar suddenly fell in, and extinguished his light; and he was immediately struck with the sight of a triangular plate of gold, richly adorned with precious stones; the brilliancy of which struck him with admiration and astonishment, on which he made the Sign of Adition, which was the same that Solomon and Heam King of Tyre made to him, when he came first with his two companions, and requested to be admitted into the sublime degrees. Gibulum fell prostrate on his knees, with his right hand forming the sign of the Intimate Secretary, his left hand behind him, shaking the rope three times, his companions assisted him in resuming.

Gibulum related to his two companions the whole astonishing scene he had been witness to; and they now being desirous of witnessing the discovery, all concerted to go down together, by means of a rope ladder, which they made on that occasion. When they had descended into the tenth arch, Jeabert and Stokin were struck with admiration and astonishment, and prostrated themselves with Gibulum. When Joabert and Stokin had recovered themselves, they got up, and seeing Gibulum still prostrate, they went and raised him, and said Hasalach Gibulum, (which signifies, Gibulum is a good man, or, more properly, Gibulum is an Angel) we must help him. After recovering themselves they examined the plate more particularly, and found it was encrusted by an agate of a triangular form. They also observed certain characters engraved
thereon, of the meaning of which they were then ignorant; they therefore determined to carry the treasure to Solomon, and solicit the honor of being admitted to the knowledge of this sublime mystery.

Early in the morning they arrived at the apartment of Solomon, who had the King of Tyre with him. To them he presented the precious treasure they had found. When the two Kings beheld it, they were struck with amazement, and made the same Sign of Admiration to the 3 Masters, as they had made in the ninth arch, and falling down on their knees, remained some time in ecstasy. Solomon recovering from his surprise & being the King of Tyre still on his knees, raised him and said HAMACH GHULOM. They then examined the sacred characters with attention, and immediately knew them to be TAN, but would not explain them to the three Grand Master Architects. Solomon told them that God had bestowed upon them a particular favor, in having permitted them to discover the most precious jewels of Masonry; by which he seemed to intimate their election, and as a reward for their zeal, constancy & fidelity, he elected them Knights of the Ninth Arch, afterwards called The Royal Arch. He further promised them an explanation of the sacred and mysterious name and characters of the golden plate, when it should be fixed in the place designed for it; and that he would then confer on them the most sublime and mysterious degree of Royal Arch Masonry.

Solomon then explained to them, how the promise of God, made to Noah, Moses and his father David, was now accomplished. That promise which assured them, that in fullness of time his name should be discovered, engraved upon a plate of gold; that they were bound to defend the sacred characters, and that they were not at liberty to pronounce the sacred name.

The Kings informed the three Knights, that until that time they knew nothing of that word but by tradition, and that in the course of its being handed down, through a succession of ages, it had been much corrupted; but since they were now in possession of the true characters, he would soon give them the true pronunciation, to which honor they seemed to be so justly entitled, both on
account of personal merit, as also being so particularly elected by the Almightiness, to finish this great work.

The sacred name of the Eternal God must never be pronounced; it must be lettered, & that with the greatest circumspection.

From the corruption of the said name, springs the Juba of the Moors, the Jupiter of the Romans, and many others of a like nature. The true name is said so have been visible in the Temple, at the time St. Jerome flourished, written in the ancient Samaritan characters, and is still preserved in the hearts of sincere Masons.

The two kings, accompanied by the three Knights, then took the sacred treasure, and descended by the private way, through nine arches, into the secret vault. They worked there together, and enclosed the golden plate upon the pedestal of the pillar of beauty, happy in being employed in so glorious a work.

After having finished the work, they prostrated themselves before the Grand Architect of the Universe, paying him homage, adoration & praise for his signal devotion in their favor.

The brilliancy of the plate and jewels were of themselves sufficient to give light to the place, and to make manifest the principal ages of Masonry, 3, 5, 7 and 9, which when multiplied by our well known calculation, makes 81, which will be more fully explained in our general instructions.

The two Kings then changed the name of the place, from the SECRET to the SACRED vault, a place known only to the Grand Elect Perfect and Sublime Masons.

It was now time to recompense the virtue of the three elected Masters and Knights of the Royal Arch, Seabot, Stakin and Gibilum, the two Kings gave the degree of Grand Elect, Perfect, Master and Sublime Masons, explaining to them the sacred word engraved on the golden plate, that which was, and is, the name of the sacred Omnipotence, a pronunciation which has suffered much and been greatly corrupted. This is the matter of pronouncing it— remark the number of Letters which compose these words, they are the mysterious
numbers of Masons, which will be explained to you in the degree of Perfection.

The names of the syllables which compose the mysterious name are as follows.

3 JUB, ----------- All Puissant.
3 JEA, ----------- Divine Light.
3 JNG, ----------- Striking Light.¹
5 HOYAE, ---------- It is, that it will be.
5 GOS, ---------- God himself alone.
5 JEEVA, ---------- God eternal.
7 JERINAL, ------- God by your great force that we may aid & assist each other.
7 ADOUNAL, ------- O you that is eternal.
7 JEROMAL, ------- Brilliant God.
9 ELNHBAM, ------- Mercy of God or God my Comforter.
9 JEBABUM, ------- In God is my faith.
9 JEBABUM, ------- The Grand name. I am that
72 JAB, ---------- I am The Lord Almighty.

The last is the appellation which you will know when you are initiated into the degree of Perfection. This mysterious word is covered by 5 pass words, 6 covered words, and by 3 touches, preceding the figurative signs, before you arrive at the true one.

The three newly elected Masters took their obligations before God, never to pronounce openly the sacred word—and, never to admit any Mason, to this sublime degree, who had not given proofs of his zeal and attachment to the Craft and always to use the same ceremony in commemorating the mysterious history of the divine Ἡ βωριαν was the Burning Bush where God made the Patriarch Moses promise the same.

¹On the authority of Ancient M.S.S. of Albany Br. Yates changes Jng to Jng.
The number of the grand and sublime elect, were at first three, and now consisted of five; to wit Solomon—Hiram King of Tyre, Josheb, Stakan and Ghibium; and continued so until the Temple was completed and dedicated; when king Solomon, as a reward for their faithful services, admitted to this degree the twelve Grand Masters, who had faithfully presided over the twelve tribes of Israel, since the death of Hiram Abiff also one other Grand Masters, eminent for their virtue, were chosen Knights of the Royal Arch, and shortly afterwards were admitted to the sublime degree of Perfection.

The nine Knights of the Royal Arch typed the nine Arches, which led to the sacred vault; the most ancient stood in the Arch next the vault, and so on in regular progression, the youngest taking his station in the first Arch, which was due to the private apartment of Solomon. None were suffered to pass, but those who proved themselves to be properly qualified, by giving the following pass words:—

THE WORDS OF EACH ARCH ARE

1st Jud. ———— 4th Royah ———— 7th Jehial
2nd Jea ———— 5th Giosa ———— 8th Elshiah
3rd Jof ———— 6th Adonai ———— 9th Jehabullin.

The brother who gives the sacred word in the inside of the sacred vault, is obliged to give another pass-word, viz. SHIBOLETH, 3 times with an aspiration.

You have been informed in what manner the number of the Grand Elect was augmented to twenty seven, which is the cube of three; they consisted of two Kings, three Knights of the Royal Arch, twelve Commanders of the twelve tribes, nine elected Grand Masters, and one Grand Master Architect.

There were living at that time, 3568 other ancient Masters, who had wrought in constructing the Temple. These began to be extremely jealous of the pre-eminance shown to the twenty-five brethren, for they often saw them
admitted to the apartment of the King, which was shut to them. They deputed therefore, a certain number to wait on King Solomon, with their compliments, to request that similar honors might be conferred on them. The King heard them with attention and with the most benigne air imaginable, gave them for answer, that the twenty-five Masters were justly entitled to the honors conferred on them, for their unceasing ardor, and invaluable fidelity in the work that had been committed to them. Go, said he, in peace. God may one day permit, that you may be rewarded according to your deserts.

Upon this, one of the deputies, by no means satisfied with this mild reply, turned round to his companions saying (with an unbecoming degree of warmth) what occasion have we for an higher degree? we know the word has been changed; we can travel as Masters and receive pay as such.

Solomon was much moved at this, but would not rebuke them, but spoke in the following terms; The ancient members whom I have advanced to the degree of perfection, have in a particular manner deserved this favor from me. They have wrought hard in the ancient ruins, and although the undertaking was difficult and full of horror, they penetrated into the bowels of the earth, from whence they brought in immense treasure to enrich and beautify the temple of God; go in fear, wait with patience, & aspire to perfection by good works.

The Deputies returned and made report of their reception to the Masters, who were assembled to hear it. These Masters, busy and impatient, in their dispositions, and of consequence vexed at the refusal, determined, one and all, to go to the ancient ruins, and search under ground, with a view of arrogating the merit, as necessary for attaining their desires.

Accordingly they departed next morning, and presently after their arrival, discovered the iron by means of which they raised the square stone, and found the entrance into the arches. They immediately prepared a ladder of ropes, and descended, with lighted flambeaux, but no sooner had the last descended, than the nine arches fell in upon them, and they were no more heard of.

The Ancient Word that was corrupted was lost with them, no person having known it since.
Solomon soon heard of this dreadful accident, and sent Josheer, Shakes and Gibhuin to inform themselves more particularly of the matter. They accordingly departed at break of day, and upon their arrival, were perfectly astonished at the strange appearance of the place. There were no remains of the arches to be seen, nor could they learn, that one single person of all those who had descended, escaped the destruction.

They examined the place with diligence, but found nothing of note, except a few pieces of marble, upon which were engraved certain hiemglyphics; these they carried back with them to Solomon, and related what they had seen. The King sent for some persons skilled in hieroglyphic knowledge, and from their interpretation, was fully assured, that those pieces of marble were a part of the marble pillar that had been erected by Enoch; and the ruins in which they had found so much treasure, were those of the Temple which he had consecrated to God before the Flood. Solomon ordered the pieces of marble to be carefully put together, and deposited in the sacred vault.

I exhort you, my dear Brethren, to meditate on the grandeur of our mysteries; you have not arrived at the summit of our knowledge, and which, you can only expect, by zeal, fervor and constancy.

Give us a spirit of holy discernment, to distinguish the good & refuse the evil & that we may not be deceived by those, who are not to be marked with the formidable seal of perfection, & finally, that we may have no other design, but thy Glory & an advancement on the good works in the reign of true Masonry. The Right Worshipful and Most Perfect then says—Brother Senior Warden, this Lodge of Perfect Masons is open.

(The Candidate replies that he is about to be initiated by the mysterious number. The Master of Ceremonies places him below the window, and the Master says—

This degree, my Brother, is the end, and full measure of Masonry, to which you are now going to be attached, particularly by some indispensable obligations, which are as yet unknown to you. So I hope you will fix them in your heart, when communicated and demonstrated to you. Your goodness by a steady pursuit of virtue, and close united love, for all your Brethren particularly for us, who are your fellows and superiors, will be the only means to exemplify your attachment to this sublime degree.

134
Q. Do you desire to be contracted to these new Engagements?
A. I do most cordially.

The Master then says—"If you do, then go my Brother, and wash your hands in the Brazen Sea, to prove your innocence, & that you have not violated any Engagements that you have solemnly made; remember that our fore-fathers used the same Ceremony, when they were accused of crimes, & by that means proved themselves guiltless."

Then the Master of Ceremonies shows the Candidate the Brazen Sea, to which he goes and washes his hands. He then returns between the two Wardens and the Master proceeds—

"You are now introduced, my dear Brother, into the most sacred place of Masonry; the most sacred mysteries of which are now going to be revealed to you. The rampart of this degree has been properly guarded by the strictest care of the Grand Elect against every vile discoverer; when the 3 first degrees has been laid open to the public eyes of the world. We are now going to confirm you in our Grand secrets, as we are certain of your discretion, & have no doubt among us concerning you. Come then, my dear Brother, and add to our tranquillity, by swearing inviolable fidelity to us."

