El Papyrus de ANI

Libro para Salir al Día - Libro de Los Muertos

Dr Guillermo Calvo Soriano

Poner Parlantes

El Papyrus de Ani es un manuscrito en papiro escrito en jeroglíficos cursivos e ilustrado con miniaturas de color creados en la Dinastía XIX del Imperio Nuevo del Antiguo Egipto (c. 1250 a C). Los egipcios compilaban un libro individualizado para cada difunto llamado el “Libro de Salir al Día”, comúnmente conocido como “el Libro de los Muertos”. Contiene las declaraciones y hechizos que lo ayudarán en su vida de Ultratumba.

El “Libro de los Muertos” de Ani, Escribe y Tesorero de los Templos de Egipto , Tebas , es el manuscrito llamado el Papyrus de Ani.

THE BOOK OF THE DEAD PAPYRUS OF ANI

E. A. WALLIS BUDGE

Fue comprado en 1888 por Sir E.A. Wallis Budge para el Museo Británico.

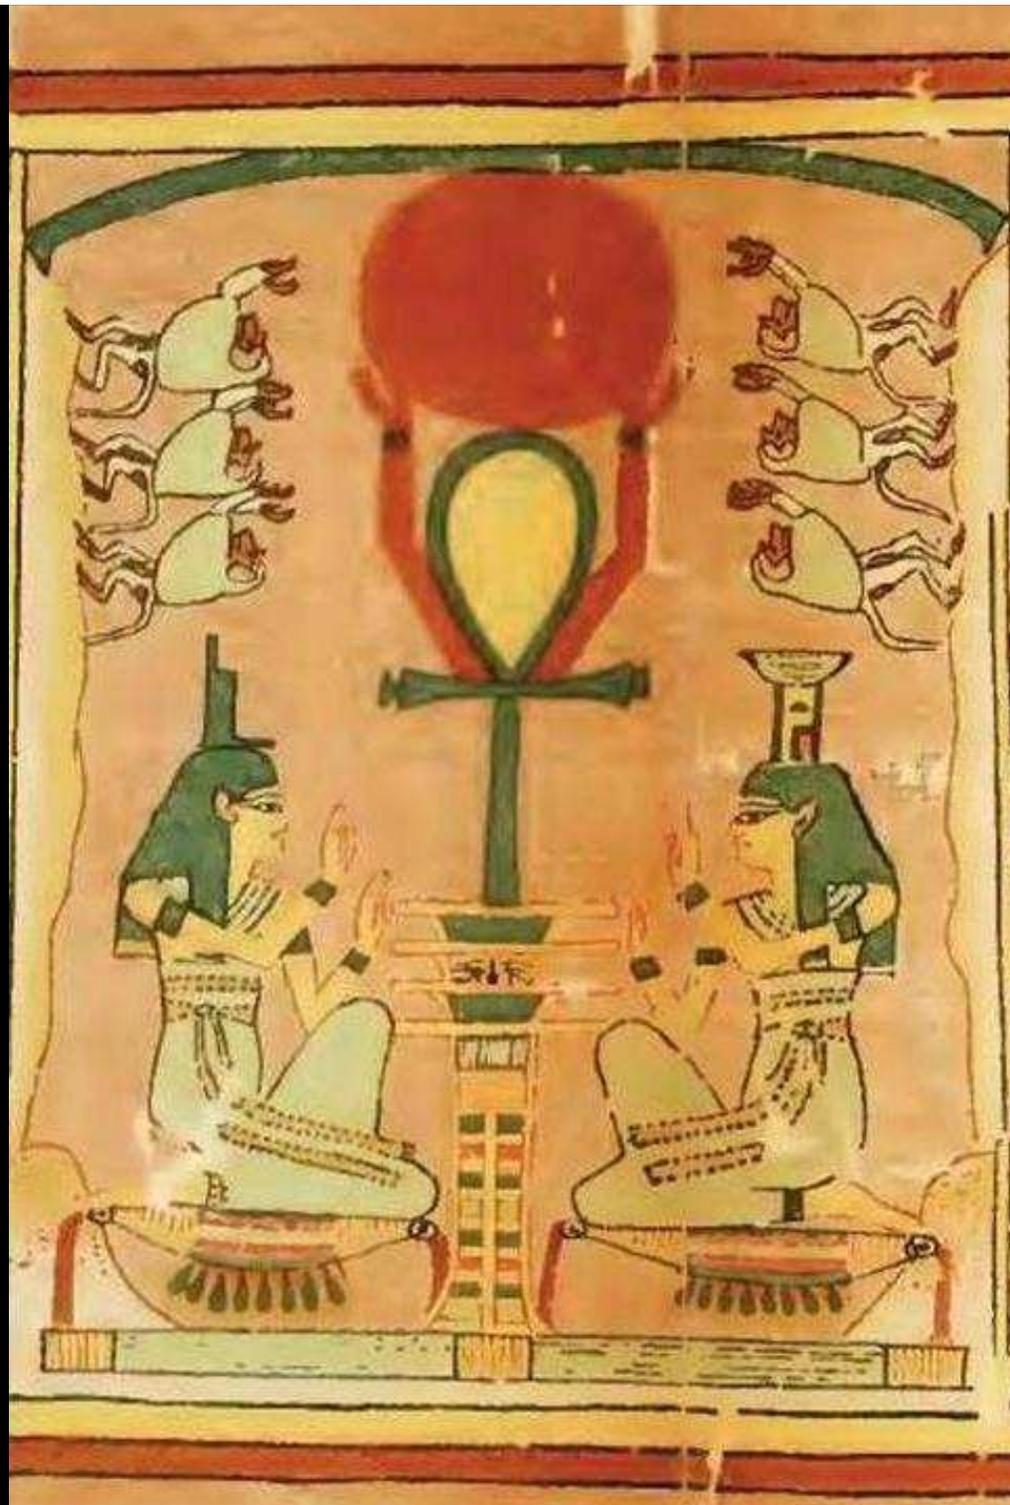

Antes de enviar el manuscrito a Inglaterra, Budge corta el rollo de papiro de setenta y ocho pies en treinta y siete fragmentos de tamaño casi igual, dañando la integridad del rollo con una tecnología que no ha permitido volver a unirlos.

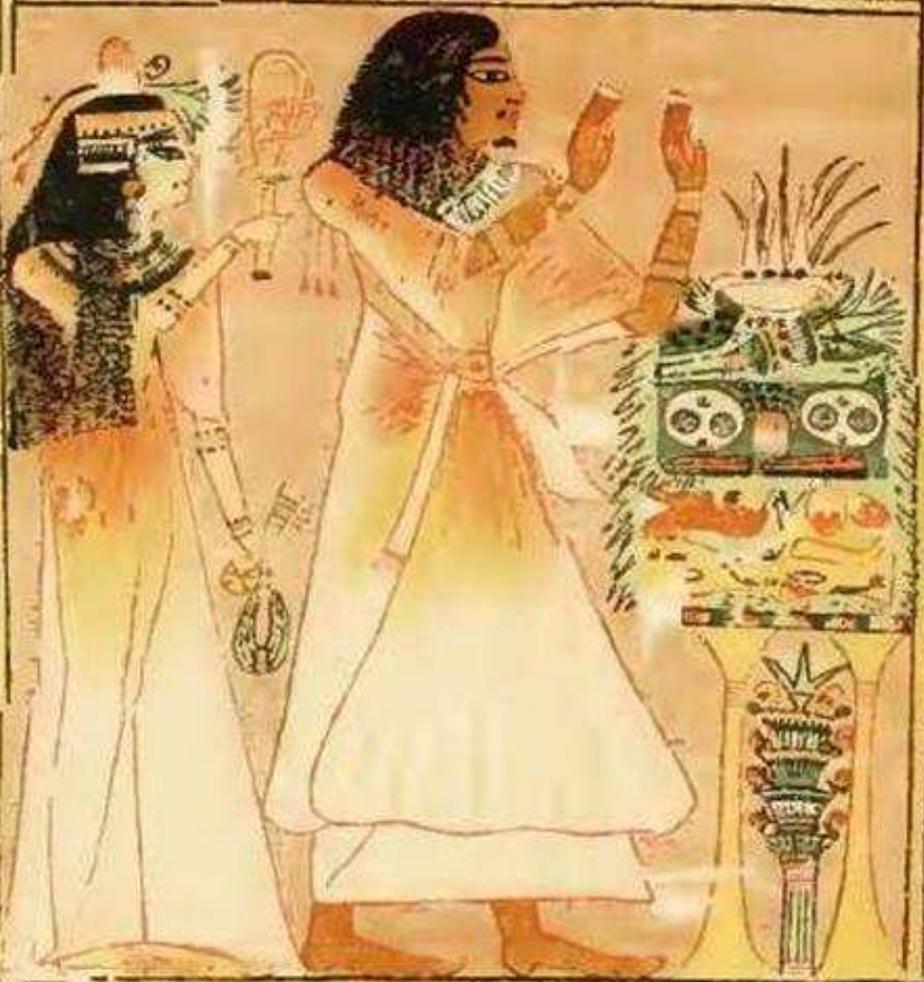

Hieroglyphic text located at the top of the panel, consisting of approximately 15 vertical columns of symbols.