Then the Master of Ceremonies makes him take 8 quick and 1 slow step to the Master—with the sign of Elected Master on him, he kneels and takes the

8. Obligation.
1 — do promise and vow on the Holy Bible, in the presence of the Grand Architect of the Universe, & before this respectable Lodge of Grand, Elect, Perfect & Sublime Masons, to be eternally faithful in my Religion. I promise never to take up arms against the State, nor to enter into any conspiracy against the same, or to know of such without making it known. I further promise never to reveal the mysteries of this degree to any person whatsoever, to whom

135
it doth not belong, the mysteries of this most high degree, or any other matter that shall occur in this Lodge, or any laws or regulations of this degree. I further promise to have an equal regard for my Brethren of this royal degree without distinction of riches, poverty, noble or ignoble birth or parentage, nor any other distinction but that of virtue. I will never make, nor assist in making in my presence, any person to this degree who is not, or has been an officer in a regular and legitimate Lodge, & not unless permission shall have been first obtained from legal authority, or a proper patent for the same purpose. And in failure of this my obligation I condemn myself to have my body cut open, and the bowels turn out and given to vultures for food. So God maintain me in my present obligation with justice and Equity Amen. Amen. Amen. Amen. Amen.
After this ceremony the brethren all eat of the bread and drink the wine, and make a libation according to the ancient custom that was practiced at sacrifices. This being finished, the Master decorates the Candidate with the ornaments of the degree, and says — "I now salute you, my dear Brother, and give you title of Grand, Elect, Perfect & Sublime Mason, & with inexplicable pleasure I decorate you with the symbols thereof. Receive this ribbon of the Order, the triangle appended thereto, represents the Delta on which was engraved by Enoch, the holy name which is the principle object of our mystery, and which was accomplished by the utmost labor, trouble & danger without having a knowledge of what it was. The red color represents to you two things — first, the rays that encompass the Burning Bush when Moses received the first time the sacred name, and secondly the preeminence of the Grand, Elect, Perfect & Sublime Masons over all other Brethren of inferior degrees.

The jewel that hangs around your neck gives us a great deal of useful instruction — first, the Crown design the Royal origin of Masonry.

2ndly — The compass and circle of 30 degrees represent the elevation of the most important things which the Grand, Elect, Perfect and Sublime Masons profit by, and

3rdly — The sun design the superiority of their rank, and the triangle represents the sacred name of the Divinity or Delta which was found by the Knights of the Ninth Arch — all of which is suspended on your breast, to the end that you may continually see the ornaments of our dignity, so that we should never fail in the duties imposed on us by the instruction of our Lord. The matters which I shall now confer on you I will perfect you in the study of Masonry.

There are three signs, three guards’ words, and three past words, which belong to this degree besides the mysterious word.

After this the Master has the plan of the Lodge laid before the Candidate, which he respects, while helisten to the following.
9. History

My dear Brother, your good conduct, zeal and discretion, have been the cause of our determining you give you, in the end, the true knowledge of perfection. You have now received the name of Grand, Elect, Perfect & Sublime Mason—we are also happy, in your venerable Brother, in having a circumspection in giving you this knowledge, without which we should be liable to the same fallacy that the 3 first degrees has been subject to. You know, my Brother, when the temple at Jerusalem was finished, the Masons had achieved great honor, their society was established into an order and the extreme niceness of the Brethren in their choice of fit objects rendered them respectable for merit—and merit only proved as yours has been—preached them this advantage. The Grand, Elect, prefect and Sublime Masons were not by any means to be seduced to determine in favor of Candidates who were unworthy, but received those (of at the utmost hazard to themselves) who appeared deserving of that Honor. The principal members of the Grand, Elect, perfect and Sublime Masons, being able workmen, passed from Jerusalem after the dedication of the Temple, and dispersed themselves among the neighboring nations, to instruct them in the Truth of the Royal Craft, but with the precaution of only instructing the males, and those of a free and eminent understanding. Notwithstanding this resolve, Masons in the inferior degrees multiplied over the face of the earth—their numbers increased beyond measure, by which means their secrets were disclosed, their knowledge was made common, and they were held in no high esteem. The Grand, Elect, Perfect & Sublime Masons only, had the precaution to conceal the higher Mysteries, by coming to a resolution not to raise any higher than a Master and if such were not circumspect in their words, actions and lives, to give them no further knowledge. As it was through the impudence of some of the Brethren in the 3 lower degrees, that Cowards frequently obtained their Signs and tokens. These disorders clarified the Perfect Masons (who luckily at that time were but few in number), they took great pains to stop the conclave but all their endeavors were in vain, the Craft degenerated Insensibly. Receptions were obtained too easily, the intervals
between degrees were broke into too hastily and were scars separated at all. In the end they were not preferred by merit, but preferring amusement to instruction, innovations increased and new doctrines arose, which destroyed the old (that they ought to have adhered to). These differences occasioned disputes, quarrels, heart burnings, and dissensions, which in the end produced a total discovery of our works—for which we grieve, and by which majesty suffered in the three first Degrees. Happy is he who has the consolation of knowing the secret of the Grand, Elect, Perfect & Sublime Masons—let us endeavor to render it impossible for this degree to share the same fate as the three lower; let us be animated with zeal to procure that Ancient perfection. We must to obtain their science and to follow their direction, in order to get a full knowledge of their noble occupation. The study and initiation of the Grand Architect of the Universe were always their principle object; and his holy name was the Ancient Masters Word. Solomon chose that word expressly in order to fill the principle workmen with due reverence for the great God, in whom the temple was dedicated, and also to excite them never to neglect the Execution and Duties of their office; so that the Masters uniformly followed their Occupation with this their Grand secret. The Sign, Token and Words of which make a parts of this degree. The sage King knew all the force of this Holy Name—he knew that the Grand Architect of the Universe appeared to Moses in the Burning Bush (near which our Lodge is kept) and declared to him that this was his name, and that he was the only one of the patriarchs that knew it, and further that he would be invoked by on either name in the Temple, which he would order to be built in the land of promise, upon the plan and design of the Tables of the law to be deposited therein. This his holy name having so great a report in, and to, the construction of the temple, was the reason of its being made the Masters Word. When Hiram Abiff was killed, we being convinced of his courage and discretion in never disclosing this secret. It was resolved never to enmcss a matter of this importance in the future to a single person; therefore the Masters's Sign, Token and Word were changed 155 it is before related, and not other than the Ancient Masters knew it, until it was taken by the Knights of the Royal Arch.
from the Delta in the rails of Enoch, where was wrote the title name that was made the principal object of the perfection of Masonry. Solomon and Hiram King of Tyre being satisfied in having placed in safety the precious deposit of the Grand, Elect, Perfect and Sublime Masons under the S:S: he named this place the Sacred vault, a denomination truly just, because there was nothing on the Pedestal, save the Divine Delta, and this column was the third that supported the Temple of which you knew everything but indifferently, and have always been kept ignorant of its true situation of the Hebrew name thereof, which is that of the Grand Architect of the Universe, and which is called the pillar of perfection and sustains wonderful the most beautiful place in the Universe.

The aforesaid Masons have not been able to discover where this sacred vault was deposited, as it was always kept a secret from all Masons, but those of the Royal Arch and of this degree. A strict guard was ever kept at the door, to prevent admission to any but the Grand, Elect, Perfect & Sublime Masons, who required there to contemplate the mystery of the sacred vault, and there was one subalternated in its place for the inferior degrees, so that it was not possible for any greater precaution to be taken by this wise prince, to preserve this great name from all profane persons, and which rule has always been observed by the Grand Elect, who lived after him, and were possessed of this zeal, and which has been handed down to each other. Then Conceived the unity of the fraternity, which was sworn by the grand Elect, to which this vault was a seal. The Temple was finished in the year of the world 1090, being six months and six days from Solomon's laying the first stone, and finished with the utmost glory, brilliance, and magnificence.

This ceremony being over, Solomon gave audience for three days successively to all the Brethren. The first day was to the Sacred Masons who were introduced into the sacred vault—the Knights of the Royal Arch, took care of the Aretes of the vault, & guarded the entrance thereof, at the same time the Grand Masters Architect were in the kings Apartment. He qualified with the Degree of Perfections, the most virtuous among the two orders, & made them promise solemnly, to live by themselves in peace and union and benevolence in
Injunction of their deceased Chief, and that the basis of their actions might like
him, be that of Wisdom, justice and equity, and to keep a profound silence
relative to their mysteries, & never to reveal them to any one who did not
deserve this signal favor by their zeal, fervor & constancy, & to assist mutually
each other by their works, and to punish severely treason, perfidy & injustice.
On which he gave them his blessing? discovered to them the Ark of Alliance
open, from which the grand Architect of the Universe used to deliver his
oracles. He ordered many sacrifices and admitted them to a holy Libation, he
embraced them and gave to each gold ring, as a proof of the alliance they had
contracted with virtue and the virtuous. He gave them many present with
permission to stay or retire as they should choose.

The second day Solomon gave admittance to the Masters and Knights
Elected in the heart of the Temple. & made them promise as the others had
done, that they never would depart from the principles of virtue, of which their
ancient chief was a model; always to live united & to help each other in their
works. He bestowed on them the degree of Grand Master Architect &
decorated them with all the honors relative thereto, & made them promise that
they would be faithful guardians of their mysteries & never to communicate
them to any who did not merit them. He bestowed on them many favors and
permitted them to stay or retire at their discretion.

The third day Solomon gave audience to the Fellow Crafts and Apprentices
in the Eastern part of the Temple. He justified the Fellow Crafts who appeared
to him to be virtuous, with the degree of Master, and the Apprentices with that
of Fellow Craft. He introduced them into the porch of the Temple, and made
them of both degrees, promise never to depart from the principles of Virtue, of
which their Ancient Chief was their pattern, and to be always united, assisting
each other mutually, and to keep secret among them, the Sign, Token and Word
of each Degree, and never to communicate them to any but those who should
merit it, by their goodness, and were known to be virtuous; he loaded them
with presents, and permitted them to stay or go where they pleased, he also
gave order to his Intendants to defray their expenses, until they should arrive at their own Countries and homes.

King Solomon so wise and so just, in all that he had done, became in his latter days deaf to the voice of the Lord, proud of knowing himself to be the greatest Monarch on earth, and having built a Temple so large, that the measure and magnitude of it was the admiration of the Universe. Soon the king did forget the goodness of God, and gave himself up to licentiousness & idolatry; his shameful & excessive complacency to his wives, led him into their vices, and by that means destroyed the piety of his former life, and drew upon him the displeasure of the Almighty. He also profaned the holy temple by offering the incense to the idol Moloch, which should have been burnt in the S.S.: This conduct of the King was soon imitated by a great part of the nation, and was viewed with a great deal of concern, anxiety and detestation by all good men and Masons, who brought up their children in his paths of virtue, & according to the means they had received by the holy and respectable union that subsisted among them. They also endeavored by their counsel and good example to deter & dissuade their fellow citizens from that impiety and sacrilege, which they was so guilty of, but despairing of being able to succeed, they remembered in the bitterness of their hearts the vengeance that God had taken on their forefathers for their disobedience. They imagined that lightning would fall up their heads, and that the superb Temple would be laid low, that Jerusalem would be destroyed, & that their children would suffer for the impieties of the nation, by a dreadful slavery. These expectations determined the greatest part of the good Masons to armish themselves voluntarily out of Judea, so that they might not be spectators, & sharers in the expected horror & destruction, whatever it should happen.

The crime of the same having arrived at their utmost pitch, & the time come, when God had resolved to deliver them into the hands of their Enemies—Nabuchadnezzar, King of Babylon, by means of Nebuchadness, his General, laid siege to Jerusalem which he took, and having Mastered all Judea, he razed the walls and destroyed to the foundation the Temple of the living God, took the
Inhabitants were then King Zedekiah captive into Babylon, exporting with him all the riches of their Temple. This event happened according to Josephus 470 years 6 months and 10 days after its dedication.

The Grand, Elect, Perfect & Sublime Mason who was left at Jerusalem, defended it with intrepidity, but could not resist the force & vivacity of the conquerors, they were not under any concern about the riches of the place, nor had they any inquisitiveness concerning the Treasure thereof, but only, least the sacred vault should be ransacked, these lively apprehensions remained in the hearts of their men to see the temple ruined and destroyed.

They trepidously exposed themselves to the fury of the soldiers who guarded the door, till they penetrated through the ruins in the sacred vault, and search with greater ardor, till they found the golden plate, on the cubic triangular stone of agate. They also found there the body of Galahad, the son of Sephoris, who was a man of note among the Perfect masters, & chief of the Levites.

Galahad was, at the time, chief guard of the sacred vault, to take care of the burning lamps, and to adore and contemplate the Ineffable Word. He was a man equal to Hiram Abiff who 400 years earlier had lost his life rather than disclose the secret of the Master. This Galahad preferred being buried alive in the ruins of the Temple rather than discover by his departure the Treasure to be defiled by the hands of the barbarians. They all cried Maha Maharasas, God be praised, we have found it—and this is the 3rd pass word and the most necessary to be known by the faithful guardians of the sacred treasure.

It is difficult to express the other demonstrations of joy, with which they were filled at this time. The immediately set to work to effect this sacred name, that it should no more be legible, to run any risk of it being discovered by the impostors. They put said golden plate in the ark which contained the tables of the Law & other precious treasures, broke down the cubic agate stone (as they found it impossible to carry it off) overlying the column of pediment, on which the sacred name had been deposited. They dug 27 feet deep and there sunk the Ark of Alliance with its covering and contents. They took from Galahad the robes of chief of the Levites, consisting of a tunic and vestment of fine linen.
and covered him with the marble tables which were deposited in the sacred vault, and found also by Giblum, Jonbret & Staking in the ruins of the holy patriarch Enoch, when they retired satisfied, resolving never to trust in the future to anything, but their memory of carrying down to posterity by tradition that ineffable Name, from which comes the custom of spelling letter by letter the holy name of names, without ever joining a syllable—an usage afterwards observed when the Temple was rebuilt under Cyrus, & has been particularly observed among us. The Grand priest in the middle of a small number of Perfect Brethren who formed a circle like a chain, used to spell it once a year in the Temple, giving orders to the people to make a great noise, lest they should be heard by them.

By their having so great a circumsticexion, they lost the method of writing & pronouncing this great name. They were uncertain of the number of letters which composed it, & by stopping and giving the syllables, the true pronunciation, which has secretly existed to this time only with the Grand, Elect, Perfect & Sublime Masons. As God permitted the Ancient Masters, who were not Elected, and who had the knowledge of this word, before the death of Hiram Abiff, & who had treated Solomon so ill, to form the blamable project of penetrating into the ancient ruins of Enoch, by which means they were all destroyed. The Grand, Elect, Perfect & Sublime Masons who had penetrated into the ruins of the Temple at Jerusalem for the purpose of securing this inestimable treasure, & who had so happily succeeded—left Judaea & traveled into strange lands & new Countries into Egypt, Syria and Scythia, even to the deserts of Thebais. Others passed the Seas and took shelter in the southern climates, principally in England, Scotland & Ireland, where they continued faithful in virtue, assailing each other, and knowing no superiority among them, but only of those who excelled in virtue and good works, by this means they became the admiration of the people among whom they had taken refuge, & excited them to the practice of their virtues, which determined many to enter the society of good Masons, beseeching them to be initiated into their mysteries.
The good Brethren chose among them the most eminent & acquainted them with their history, and exhorted them to deplore the uncertainty of human affairs, of which King Solomon was a remarkable example; to shun vice and practice virtue, in imitation of their Master Hiram Abiff, & to crown their zeal and constancy by imitating them in their mysteries. Some of the few who preserved themselves from the general corruption, having with a regret of heart seen some of their Brethren depart from the road of virtue, took a resolution of keeping & preserving their secrets, & remembering certain Signs, which the folly of their Brethren made them forget—they separated themselves from them as if they were not countrymen.

The time arrived when the Christian princes combined together for conquering the holy land, and delivering Jerusalem out of the hands of the Turks, who had it in possession. The good & virtuous Masons worthy of the heritage of those who built the Temple, voluntarily contributed to the execution of so holy an enterprise, & offered their service to the confederate princes on their condition, that they should have no other Chief but one of their own choosing. The princes accepted their offer & they hoisted their own Standard and departed. In the outset and disorder of the war they still retained the principles of virtue of which their father had given them the model; they lived perfectly united, lodging together in the same tents without any distinction of rank they knew no general, but in time of battle, resting on an Equality & giving mutual assistance to each other, and extending their charity to the indigent & even to their Enemies, in all their actions they sustained & gave proof of their great valor & frequently resisted the whole force of the enemy's troops. The confederates themselves could not withstand the violent impetuousness of the Turks. But the Brethren reestablished the combat and courage and intrepidity. On signal given they would attack, open, close, rally & fall on the enemy with such impetuosity & firmness, that nothing could resist them. These prodigies of valor succeeded alternately—the south wing did not destroy so fast as did the Masons, on every occasion. Their color, their intrepidity in all dangers, joined to the wisdom, the union, the charity & the
disinterestedness of the Brethren in refusing to partake of the spoils of the field, swayed with the attention, principally of the Knights of Jerusalem, when they came to have a knowledge of the heroes, & saw them entreat their Alliance.

What a moving spectacle was it to see those Illustrious Knights, such worthy defenders of religion, throwing themselves into the arms of those Masonic heroes, calling them their fathers, & offering them the tribute of a grateful acknowledgment. The generous Mason replied that tribute was only due to the Grand Architect of the Universe. That they took up arms to defend the common cause, that Judea was their ancient country, & that their fathers had been obliged to abandon it for many years, the particular circumstances of which, when they reflected on, brought tears from their eyes.

The princes were surprised to meet with so great virtue among the Brethren, and requested to be admitted into their society, & to be particularly initiated into their mysteries. The Mason replied that wisdom, justice & probity, peace, good manners & equity, friendship & union, were the principal laws which charmed them, & their zeal & fervor were recompensed, by partaking of the mysteries of which they had become worthy by their constancy.

The Knights of St. John of Jerusalem readily assented to what the Masons had laid down to them, & were initiated into all their mysteries, instructed in the History, & learnt of them the Grand Mysteries of universal religion & benevolence, & by the Instructions of the Ancient Masons. Masonry in general has been gloriously perpetuated from age to age in all Europe & part of America, & although there has been many revolutions in the form of Empires & Kingdoms, yet have they never affected our glorious profession, which has been handed down to us, my dear Brethren, in all its primitive purity.

Let us therefore offer up our prayers at the Footstool of the Grand Architect of the Universe, that we may never be divided, & that Masonry may continue throughout all ages. Amen. Amen. Amen.

Master — Venerable Brothers Wardens, respectable officers of this Lodge of Grand, Elect, Perfect & Sublime Masons, I charge you to retire in peace to practical virtue, and live always impressed with a just sense of duty that the Grand Architect of the Universe, may always be present with us. May he bless us and all our work.

FINIS
15th Degree of the First Series (1801) of the Southern Jurisdiction of the United States, called

Knight of the East, or Sword

The hangings of the Council should be of a bluish green, or water color, in remembrance of those events which happened at the river Euphrates, called SATARBAZAN, on the return of the Israelites from captivity, of which a particular account will be given in the History. The hangings should also be sprinkled with red, in memory of that river.

The Lights which illuminate the Council should be 72 in memory of the 72 years captivity of the Israelites—but may be done with 7 large and 2 small, the two last years of Sauredan's reign, the time the siege lasted, and the 70 years. The captivity lasted from the time that the Israelites were carried to Babylon by Nebuchadnezzar under the reign of Nebuchadnezzar, who destroyed the Temple, until the rebuilding of it in the reign of Sarrubazanes, King of Persia. By an account of the 72 letters which compose the words of the cross and those of the Grand East Perfect & Sublime Mason, as may be seen in the following example.

At the Knights are decorated with a broad green watered ribbon, from the right shoulder to the left hip, a wooden bridge painted on that part of it which rests on the right shoulder with the letters YH in gold. These letters signify YAVERON HAMAM—Liberty of passage for Free Masons.

Order.—The ribbon must be adorned with heads and limbs of bodies newly slain, broken pieces of swords, crowns, scepters &c. &c. and the word Strangulation in large letters one half on each side of the badge.

Jewel—At the bottom of the order must be suspended a small Eastern Saber in a sheath of crimson.

There must be no death's heads or any bones, nor any black colors, which have the appearance of mourning. The Knights of the East should never go in mourning for any person, and why should he? On considering the many revolutions of Mankins, when they triumphed vanously in a contest, whereas some were slain but those who wear Surturites who endeavored to oppose their passage, contrary to the orders of the greatest King in Persia.

The green water colored ribbon is the only proper one for them, as well on account of the victory they obtained, as the color of the river on which King Cyrus triumphed. The interpretation of limbs, heads &c. is a natural representation of what happened on the banks and bridge of the river Euphrates, whose green

water, after the bloody battle, was larded with Assyrian blood, and covered with
their limbs, heads and bodies. The River is called by the Knights of the East,
SATANASZTANUL, the name of the chief of the adversaries who opposed the
building of the temple, which signifies recovered Art, as we are taught in the
Talmud, a signification which agrees with the proposition of the Knights of the
East, a name composed of 12 Letters which being added to the other words of
the order, form the mysterious number 91 as shall be fully explained hereafter.

Aron.—The Aron is a white silk, lined with red bordered with green. On
the flap a bloody heap between 3 swords in the form of St. Andrews cross. On
the front of the Aron 3 heaps of broken triangular stones.
5. **Explanation of the Draught**

At the upper end of the east, stands an Eagle, perched on his legs, his wings extended, his neck fiercely extended, staring at the sun at his right side, at his left is the moon—by his right foot a large I and by his left a B, and at an equal distance on either side of him the two initial letters of the compound word Y and H.

Immediately under the eagle is a great oblong square, representing the 2nd Temple constructed according to the dimensions of King Cyrus.

In the east part of the oblong square is represented the Holy of Holies where the Ark of the Covenant is deposited, covered by the wings of two Cherubins, which supports the Delta, on which is the name of the sacred Architect of the Universe and never to be commenced without terror.

The Holy of Holies is to be separated from the rest by a curtain or veil.

In this sacred place is to be an altar of sacrifices in the middle of which is a flaming heart, with the letters R.O, the initials of two words, which signify, Free or true Masons, such as those who devote the hearts to God and the general good of the Order R.A. C.D.M. On this altar are placed all the tools and implements of Masonry, which were employed in the constructions of the Temple.

At the West door is the grand star case of 3 steps.

Beneath the Altar of sacrifice is the square of 8 which multiplied 3 times makes 27 and multiplied again by 3 makes the favorite number of 81, of which, you have here the first example retaining the explanation in another occasion, when we will show you why the number 81 is so peculiarly dear to the perfect Masons. This square of 3 which gives 3 times 27 explains the triple triangle, of which we shall give you the figure. Its explanation is 3 virtuous attributes, to the 3 first of the triangle compose the numbers 81.
Botadless Mercy  Creation  Almighty
Justice  Omniscience  Perfection
Ineensity  Beauty  Eternity
\[ \begin{array}{c}

27  \\

which added together makes 9
applied to the triple triangle 27
and in letters make 81

Within the Temple, on a line with the Ark, and below the Sun, stands Mount HOREB—Known by all Masons, represented by the Initial letter of its name R.—Under the Moon in the left side stands Mount GABALON, marked by the Initial G.—On this mount the sacrifices were made before the Temple was built.

At the south gate is a hand holding a towel and 5 steps; opposite the gate, in a box for carrying of mortars, under the 5th step are a heap of Cubic Stones fit for use, and a little further off, a heap of uneven stones to fortify the building.

At the north gate is a hand armed with a sword and 3 steps, under which is a trophy of arms for the use of the builders in case of urgent necessity.

Lower down are figured the vases, urns, and other sacred ornaments of both Temples, the Manger, Sea, the Table of bread of proportion, the Candelsticks with 7 branches, the altar of perfumes, placed immediately below the steps, and surrounded by the instruments of the sacrifice.

In the center of the draft below the 7 steps is the Bible, Square and Compass.—

Somewhat lower on another Line, on the right hand, are represented a shovel, trowel & Carving hammer, and on the 3rd line on the above side, a Level, perpendicular cube, Triangle and a quadrangle, so disposed that they may occupy the whole Lodge from North to South on the same line.

Upon another line is placed triangular wise a rule, chisel, & mallet and in the center of the void upon the bank of the river, the word JUDAH on the initial J.

You see in the north a square stone with a ring on it, and the opening of it covered, being the representation of Enoch's Temple, which was built under ground and was composed of 8 Arches—and in the south you see an Egyptian pyramid.

The draft towards the west end is traversed from North to South by the River Euphrates, called by the Knights of the East STARBIZANAT, over the middle of which is a wooden bridge, for the passage of Free Masons to get to JUDAH. On the bridge are seen the 2 initials Y & H which means, a free
passage to Free Masonry. You see floating in the river heads, halberd-shaped bodies & limbs, broken crowns & sceptres.—

On the west side of the river, opposite to the bridge is the word Syria, and at each extremity of the river, on the same side, is represented a Column of chains & Triangular links, and in the middle of these chains, the Candlestick of 7 branches oversea.

On the right is a mountain, on which is the letter T representing the quarry of Tyre from whence the stone was taken for the construction of the Temple—and on the left is a mountain with the Letter L representing Mount Lebanon, from which the timber was taken. Below the Mount is a small oblong square Tomb of Sedecia, the last King of the race of David.

On the West side of the Bride, and opposite to it, are the two broken Columns of B & J crossing each other.

At the bottom of the draft is represented the plan of the City of Babylonia in ruins.—Underneath the Quarry of Tyre, is a heap of triangular chains broken.—

Each article of the explanation of the draft includes a mysterious sense, which will be explained to you in the instructions which will be hereafter given to you—at least, such a part of it— as is consistent with the degrees you have received. The rest must remain an enigma, until the moment when truth shall be wholly revealed to you in the higher degrees. Happy moment! When Free Masons shall be wholly attached to the first principles of the Craft, as that only can give us any rational arrangement, on a solid and permanent situation of happiness. Happy are they who are initiated into our mysteries, but happier are they whose virtues render them deserving of it.

2 Zedekiah.

says—"Proceas the Council is Open."

crown of hall on.

All the Princes return the salute in the same manner, holding their hats in their
left hands, pulling the point of their swords to their heart, bowing, when they take
their seats.
§. Reception

The Candidate stands on the outside of the Council door, covered with a large black cape from his head to his breast, and stands so near that the Guard within can hear his sighs.

As soon as the inner Guards hear his sighs he half opens the door, to see what is the matter, and seeing him to be a man in mourning, he shuts the door quickly, and goes and acquaints the Grand General of the Army with it, who leaves his seat without speaking, goes to the Candidate and asks him the following questions, which he answers, being promoted by the Guard without (in a severe tone of voice)—What do you want here?

A. I beg you will procure me the honor of speaking to the King.

Q. Who are you?

A. A Jew by nation, a Prince by blood, descended from the reigns of David of the tribe of Judah.

Q. What is your name?

A. Zerubabel.

Q. What is your age?

A. Eighty One years.

Q. What motifs bring you hither?

A. The tears and distresses of my brethren.

Then the General of the Army says—"Wait awhile. I will go to the King, and intercede for you."

He then strikes the bottom of the door with his foot, it is opened by the guard who requisitioning the general gives him admittance, who goes to the foot of the Throne, and relates to the Sovereign what he had heard—who orders him to admit Zerubabel with his face veiled with a cape.
The General, bowing profoundly, goes to Zerubbabel and says to him—"You have found grace before the greatest of the Kings of the Earth, he suffers you to appear in his presence veiled."

The General of the Army then gives an stroke on the door, which is opened, and he introduces the Candidate, covered with black cloth. The Guaits having previously examined him, that he consists no arms, with which he might attempt the life of the Sovereign.

As the Candidate passes through the council all the Knights stand with their swords drawn or their lances in their hands, and their hats on.

The general conducts the Candidate to the foot of the throne where he kneels. The Minister of Scales, unveils the face, and asks him the following questions—

Q. What brings you hither?
A. I come to implore the Bounty & Justice of the King.
Q. On what occasion?
A. To beg a grace for my Brethren Masons, who have been in captivity these 72 years.

A signal is made to Zerubbabel to withdraw, who is conducted to the door by the General of the Army, and is escorted out by some of the Guard, the others shut the door.

The Sovereign then addresses the Knight as follows:—Princes, I have for a long time past meditated on giving the Captive Masons their liberty, it troubles me to see these people in chains. Their God, whom they call their Mighty God,
has appeared to me in a vision, and me thought this gud, threatened me, like a raging Lion, ready to fall on & devour me. Me thought I heard two words from his mouth, which signifies in our language "Give my people their Liberty, or they shall surely die." From you, therefore beloved Prince, I expect council, what must I do with the people of Zerubabel.

The King having ceased speaking, the whole Council observes a profound silence. The Minister of State, gathers the suffrages of each Knight, and reports the same in the King's right ear, who commands the General of the Army to introduce Zerubabel. After introducing him with a white robe, girted with a broad green ribbon, and in this situation he brings him up to the throne, when falling on his knees, the King says—

Rise, I grant your request, I consent that Israel be set at liberty, and that they may be permitted to return to their own Country, or remain in my dominions. And that you may be enabled to build a temple to the Mighty God, all the vestes & ornaments of the old Temple, shall be restored for the adornment of the new. Furthermore, I appoint you Chief of all the Jewish Nation, and command that they obey you as such, and as an authentic mark of my good will I shall arm you with a terrible sword to combat your enemies and make you formidable to such of your Brethren as might oppose the Country to cabal against you. I command my general Satraptanes to instruct you in the art of war.

As soon as the King has admitted Zerubabel with a sword, he is conducted by the General of the Army to one side of the Council, where he withers him the method of making himself known, and asks him the following questions; the answers to which are promptly by Ministers.—

Q. Where is your Country situated?
A. Beyond the River Euphrates to the East of Syria. its name is Judea.
Q. What are the names of those who are captive?
A. Israel. Divided into tribes, that of Benjamin and Juda.

After these questions, Starchamis says to him—My dear Brother, I rejoice at the favor you have received from our Sovereign. By his bounty you and your nation are now become free. He has armed you with a sword, to defend against yourself against the attacks of your enemies; by the authority he has given me, I will decorate you with a ribbon to which is suspended the Jewel of the order, a sword. You must wear it from the right shoulder to the left hip.

   Sign.—Carys your right hand to your right shoulder, and in a serpentine manner bring it down to the left hip where the saber lies, which you draw and raise, as if you were going to engage an enemy. The other answer the same.
   Token.—Clutch the fingers of the left hand with a Brothers left hand, as if you were repulsing each other, to obtain a free passage, putting the points of the sabers reciprocally on each others heart. One says JUDAH, the other answers BENJAMIN.
   Pass Words.—The Pass Words are YAMERON HAMAHA, Liberty of Passage.
   Grand Word.—In order to make yourself known in a Council you must give the Grand Word, which is ROY COPEN, which signifies a true Mason.

The Candidate is then led to the altar where he kneels and takes the following
§. Obligation.

I — do swear and solemnly promise and engage in the presence of the grand Architect of the Universe and before all the Brethren Knights of the East, here assembled, on the faith of an honest man and Free Mason, to be faithful to my religion, and to the laws of the country I live in, as far as in my power, and that I never will reveal the mysteries of the order of the Knights of the East or Sword, and never to consent to receive or to initiate any to this degree, but a Brother who I am convinced, will be strictly conformable to the ancient statutes & constitutions of the order, under the penalty of being dishonored, and losing the title of a Free Mason, and of being deprived of the advantages of the Council. I also promise to recognize in any part of the earth, the Princes of Jerusalem, as the Chiefs of Masonry, to render them as such all the honor & homage due to their dignity, and to do my best to merit & aspire to that eminent degree. So may God maintain me in uprightness & Justice. Amen. Amen. Amen.

After which the Candidate has the Draft expounded to him. The Grand Orator then recites the following:

§. History.

The Knights of the East date their origin from the captivity of Babylon, where the Israelites remained 70 years, & after the siege of 2 years, they had their liberty granted them by Cyrus King of Persia, by the solicitations of Zerubabel, a Prince of the tribe of Judah, descended from the race of David, and Nehemiah, as High Priest, and of a distinguished family. Cyrus permitted them to return to Jerusalem, and to rebuild the temple, for which purpose, he restored to them all the ornaments which had been carried away at the distinction of Solomon’s Temple by Nebuchadnezzar, General of Nebuchadnezzar’s Army. The ornaments & utensils restored to them amounted to 7410.
He entrusted the whole to Zerahbel, commanding him to build the new temple 70 cubits high, and as many broad. He issued an edict enjoining all his subjects, to let the Free Masons pass through their dominions without giving them any molestions, under the pain of death to those who should infringe his commands. He ordered Satarbuzanes, his General, to teach Zerahbel the art of war, he armed him as a Knight, and gave him power to confer the same degree on each of the masons whom he should judge worthy of so distinguished an honor.

Zerahbel then assembled all the I mamites to the number of 42,360, exclusive of slaves. He selected those Free Masons who escaped the general slaughter & fury of the soldiery at the destruction of the Temple, and amounted 7000 of them. He armed them all Knights, and placed them at the head of the people, to fight such as should oppose their passage on the road of Judea. The march of the Ismaelites was prosperous, until they arrived at the banks of the Euphrates or Sarabuzani, which separates Judea from Syria. The Knights masons who arrived there first, found armed troops disposed to hinder them, from passing the bridge, on account of the treasure of the Temple, which they carried along with them. Neither the remonstrances of the Knights, nor the edict of Cyrus was able to restrain their insolence. They fell upon the Knights, who repulsed them with such ardor, that while they were all, either drowned, or cut to pieces, on the bridge.

After this victory, Zerahbel caused an altar to be erected on the field of battle, on which he offered sacrifices to the God of Armies, who had fought for Israel. He took YABERON HAMMAIM for a Pass Word, as it signifies Liberty of Passage.

The Ismaelites passed the river, and arrived at Jerusalem, after a four months march, on the 22d of June, at 7 o'clock in the morning.

After a rest of 7 days, the Architects with their associates, began to lay out the New Temple. They divided the workmen into classes, each of which had a chief, and 2 assistants. Each degree in every class, was paid according to their rank in the work, and each had his respective word.

166
The word of the 1st Class was JUDEA, and were paid at the Column which stood at the entrance to the Temple. The word of the 2nd Class was BENJAMIN, and received their wages at the Portico. The 3rd Class received theirs in the middle of the Temple, after pronouncing YAMERON HAMAHM. The same order was observed at the construction of the new temple, as was practiced in the building of the first.

The work was begun when the Knights Masons were disturbed by false brethren from Samaria, who jealous of the glory, which the tribes of Judah and Benjamin would acquire, being now free, resolved to make war against them, and defeat their design of re-building the Temple. But Zerubabel, being informed of their intentions, immediately gave orders that all the workmen should be armed, with the trowel in one hand and the sword in the other, that whilst they worked with the one, they might defend with the other, and be able to repulse the enemy if they should present themselves. The construction of the new temple lasted 40 years. It was begun in the reign of Cyrus, and was finished in that of Antiochus—this Temple was consecrated in the same manner as the first was, by Solomon.

The Decalogue and the ordinances of Moses were observed anew, and a chief was appointed to govern the nation. He was chosen from among the Knights Masons, called Knights of the East, because they were freed and created Knights by Cyrus, King of Persia.

Their 2nd Temple having been destroyed by the Romans, the Knights Masons of the present age, are descendants of those who constructed it, were obliged, under the conduct of Zerubabel to raise a third in the glory of the Grand Architect of the Universe.

§. Form of the Reception.

The Candidate must be in the Anti-Chamber where, after he has remained for some time, the Master of Ceremonies goes to him, blusters him & conducts him to the door, and announces him by 5 knocks, when the door is opened, he introduces and carries him to the doors to Zanibebe, who examines for what purpose he comes before him. He answers that he comes on an Embassy to the Great King Davus to campaign against the Sarmanites. Zanibebe answers that the grand King Davus was not there, but that will be the road he must follow. They then give him a light and arm him with a naked sword & bucket. They also give him the Garments of the Knights of the Earth, when he is conducted to their Great King Davus, clarifying and summoning his sword as if fighting his way. He must also be accompanied by 4 Princes. When he arrives before the Great King Davus, he delivers the subject of his embassy as follows——

“I am come with my 4 companions Knights Princes of Jerusalem, with a Deputation from the people of Jerusalem, & as their ambassador to pray for
Justice against the Samaritans, who refuse to contribute to the rebuilding of the holy temple, & to furnish the requisites for the sacrifices & other necessity.

The Great King Cyrus then gives him a letter, which having received, he takes his leave of the King, & returns back by the same road he came, translating his sword as if fighting with his enemies, when he arrives he is conducted to Prince Zerubabel & delivers him the letter, who orders it to be read and is as follows—

"We, Darius, King of Kings, willing to favor & protect our dear people of Jerusalem after the example of our Most Illustrious predecessor King Cyrus, having heard the complaint against the Samaritans, we will and do ordain that they shall continue to pay the tribute which they owe for the support of the sacrifices of the Temple, otherwise we shall punish their further disobedience. Given in our Grand Court, the 4th day of the 2nd Month in the year 3534 & in the 34th year of our reign."

After which Zerubabel congratulates them on their success & orders that the people be informed thereof, and then gives the following

I promise & engage on my sacred word of honor, in the presence of Almighty God, and the Most Excellent Princes of Jerusalem of the Grand Council here present never to reveal to the Knights of the East, or Sword, or any other person below this degree the secrets which are now going to be communicated to me, under the penalty of being destroyed for ever, to be devoured of all my clothing, & my naked body exposed to every afflication, torture & hardship that can be inflicted on me, my heart to be pierced with a dagger until my blood is drawn forth. I further promise & swear never to fight or combat with any Brother of this degree, nor disfavor him, but to do him all the good in my power. So God maintain me in uprightness & Justice. Amen.
After he has taken this obligation he is conducted out of the Council, & goes from Jerusalem, accompanied by 4 of the Princes, in imitation of Prince Zerubabel, whom he represents at the head of the Embassy, the road that he traveled in the council represents the road which Zerubabel traveled from Jerusalem to Babylon, the combast & fighting which he performed is figurative of that which Zerubabel performed against the Samaritans in his route—his travel being finished he is presented to Prince Zerubabel to whom he gives an account of his journey and the subject of his embassies.

He returns by the same road, where he meets with the same obstructions, which he combats and overcomes, in that he imitates the celebrated depuration which was sent from Jerusalem to the Great King Darius—being returned from his journey he is again presented to Zerubabel to whom he delivers the letter he received from the Great King Darius, which indicates the return of the embassy from Babylon to Jerusalem, Zerubabel reads & gives orders that the people be informed of the success of the embassy. He departs the Council to return against with honor when he is shown by particular friendship the magnanimity with which the embassy was received in Jerusalem, when the mysteries are made known to him, which represents the power given by the people of Jerusalem to their ambassadors.

As a recommendation for their glorious success, that being finished, the signs, tokens, the pass word and sacred word are given to him, with the manner of entering the Grand Council at the time of his knocking at the door for admission.

Age.—The age of a Prince of Jerusalem is 5 times 15.

3. History.

The Samaritans having refused to pay the tribute for the sacrifices of the Temple, Zerubbabel sent 5 ambassadors of Knights of the East to the Great King Darius whose residence was at Babylon to press his complaints to him. The Samaritans having notice thereof assembled to oppose their passage, but those Knights being filled with zeal and courage valiantly fought and forced a passage to Babylon, where they made known the subject of their embassy to the Great King Darius.

The King, to render them justice, gave them a letter in which he ordered the Samaritans to submit themselves and pay a tribute to the Jews, his allies. On their return to Jerusalem they were received in royal pomp and magnificence. The people met them without the city & accomplished them, singing songs of joy and praise for their happy return.

They proceeded to Zerubbabel to whom they delivered the letter of the Great King Darius—Zerubbabel read it with a loud voice and gave orders to inform the people of the embassy, & that the Great King Darius had graciously granted their request & in consequence of their fidelity & courage they were appointed Governors and Princes of Jerusalem to render Justice to the people. They were
ornamented with habits of gold stuff, most rare and precious. They were decorated with a yellow ribbon which hung from the right shoulder to the left hip, to which was suspended a medal of gold upon which was engraved a balance, to show that they ought to conduct themselves with Justice and Equity. There was also a hand of Justice on the reverse side of the medal, as a mark of their authority over the people, as Princes of Jerusalem, which dignity was offered to them as a recompense for their services rendered & the courage they manifested in protecting the workmen in the construction of the Temple, & on the enemy. They assembled in the two chambers of the Temple to render justice to the people. This, my dear Brother, is an exact abridgement of the origin of the Princes of Jerusalem.

4. Duties & Privileges Of Princes Of Jerusalem

Princes of Jerusalem are chiefs of Masonry—they have a right to inspect all Lodges, & councils, as far as the Knights of the East, they can revoke & insert all the work done in such, if found repugnant to the Constitution and Laws of Masonry.

When a Prince visits a Lodge or Council of Masonry, he must be decorated with his proper clothing & crown to make himself known, that he is a Prince of Jerusalem—upon which the Sovereign or Venerable Master must salute a Brother of that Degree (If there is such in the Lodge) to try & measure him, this done he enters with the council or Lodge to give an account that the visitor is such as has been announced. If it is in a Council the Sovereign opens the door to be thrown wide open, he calls to order, to form the Arch of Steel, & places the to his right hand, and does him as the master due to him. If it is in a Symbolic Lodge, the visitor must be known as a Prince of Jerusalem, to some Brother in the Lodge of the same degree, and must declare his word of honor that he is such. The Worshipful deputes 4 of the most eminent Brothers if the Lodge at the same time he ought not to receive those of their places who are in office. These deputes accompany next to the door, which is then opened, & the Arch of Steel is formed. They give him the most amiable place, & if the Worshipful is not
Prince of Jerusalem, he must offer him his place and escort to the visitor, who is
given liberty to accept or refuse it. When he leaves the Lodge, the same ceremonies
are performed as at the time of his entry.

   A. They had a yellow sash hanging from their right shoulder to the left hip,
      at the end of which was engraved a balance, a two-edged sword, 5 stars with
      the letters D:Z:; which signifies Darius & Zerubabel.

Q. Why all these attributes?
   A. To remind them, that they ought at all times to conduct themselves with
      equity.

Q. What does their habit represent?
   A. The Temple of Solomon—the courage that was displayed in the
      rebuilding; the square and compass & rule were the tools which were made
      use of; the sword and the shield are the arms of the Prince and Knight, made use
      of to defend the workmen while they were constructing the Temple; the hand of
      Justice shows the power of the Prince of Jerusalem.

Q. Why is the habit commonly called an apron?
   A. To remember that it was by its means they arrived to the high degree of
      Prince of Jerusalem.
8. To Close.

Sovereign.—Thrice Illustrious Britann Valorous Princes Most Enlightened, what hour is it actually?

General.—Most Illustrious Most Valorous & Most Equitable Sovereign, the sun has traversed half his career, and Justice has been done to the people.

Q. Thrice Illustrious & most Enlightened princes, proclaim that I am going to close this Grand Council by the mysterious numbers.

A. Thrice Excellent & most valorous Princes, the Sovereign of Sovereigns announces that the Grand Council is about to be closed.

A short silence then ensues, after which they all arise, then the Sovereign strikes 5 with his sword on the Table 7 says—"This Council is closed," which is repeated by the Grand Wardens with the 5 strokes, then all the Brethren strike 5 and the Council is closed.

A full Grand Council must be composed of 24 Knights. The Venerable Master is called "All Puissant", the Warners and the 21 other Brothers, are called Respectable Ancients. If there are more Brethren present, they are styled Respectable Knights, and are placed North and South, behind the small canopys. The 1st canopy at the right side of the Puissant is always vacant for the Candidate.

All the Brethren are clothed in white, with a zone of gold round their waist, long white beards, and golden crowns on their heads.
The Knights in their ordinary habits, wearing a broad white ribbon from the right shoulder to the left hip, with the jewel suspended thereto. They also wear the cross of the Order to a black ribbon round their necks.

The All Powerful has his right hand on a large Bible, which lays on the preeptorial, and from which it suspended seven large seals.

The draft of the Council is an Octagon in a circle, over the angles these letters, B.D.W.P.H.G.S. in the center, a man clothed in a white robe, with a pair of silver round his waist, his right hand extended and surrounded by 7 stars, he has a long white beard, a hand surrounded with a glory, a two edged sword in his mouth—seven candelabras round him, and over them the following letters H.D.P.I.P.R.C.

Aron.—White lined with red, bordered with yellow or gold, on the Aron is painted a two edged sword, surrounded with the 7 Holy letters, or the Aron may have the plan of the draft painted on it.
3. To Open.

The All Puissant, with his right hand on the Bible seated with seven seals, commands—"Venerable Knights, Printes, what is your duty?"

A. To know if we are secure.

Q. See that we are so.

A. All Puissant, we are in perfect security.

The All Puissant strikes 7 times and says—"Respectable Knights, Printers, the Grand Council of Knights of the East and West is open. I claim your attention to the business thereof."

A. We promise obedience to the All Puissant commands.

They rise and salute him, when he returns the compliment and requests them to be seated.
§. Reception.

The Candidate must be in the Ante-Chamber, which must be hung with red, and lighted by 7 lights, where he is clothed with a white robe, as an emblem of purity and innocence of his life and intentions. The Master of Ceremonies brings him barefooted to the Council Chamber door, on which he knocks 7 times, which is answered by the All Powerful, who desires the youngest Knight to go to the door, and demand who knocks.

The Master of Ceremonies answers—It is a valiant Brother and Most Excellent Prince of Jerusalem, who requests to be admitted to the Venerable and All Powerful.

The Knight reports the same answer to the All Powerful, who desires the Candidate to be introduced.

The Most Ancient, Respectable Senior Grand Warden then goes to the door, and takes the Candidate by the hand, and says—"Come, my dear Brother, I will show you mysteries worthy the contemplation of a sensible man. Give me the Sign, Token, and Word of a Prince of Jerusalem."

After which the Candidate kneels on both knees, about 6 feet from the throne, when the Most Ancient Respectable Senior Grand Warden says to him—"Brother, you have always borne in memory the obligations of your former degree, and that you have, as far as in the power of Human Nature, lived agreeably to them?

Cord. I have ever made it my study, and I trust, my actions and life will prove it.

Q. Have you particularly regarded your obligations as a Sublime Knight of Perfection, Knight of the East and Prince of Jerusalem, Do you recollect, having injured a Brother in any respect whatever? Or have you seen or
known of his being injured by others, without giving him timely notice, as far as was in your power? I pray you answer me with candor.

Cand.—I have to all respects done my duty, and acted with integrity to the best of my abilities.

The All Puissant says—"You will be pleased to recollect, my Brother, that the questions which have now been put to you are absolutely necessary for us to demand, in order that the purity of our Most Respectable Council may not be sullied; and it behoves you to be particular in your recollection. As the indispensable ties which we are going to lay you under, will, in case of your default, only increase your sins and serve to hasten you sooner to destruction, should you have deviated from your duty.—Answer me my dear Brother.

Cand.—I never have.

The All Puissant says—"We are happy, my Brother, that your declaration coincides with our opinion, and are rejoiced to have it in our power to introduce you into our society. Increase our joy by complying with our rules, and declare if you are willing to be united to us by taking a most solemn obligation?"

Cand.—I cordially wish to receive it and to have the honor of being united to so respectable and virtuous a society.

The All Puissant orders one of the Knights to bring an ewer containing some perfume, a basin of water, and a cloth white rapien to the Candidate, who washes his hands.

The All Puissant says—"It is necessary my Brother we should always appear in the presence of the Grand Architect of the Universe, with pure hands and hearts."

Then the Candidate is brought close to the foot of the throne, where he kneels on both knees, and placing his right hand on the Bible, his left hand between the hands of the All Puissant, in which position he takes the following.
§. Obligation.

1. — do promise and solemnly swear & declare, in the awful presence of the only One Most Holy, Omniscient, Almighty, and Most Merciful Grand Architect of Heaven & Earth, who created the universe and myself through his infinite goodness, and conducts it with wisdom and justice—and in the presence of the Most Excellent and Upright Princes and Knights of the East and West, here present in conclave and Grand Council, on my Sacred Word of Honor and under every tie, both moral and religious, that I never will reveal to any person whatsoever below me, or to whom the same may not belong, by being legally and lawfully initiated, the secrets of this Degree which are now about to be communicated to me, under the penalty of not only being disowned but to consider my life as the immediate forfeit, and that to be taken from me with all the tortures and pains to be inflicted in manner as I have consented to in my preceding degree.

Further promise and solemnly swear, that I never will fight or combat with my Brother Knights, but will, at all times, when he has justice on his side, be ready to draw my sword in his defense, or against such of his enemies who seek the destruction of his person, his honor, peace or prosperity—that I never will revile a Brother, or suffer others to reflect on his character in his absence, without informing him thereof, or causing it myself, at my option; that I will remember on all occasions, to observe my former obligations, and be just, upright, and benevolent to all my fellow creatures, as far as is in my power.

Further solemnly promise and swear that I will pay due obedience and submission to all the degrees beyond this, but particularly to the Prince of the Royal Secret, and the Supreme Council of Grand Inspectors General of the 3rd, and regulate myself by their determinations, and that I will do all in my power to support them in all justifiable measures for the good of the Craft, and advantage of Masonry, agreeably to the Grand Constitutions. — All this I solemnly swear and sincerely promise, upon my sacred word of honor, under the penalty of the severe wrath of the Almighty Creator of Heaven and Earth.
and may be have mercy on my soul, on the great and awful day of judgment, agreeably to my conformity thereto. — Amen, Amen, Amen.

The All Puissant then takes the overfilled with perfumed ointment, and anoints the Head, Eyes, Mouth, Heart, the tip of his right Ear, hand, and foot, and says—"You are now, my dear Brother, a member of our society. You will recollect to live up to the precepts of it, and also remember that those parts of your body, which have the greatest power of assisting you in good or evil, have this day been made Holy."

The Master of Ceremonies then places the Candidate between the two Wardens, with the craft before him.

The Senior Warden says to him—"Examine with deliberation and attention everything which the All Puissant is going to show you."

After a short pause, he says—"Is there mortal here worthy to open the book with the seven seals?"

All the Brethren cast their eyes down and sighed. — The Senior Warden, hearing their sighs, says to them—"Venerable and respectable Brethren, be not afflicted—here is a victim (pointing to the Candidate) whose courage will give you content."

S.W. to the Candidate — "Do you know the reason why the ancients have a long white beard?"

Cand. — I do not, but I presume you do.

S.W. — They are those who come here after passing through great tribulation, and having washed their robes in their own blood—will you purchase your robes at so great a price?

Cand. — Yes I am willing.
The Wardens then conduct him to the basin, and bare both his arms—they place a ligature on each, the same as in performing the operation of blood-letting. Each Warden being armed with a lancet, makes an incision in each of his arms, just deep enough to draw a drop of blood, which is wiped on a napkin, and shown to the Brethren.

The Senior Warden then says—"SIR, my Brother, a man who has spilled his blood to acquire a knowledge of our mysteries, and shrank not from the Trial."

Then the All-Potent opens the 1st Seal of the Great Book and takes from thence a bone awn, filled with arrows, and a crown, and gives them to one of the Aromen, and says to him—"Depart and conquer the conquest."

2nd—He takes the 2nd Seal and raises a sword and gives it to the next aged, and says—"Go, and destroy peace among the profane and wicked Brethren, that they may never appear in our Council."

3rd—He opens the 3rd Seal and takes a balance and gives it to the next aged, and says—"Dispense rigid justice to the profane and wicked Brethren."

4th—He opens the 4th Seal, and takes out a seal, and gives it to the next aged, and says—"Go, and endeavor to convict the wicked that death is the reward of their guilt."

5th—He opens the 5th Seal, and takes out a cloth, stained with blood, and gives it to the next aged, and says—"When the time, that we shall revenge and punish the profane and wicked, who have destroyed so many of their Brethren by false accusations."

6th—He opens the 6th Seal and at that moment the sun is darkened and the moon stained with blood.

7th—He opens the 7th Seal, and takes our incense which he gives to a Brother, and also a vial with 7 Trumpets, and gives one to each of the seven aged Elders. After this the 4 old men, in the 4 corners, show their instructed
bladders, representing the 4 winds, when the All Piousant says,—"Don't strike the profane and wicked, until I have selected the true & worthy Masons.

Then the 4 winds raise their bladders,

1st.—And one of the trumpets sounds, when the 2 Wardens cover the Candidate's arms, and take from him an apron & jewel of the last degree.

2nd.—The second trumpet sounds, when the Junior Warden gives the Candidate the apron and jewel of his degree.

3rd.—The third trumpet sounds, when the Senior Warden gives him a long white beard.

4th.—The fourth trumpet sounds, and the Junior Warden gives him a crown of gold.

5th.—The fifth trumpet sounds, and the Senior Warden gives him a globe of gold.

6th.—The sixth trumpet sounds, and the Junior Warden gives him the sign, token, and words.

7th.—The seventh trumpet sounds, on which they all sound together, when the Senior Warden conducts the Candidate to the vacant canopy.

8. Signs, Tokens & Words.

Sign.—One looks to the right shoulder, and is answered by the other looking to the left shoulder.

Token.—One puts the right hand to the left shoulder and looks to the right, the other his left hand to the right shoulder and looks to the left.

Words.—One says ABADON, the other answers JABILUM, which signifies angel of Abyss.
3. Origin of this Degree.

When the Knights and Priests were embodied to conquer the Holy Land, they took a cross to distinguish them, as a mark of being under its banners. They also took an oath to spend the last drop of their blood to establish the true religion of the Most High God. Peace being made, they could not fulfill their vows, and, therefore, returning home to their respective countries, they resolved to do in theory what they could not do by practice—And determined never to admit or initiate, any into their mystic ceremonies, but those who had given proofs of Friendship, Zeal, and Discretion. They took the name of Knights of the East and West, in memory of their banners and the place where the order began; and they have ever since invariably adhered to their ancient customs and forms of Reception. In the year 1118, the first Knights, in the number of Eleven, took their vows between the hands of Garabos, Patriarch and Prince of Jerusalem, from whence the custom is derived of taking the obligation in the same position.

192
§. Lecture.

Q. Are you a Knight of the East and West?
A. I am.

Q. What did you see when you were received?
A. Things that were marvellous.

Q. How were you received?
A. By water and the Effusion of Blood.

Q. Explain this to me?
A. A Mason should not hesitate to spill his blood for the support of Masonry.

Q. What are the emblems of the Grand Council?
A. Superb throne—sun, moon, perfumed incense, and a basin of water.

Q. What is the figure of the Draught?
A. An heptagon within a circle.

Q. What is the representation of it?
A. A man vested in a white robe with a golden girdle round his waist—round his right hand 7 stars, his head surrounded with a Glory—a long white beard, a two-edged sword across his mouth, surrounded by 7 candlesticks, with these letters: H.D.P.I.P.R.C.

Q. What signifies the circle?
A. As the circle is finished by a point, so should a Lodge be united by Brotherhood love and affection.

Q. What signifies the Heptagon?
A. Our mystic number which is enclosed in seven letters.

Q. What are the seven letters?
A. B.D.W.P.H.G.S., which signifies Beauty, Divinity, Wisdom, Power, Honor, Glory and Strength.

Q. Give me the explanation of these words?
A. BEAUTY, to adorn; DIVINITY, the Masonry is of divine origin; WISDOM, a quality to invent; POWER to destroy the profane and unworthy Brethren; HONOR is an indispensable quality in a Mason, that he may support
himself in his engagements with respectability, GLORY that a good Mason is on an equality with the greatest prince, and STRENGTH is necessary to sustain us.

Q. What signifies the seven parts?
   A. The seven qualities which Masons should be possessed of—Friendship, Union, Submission, Discretion, Fidelity, Prudence and Temperance.

Q. Why should a Mason be possessed of these qualities?
   A. Friendship is a virtue that should reign among Brothers. Union is the foundation of society. Submission, to the laws and regulations, and decrees of the Lodge, without murmuring. Discretion, that a Mason should always be on his guard, and never suffer himself to be surprised; Fidelity, in observing strictly our obligations; Prudence, to conduct ourselves in such a manner that the profane, though jealous, may never be able to censure our conduct; and Temperance, to avoid all excesses that may injure either body or soul.

Q. What signifies the 7 candlesticks, with their 7 letters?
   A. Seven crimes, which Masons should always avoid, viz. flared, Discord, Pride, Indiscretion, Perfidy, Rashness and Calamity.

Q. Why are the reasons that Masons should particularly avoid these crimes?
   A. Because they are incompatible with the principles and qualities of a good Mason, who should avoid doing an injury to a Brother, even should he be ill treated by him; and unite in himself all the qualities of a good and upright man. Discord is contrary to the very principles of Society; Pride prevents the exercise of humanity; Indiscretion is fatal in Masonry; Perfidy should be executed by every honest man; Rashness may lead us into unpleasant and disagreeable situations; and Calamity, the worst of all, should be shunned as a vice which saps the very foundation of friendship and society.

Q. What signifies the two-edged sword?
   A. Expresses the superiority of this degree over all others that precede it.

Q. Are there any higher degrees than this?
   A. Yes, there are several.

Q. What signifies the book with 7 Seals which none but one can open?
A Lodge or Council of Masons, which the All-Potent alone has a right to convene and open.

Q. What is enclosed in the first seal?
A. One bow, one arrow, and one crown.

Q. What in the second?
A. A two-edged sword.
Q. What in the third?
A. A Balance.

Q. What in the fourth?
A. Death's head.
Q. What in the fifth?
A. A cloth stained with blood.

Q. What in the sixth?
A. The power to daube the Sun, and dinge the Moon with Blood.

Q. What is in the 7th Seal?
A. Seven trumpets and perfumes.

Q. Explain these things to me.

A. The bow, arrow, and crown, signifies that the orders of this respectable Council should be executed with as much quickness as the arrow flies from the bow, and be received with as much submission, as if it came from a crowned head, or chief of a nation. The sword, that the Council is always armed to punish the guilty. The balance is a symbol of justice. The skull is the image of a Brother who is excluded from a Lodge, or Council. This idea must make all tremble, when they recollect the penalties they have imposed on themselves under the most solemn obligations. The cloth stained with blood, that we should not hesitate to spilt ours for the good of Masonry. The power of obscuring the sun and tingling the moon with blood, is the representation of the power of the Superior Councils—in interdicting their works, if they are irregular, until they have acknowledged their error, and submitted to the rules and regulations of the Craft, established by the Grand Constitutions. The seven Trumpets and perfumes, signify that Masonry is extended over the surface of
the Earth, on the wings of fame, and supports itself with honor.—The perfumes
mark that the life of a good Mason should be free from all reproach.

Q. What age are you?
A. Very Ancient.
Q. Who are you?
A. I am a Persian.
Q. From where came you?
A. From Persia.

END OF THE LECTURE
§. To Close.

Q. What is the Clock?
A. There is no more time.

The All Puisant arken 7 and says—“Venerable Knight, Prince, the Council is closed.”

The two Warrens repeat the same and the Council is closed.

5. Form of Reception

When a Brother wishes to receive this high degree, he must produce his certificate of Knight of the East, Prince of Jerusalem, and Knight of the East & West. The following articles must be read to him, to which he must agree before he can be received.

14th. He must present at the door of the Chapter the following petition, & must have one of the Brethren read it—

"Brother —— who is a Knight of the East, Prince of Jerusalem, & Knight of the East & West, beg leave to represent to the Sovereign Chapter the earnest desire he has to arrive to the Sublime Degree of Rose Croix, the point of Perfection of Masonry. & that you will be pleased [being at present assembled] to admit him among the number of Knights, if he is found worthy. And your petitioner shall never cease to make vows to Heaven, for the prosperity of the Order & good health of all the Brethren."

After the petition is read the Candidate must sign it.

2nd. The Candidate must remain on his knees, at the door of the Chapter, until the answer is thrown to him on the floor by a Knight, when he rises & reads it. In the answer he will find the day appointed for his reception, and the name of the Knight who is to give him the necessary instructions. The Knight who is
named in the answer, directs the Candidate to procure three pairs of gloves, [one pair of which must be women's] & two strips of fine sealing wax for the seals. He also directs him to present to each of the Brethren, one pair of men's & one pair of women's gloves, and two sticks of sealing wax.

3d. He must make a donation of at least 5 dollars to the Superior Lodge, Chapter or Council of the Sublime Degree, which must be done before he is received. & may be appropriated either to defray the expenses of the order or be given to the poor. He must also present to the Lodge three white wax candles for the Master, & two to each of the Knights, at his reception previous to his entering into the inner apartment.

4th. He must solemnly engage on his honor, never to reveal the place where he was received, who received him, nor those who were present at his reception.

5th. He solemnly promises to conform to all the ordinances of the Chapter, & keep himself uniformly clothed as far as he is able.

6th. He must promise to acknowledge his Master at all times & in all places, never to confer this degree without permission. & to answer for the probity & responsibility of those whom he proposes.

7th. That he will be extremely cautious in granting this degree, that it may not be multiplied unnecessarily. If the Candidate promises to perform these requisitions he may be admitted.

4. Title of the Order

This order, which is the NEC PLUS ULTRA of Masonry, has different titles. It is called Rose Croix from the rose on the cross of the jewel, being emblematical of the Son of God, who is compared to a rose by the Evangelist—Knights of the Eagle, because of the eagle represented in the jewel. Knights of the Pelican, emblematical of the Son of God who shed his blood for the great family of mankind—De Heroden, because the first Chapter of this degree was held on a mountain of that name, situated between the west and north of Scotland, and where there is at this day the Superior Lodge and residence of the Seventy Grand Chapter.
They meet in an old castle belonging to the Knights of the Rose Croix. It is from this circumstance that three-fourths of the Lodges of England took the name of the Rose Croix de Heroden, and the other fourth the name of Rose Croix, Knights of St. Andrew, because the first Masons of Scotland made a procession every year on the festival of that Saint—and because it is the day of their regular constitution, which has induced many to call a St. Andrews, which also is in commemoration of the troubles of that country. The form of the true jewel being lost, they substituted the cross of St. Andrew. Though the ceremonies of this degree have no connection with that jewel. They are yet worn in the Lodge of Columbia, suspended to a red ribbon in the form of a collar. In Berlin to a green ribbon—they also wear it on a button hole.

Jewel.—The jewel of this degree is a compass of gold extended to 60 degrees. The head of the compass is a covered rose, the point of which comes to a point. In the middle of the compass is a cross, the foot of which rests on the middle of the circle, and the head touches the head of the compass. On one side an eagle, touching a quarter of the circles, the wings and head reclining. On the other side a pelican picking its breast to nourish its young which must be in a nest under it. On the head of the compass must be a crown. On the circle must be engraved on one side, the Knight in hieroglyphics, on the other side the pass word. The jewel must be of gold—the eagle and pelican of silver. It is worn in a collar of a bright red color, of at least three inches broad, edged with black—a rose at the lower end and a black cross on each side. The Knights must wear this jewel in every Lodge, and announce themselves at the door as Knights of Rose Croix; they may receive the honors due to them.

Apron.—For the first chamber, white leather lined, and bordered with black, three red roses placed triangularly on the flap—a human skull with two high bones placed across each other. Also on the flap. At the bottom of the apron must be a globe, surrounded by a serpent, and on the pocket of the span a large I.

For the second chamber, red lined and bordered with the same. On the middle of the flap must be embroidered a triple triangle, with three squares within.
three circles, one in the middle, which forms the jewel of the second chamber. On each side of this must be emblazoned two compasses, the point of one stands in one square of the circle, and the other stands on a triangle, with the point down.

Jewel & Order.—For the 1st chamber, a broad, black ribbon from the left shoulder to the right hip, (3 inches broad.) On the breast a small cross of red ribbon—below this must be a red rose and a small rose of black below this, to which must be suspended a gold cross.

For the 2nd chamber, the order and jewel of this degree.

Clothing of the Knights. Jewels & Titles of the Officers.—All the Brethren must be dressed in black coats, with their swords on. The Master must be decorated with a brilliant star of seven points, which he wears on his breast over his head; in the middle must be a circle and in its center the letter G. The following three words must also be engraved within the circle around the G.—

Faith, Hope & Charity.

The Master is called, "Evel Most Perfect Sovereign." The Senior Warden wears a triangle, and is called, "Most Excellent and Perfect." The Junior Warden wears the Square and Compass, above the other, and is called "Most Excellent and Perfect." The Brethren are called "Most Respectable Knights of Masons."

1st Apartment.—The 1st apartment is a representation of Mount Calvary. It must be hung with black drapery, and lighted with 22 yellow wax candes. In 3 candlesticks and eleven branches each. There must be three columns of 6 feet high & on the chimney of each must be written one of the following words, in large characters of gold—Faith, Hope & Charity. These columns may serve as candlesticks. At the west end of the chapter there must be a hill or back raised to represent Mount Calvary, upon which must be placed three large crosses, and upon each a human skull and two thick towers across. In the front of this must be the altar covered with black, on which must stand a cross and two yellow wax candes lighted. Behind the altar must be a black curtain to intercept the view of the Mount. It must extend to the top of the chapter, and be made to open in the middle, and tie down to each side. The Master must be seated on the last step.
of the altar, having a small table before him, on which is a lighted wax candle, a Bible, square & compass, and triangle. There must be no clocks or bongs in the Chapter, but all the Brethren must be seated on the floor. All the Brethren must wear over their black clothes a white satin cassock, bordered with black ribbon, two inches in width. A red cross, two inches in width, must reach from the top to the bottom of it. It must be made as the cassocks of a Catholic priest which he wears over the alb when celebrating mass.

2nd Apartment.—The east end of the 2nd apartment must represent in transparent painting, the resurrection of Jesus Christ, the Savior of mankind—over which must be a brilliant temple surrounded with glory. The hanging must be of transparent painting, representing the light blue aether of the sky, interspersed with glory. The altar must be splendidly decorated and illuminated with transparent lights.

There must be no candles in this apartment, as all the light must be received through the transparencies. No other figure must be painted on the hangings but the representation of our Savior at the resurrection. At the east, and behind the hangings, at some little distance, must be an organ or a band of music.

3rd Apartment.—On the hangings of the 3rd apartment must be represented, in transparent paintings, all the horrors which we attach to the idea of Hell or of a place formed for the punishment of the worst of crowds; such as human figures & monsters with convulsed muscles, engulfed in flames, &c. &c. On each side of the door a human skeleton with an arrow in his hand. Each apartment must be separate, only connecting with a narrow door.
3. To Open.

M.—My Perfect brothers, Knights Princes of Masons, assist me to open this Chapter.

The Wardens repeat the same one after another. The Master then knocks 3 and 4, which is repeated by the Wardens.

M.—Most Excellent and Perfect Wardens, what is our care?
S.W.—Most Wise, Perfect and Sublime Master, it is to ascertain whether the Chapter is well covered, and all the Brethren present are Knights of the Eagle and Rose Croix.

M.—Convince yourselves, my Perfect Brethren, one from the south and one from the north.

This the Wardens do by demanding from each Brother in rotation the sign, token, and word, after which they give an account to the Master, who says, "Most Perfect Senior Warden, what is the o'clock?"

S.W.—The moment when the veil of the Temple was rent; when darkness and confusion covered the earth; when the Blazing Star disappeared and the lamp of day was darkened; when the implements of Masonry were lost and the Cubic Stone sweat blood and water—that was the moment when the great Masonic word was lost.

M.—Since Masonry, my Brethren, has sustained so great a loss, let us employ ourselves by new works, to recover the word which was lost, for which purpose let us open the Chapter of Rose Croix.

S.W.—My Brethren let us do our duty: the Sovereign Chapter of Rose Croix is open.

Junior Warden repeats the same, after which all the Knights bend their right knee to the floor, repeating the same words seven times, a short interval between the 6th and 7th.
M. — What is the cause of our assembling here, Most Excellent Senior Warden?

S. W. — Ever Most Perfect and Sovereign Master, the propagation of the order & the Perfection of the Knight of the East, who demands to be received among us.

Then Brethren proceeded to ballot for the Candidate.
§. Form of Reception.

When the Candidate has given satisfactory answers to all the conditions proposed to him, he must be placed in the chamber of reflection, which must be painted black, with a small table in it with a Bible and several human bones on it. The only light is received from a candle or lamp placed in the skull of a human skeleton. The Master of Ceremonies goes to the Candidate and decorates him in the attributes of the last degree he has received, & also with the sword and white gloves on.

He then says to him—"All the temples are demolished; our tools are destroyed with our columns; the sacred word is lost, notwithstanding all our precaution; and we are in ignorance of the means of recovering it, or of knowing each other. The order, in general, is in the greatest consternation—Will you assist us in recovering the word?"

The Candidate replies—"Most cheerfully."

The Master of Ceremonies says—"Follow me, if you please"—when he conducts him to the door of the chapter, whereupon he knocks as a Knight of Rose Croix.

The Senior Warden demands—"What do you want?"

A. It is Brother Knight of the East and West, who is wandering in the woods & mountains, & who, at the destruction of the second temple, lost the word and humbly solicits your aid and assistance to recover it.

The door is opened & the Candidate is introduced. All the Brethren are seated on the floor, their right hands on their necks, their left covering their face, their hands down, their elbows on their knees, and their jewels covered with black ermine.

The Master is in the same position at the table. The Senior Warden knocks as a Rose Croix, and announces him to the Master, who says—
"My Brother, confusion has come on our works, and it is no longer in our power to continue them. You must perceive from our books and the consternation which prevails among us, what confusion reigns on the earth. The veil of the temple is rent, [at this moment the black curtain is withdrawn] the light is obscured and darkness spreads over the earth; the flaming star has disappeared, the cubic stone sweats blood and water, and the sacred word is lost; therefore it is impossible we can give it to you, nevertheless it is not our intention to remain inactive; we will endeavor to recover it. Are you disposed to follow us?

A. Yes, I am.

M. — Brother Wardens make the Candidate travel for 33 years [alluding to the years of the Savior’s life] to learn the beauties of the new law [which is reduced to 7 times round the Lodge.]

The Wardens lead him slowly around the Lodge, and when he passes before the altar he must kneel, and when passing in the west he bends his right knee, they make him observe the columns and repeat the name of each as he passes them. After he has performed this ceremony, the Wardens knock one after the other and announce that to the Master, who says—

"My Brother, what have you learned on your journey?"

A. I have learned three virtues by which to conduct myself in future, Faith, Hope, Charity — inform me if there are any others.

Master. — No, my Brother, they are the principles and the pillars of our new mystery. Approach near to us and make an engagement never to depart from that faith.

The Brethren rose. The Candidate kneels on the last step of the altar and places his hands on the Holy Bible and takes the following
§. Obligation.

I —— do solemnly and sincerely promise and swear, under the penalty of all my former obligations, which I have taken in the preceding degrees, never to reveal either directly or indirectly the secrets or mysteries of Knight of the Eagle, Sovereign Prince of Rose Croix, to any Brother of an inferior degree, nor to any in the world besides, who is not justly and lawfully entitled to the same, under the penalty of being forever deprived of the true word, to be perpetually in darkness, my body continually running from my body, to suffer without intermission, the most cruel torment of soul, that the bitterness gall mixed with vinegar, be my constant drink; the sharpest thorns for my pillow; and that the death of the cross may complete my punishment, should I ever infringe or violate in any manner or form, the laws and rules which have been, are now, or may be hereafter made known or prescribed to me and I do furthermore swear, promise and engage on my sacred word of honor, to observe and obey all the duties which may be transmitted to me by the Grand Inspectors General, in Supreme Council of the 33rd degree, that I never will reveal the place where I have been received, nor by whom I was received, nor the ceremony used in my reception, to any person on earth but to a lawful Prince of Rose Croix; that I never will initiate any person into this degree but by a lawful parent obtained for the purpose, either from this Chapter, or from a superior Council—so help me God, and keep me steadfast in this my solemn obligation. Amen.

He takes the Bible.

The Master says —"My Brethren, all is accomplished!"

The Brethren all place themselves on the floor & cover their faces with their hands, except the Warden who continues with the Master, and the Captain whom they deprive of his apron and order. The Master invests him with the chasuble and says—
This habit, my Brother, teaches you the uniformity of our manners and our belief, and will recall to your recollection the principal points of our mysteries. The black apron with which I invest you, is to mark our sincere repentance of those evils which were the cause of all our misfortunes, and it will also serve to show you those who are in search of the true word. The ribbon is the mark of our constant mourning, till we have found it. Pass to the west and assist us to search for it."

The Warrens conduct him to the west. The Master knocks 6 and is as a Knight—The Warrens repeat it. All the Brethren rise and place themselves in the sign of the Good Pastor.

The Master demands—"Bretheren Warrens, what is the motive of our assembling?"

A. The loss of the word, which, with your assistance, we hope to recover.
Q. That must we do to obtain it?
A. To be fully convinced of the three virtues which are the basis of our columns and our principles.
Q. What are they?
A. Faith, Hope, Charity.
Q. How shall we find those three columns?
A. By traveling three days in the most profound obscurity.

The Master says—"Let us travel, my Brethren, from east to north, & from west to south."

All the Brethren travel in silence, bending their knees as they pass the door in the east, and go 7 times round. At the third time of going round, the Master passes to the 2nd apartment at the 4th time the Warrens: at the 5th time all the officers: at the 6th time, all the Brethren; at the 9th time, the Master of Ceremonies stops the Candidates and says—

"You cannot enter unless you give me the word."

209
The Candidate answers—"I am in search of the word, by the help of the "new law and the three columns of Masonry."

During this time the Brethren in the 2nd apartment take off their black decorations, and put on the red, and also uncover their jewels. The Candidate knocks on the door, and the Warden, for answer, shuts the door in his face.

The Master of Ceremonies says—"These marks of indignity, are not sufficiently humiliating, you must pass through more rigorous proofs, before you can find it."

He then takes off the Candidate the stolaible and black apron, and puts over him a black cloth covered with ashes & dust, and says to him—

"I am going to conduct you into the darkest and most dismal place, from whence the word shall triumphantly come in the glory and advantage of Masonry; place your confidence in me."

He then takes him into the 3rd apartment, and takes from him his covering, and makes him go three times around, (showing him the representation of the garments of the damned,) when he is led to the door of the Chapter, and the Master of Ceremonies says to him—

"The horrors which you have just now seen, are but a faint representation of those you shall suffer, if you break through our laws, or infringe the obligation you have taken."

The Master of Ceremonies knocks on the door of the Chapter, and the Warden reports to the Master, who orders him to go and see who knocks. The Master of Ceremonies, answers—

"It is a Knight, who, after having passed through the most profound and difficult places, hopes to procure the real word as a recompense for his labor."

220
The Wardens give an account to the Master, who says - "Introduce him in the west of the Chapter with his eyes open."

The Wardens bring him in, then cover him again with his vail.

Master. — From whence came you?
Crow. — From JUDEA.

Q. By what road have you passed?
A. BY NAZARETH.

Q. Who conducted you?
A. RAPHAEL.

Q. What tribe are you of?
A. Of the tribe of JUDEA.

Q. Take the initial letters of each of these words, and tell me what they form?
A. J, N, R, J.

Master. — My Brethren, what happiness! The Word is recovered; give him the light.

The vail is taken off, and all the Brethren clapping with their hands seven times, cry — "Hosanna in the highest; on earth peace, good will towards men."

The music immediately plays the following anthem, which is devoutly sung by all the Knights.
ANTHEM

Grant us notes and numbers bright
While the "name of God" we sing.
Holy, holy, holy Lord,
Be thy glorious name adored.
Men on earth, and saints on high—
Sing the great Redeemers love.
Lord, thy mercies never fail,
Hail celestial goodness hail!
While on earth ordained to stay,
Guide our footsteps in thy way;
Mortals raise your voices high
Till they reach the echoing sky.

After the anthem is sung, the Master says to the Candidate—"Approach, my Brother, I will communicate to you our perfect mysteries."

The Wardeens conduct him to the Master, who says—"I congratulate you, my Brother, on the recovery of the word, which entitles you to this degree of Perfect Masonry. I shall make no comment on your conduct, but I am sure it will, no doubt, be duly appreciated by you. The impression which you make on your mind, will convince you that you were not deceived when you were informed that the attainment of Masonic perfection was to be acquired by honest conduct. It certainly will be a source of very considerable satisfaction to you, that your merit alone has entitled you to it. And I hope, my Brother, that your good conduct, your zeal, your virtue and discretion, may always render you deserving of the high honor which you have received, and I sincerely wish that your life may long be preserved, to enable you to continue an useful member, & an ornament to our society."

212
§. Signs, Token & Words.

1st Sign.—The first Sign is called the Sign of the Good Pastor or Shepherd. Cross the arms on the breast, the hands opened & eyes raised to Heaven. This is the Sign of the Order.

2nd Sign.—The second Sign is called the Sign of Recognition. Raise the right hand with the fore-finger pointing to Heaven. The answer is in point to the earth with the same finger. These two signs are given alternately.

3rd Sign.—The third Sign is that of Help. Cross the legs, the right behind the left. The answer is to cross the left behind the right.

Token.—The Token is to give the sign of the Good Pastor, facing each other, bow & reciprocally put the hands crossed on the breast, giving the fraternal kiss & pronouncing the pass word.

Pass Word.—The Pass Word is EMMANUEL.

Sacred Word.—The Sacred Word is I.N.R.I [I.N.R.I.], pronouncing the letters alternately. They are the initials of JESUS NAZARETHUS REX IUDÆORUM. Jesus of Nazareth, King of the Jews.

The Sovereign Master then says—"Go, my Brother, and make yourself known to all the members of the Sovereign Chapter, and return again."

The Candidate goes and whispers in the ears of the Knights the pass word; the two repeating, and kneels before the altar. All the Brothers place their right hands on him.

The Sovereign Master takes the ribbon, to which is suspended the true jewel uncovered, and says to him—"By the power which I have received from the Sovereign Chapter of Rose Croix de Heroden, I receive and constitute you Prince Knight of the Eagle, Perfect Free Mason de Heroden, under the title of the Rose Croix, that you may enjoy, now & forever, all the privileges, prerogatives, & titles attached to that sublime degree, as virtue and humility are the foundation of it. I hope, my Brother, never to see you dishonor the ribbon."

213
with which you have been invested, & which a Perfect Mason should never quit but at his death."
5. Lecture.

Q. Are you a Knight & Prince of Rose Croix?
A. Most Wise and Perfect Sovereign, I have that happiness.

Q. Where was you received?
A. In a Chapter where reigned decency & humility.

Q. Who received you?
A. The most humble of all.

Q. How was you received?
A. With all the formalities requisite on that great occasion.

Q. How was you presented to the Chapter?
A. Of my own free will and accord.

Q. What have you seen on entering the chapter?
A. My soul was in ecstasy at the sight of our ineffable mysteries & silence reigned in the Lodge—and the situation of the Knights gave me a high idea of what was going to be communicated to me.

Q. What did they do with you afterwards?
A. They made me travel for 33 years. [This number of years alludes to the age of the Savior when he was crucified.]

Q. What did you learn in your travels?
A. I learned the name of the 3 columns which support our edifice, & as they are 3 great virtues, they are the foundation of this degree.

Q. When your journey was over, was your labor, pains & work finished?
A. The Most Wise ordered me to be conducted to the altar & there to kneel in the presence of Him before whom all nations bow & to take a most solemn obligation—which I did with as much respect as possible—my heart was penetrated with what I was saying, with a firm resolution of observing the same.

Q. What was done with you after that?
A. I was clothed with marks of grief & repentance, and was taught the reason thereof—All the Knights then made a journey, by which we passed from misery to happiness; the dark & obscure road by which we traveled, was
overcome with firmness, and we received as a recompense the object of our desire.

Q. What was you seeking for in this journey?
A. The word which was lost, and which our perseverance enabled us to recover.

Q. Who gave it to you?
A. It is not permitted to any person to give it; but having reflected on what I was seeing & hearing I found it myself with the help of Him who is the author of the word.

Q. Give it to me?
A. I cannot—interrogate me.

Q. What country are you of?
A. Of Judea.

Q. Where have you passed?
A. By Nazarens.

Q. What was the name of your conductor?
A. Raphael.

Q. What tribe are you of?
A. The tribe of Judas.

Q. I am not better instructed.
A. Most Wise, enable me to assemble the initial letters of the word, and you will find the subject of our joy & our mysteries.

Q. I. N. R. J. JESUS NAZARENIUS REX JUDÆORUM.
A. It is very just, Most Wise.

Q. Did they give you anything else?
A. The pass word, and the signs and tokens to make myself known.

Q. Give me the first sign?
A. (given)

Q. What do you call it?
A. The Good Pastor or Shepherd.

Q. After having given you all this, what did they do with you?
A. The Most Wise and the Knights constituted me Prince Knight of the Eagle, Perfect Mason, under the title of the Sovereign Knight of Rose Croix, and decorated me with the ribbon & jewel, and gave me the explanation of them; after which I made myself known to all the Knights, and took my place in the chapter.

Q. What was done with you afterwards?

A. The Most Wise made an examination, after which the business of the chapter was gone through and a convocation made for the next, and the chapter was closed in the usual form.
9. To Close.

The Most Wise knocks 7 times on the step of the altar. The Wardens repeat the same. The Knights rise up.

The Master asks the following questions—Most Excellent Brethren: Senior Wardens, what’s the o’clock?

A. The moment when the word was recovered; when the cubic stone was changed into a mystic rose, when the flaming star appeared in all its splendour; when our slaves resumed their ordinary form; when the true light dispelled darkness, and the new law becomes visible in all our works.

Then the Most Wise takes the charity box to distribute to the ordinary servants, or the Brethren, who are in necessity, and which, he demands if any of the Knights have anything to offer for the good of the order and this chapter; and says—

"Brother Wardens, give notice that this chapter is going to be closed."

This done, they knock the same as the Master, and make the ordinary exclamations. The Master leaves his place, makes his obeisance, embraces all the Knights and says—"Profound Peace."

All the Brethren do the same. The Most Wise then says, (having first saluted with his mantle)—

"My Brethren, this Sovereign Chapter of Rose Croix is closed—let us do our duty."

They exclaim—VIVAT!

The Master says—"Let us go, my Brethren, and make the reflection which our work requires—let us go & return in peace."

The Brethren then take the buckles out of their shoes, and wear their shoes in the form of slippers.
The only banquet, or ceremony of the table, used in chapters of Most Crux, is the following, which is indispensably necessary, being in commemoration of the Resurrection of our Saviour, which he gave at Emmaus, when he made himself known to his disciples after his resurrection.

The Most Wise orders the youngest Knight to go and prepare everything for their repast—be goes into an apartment appropriated to this purpose, and covers the table with a white cloth, and places thereon a loaf of which bread is in a plate in the center of a triangle, formed with 3 candles, in which must be candles of white or yellow wax. He then takes to the Master wands of six feet high, who receives them and returns them to the Custodes, who presents one to each Knight. They then follow the Master to the banquet, where they place themselves round the table, and standing with their heads uncovered, except the Master, who puts on his hat after prayer.

§. Prayer.

Sovereign Creator of all things, who provides for all our necessities and waxes, bless this food of which we are now going to partake, that we may receive it for thy honor and glory, and for our satisfaction and refreshment.

Amen.

The Master breaks the bread and takes a piece, then passes it to the right for the rest, and when all are provided, they eat it. The young admiral Knight brings a goblet of wine which he places in the middle of the table. The Master takes it, and makes the sign of Most Crux, drinks, and presents the goblet to the Brother next to him, who drinks and passes it round till it comes to the Master again, who gives it all the Knights and throws what is left into the fire, being all kneeling on one knee, in the manner of making an offering.

The all rise, when the Master embraces them, and says—

"Peace be unto you!"

They answer.—"Be it so, Amen."
They go to the other chamber, where they put their bodies in their shoes and retire.

The Feast of this chapter is on Shrove Tuesday, which cannot be dispensed with; and if there is but one Knight in a place, he must absolutely perform the ceremony of this festival, that he may reunite himself in spirit with his Brethren who do the same. If he is traveling on the road and meets a Brother, they are obliged to go to some convenient house to celebrate it.

§. Ordinances.

The Knights of the Rose Croix have the privilege of holding the mallet of the Master in all Lodges; but if they do not choose to receive it they place themselves at the side of the Master, taking rank of all the officers. If the Master, through ignorance of his quality, does not make him that polite offer, he must seat himself on the floor, at the column of the Entered Apprentice. When a Knight signs a Masonic paper, he must affix his sign to his signature and also seal it with his coat of arms.

Chev. S.P.D.R.C. or Kt.,S.P. of R.C.

Where there is a regular chapter, they must assemble, at least, six times a year. 42—The annual Feast, Shrove Tuesday, Tuesday after Easter, the Day of Ascension, and Saints Day, exclusive of two Grand Festivals of St. John, which cannot be dispensed with. In a constituted Chapter, there must be, at least, 3, till the number becomes greater; then the officers are elected as in other Lodges. The election is made the Tuesday after Easter, when they enter into their charge, and the former officers are to render an account of their proceedings for the year past.

They are obliged to be charitable to all the poor, particularly to all distressed Masons. They must visit the prisons. If a Knight falls sick, they are obliged to visit him and pay particular attention that he wants for nothing, which they can
supply him with. On the death of a Knight, he shall be decorated with his ribbon and jewel round his neck, and his funeral shall be attended by all the Knights, clothed in all their orders, if it can be done without causing reflection on the order after which a chapter shall be opened. The Brother who succeeds him, shall wear the jewel, covered with black crepe, for three days. In the French Chapters it is usual to keep the anniversary of his death, and pronounce an eulogy on his virtues.

It is forbid, under any pretext, whatsoever, for one Brother to fight or combat with another: No Brother can absent himself from the chapter, unless in case of sickness, or other good and sufficient reasons, of which the chapter must approve. The chapter must only be lighted with wax candles, or sweet oil.
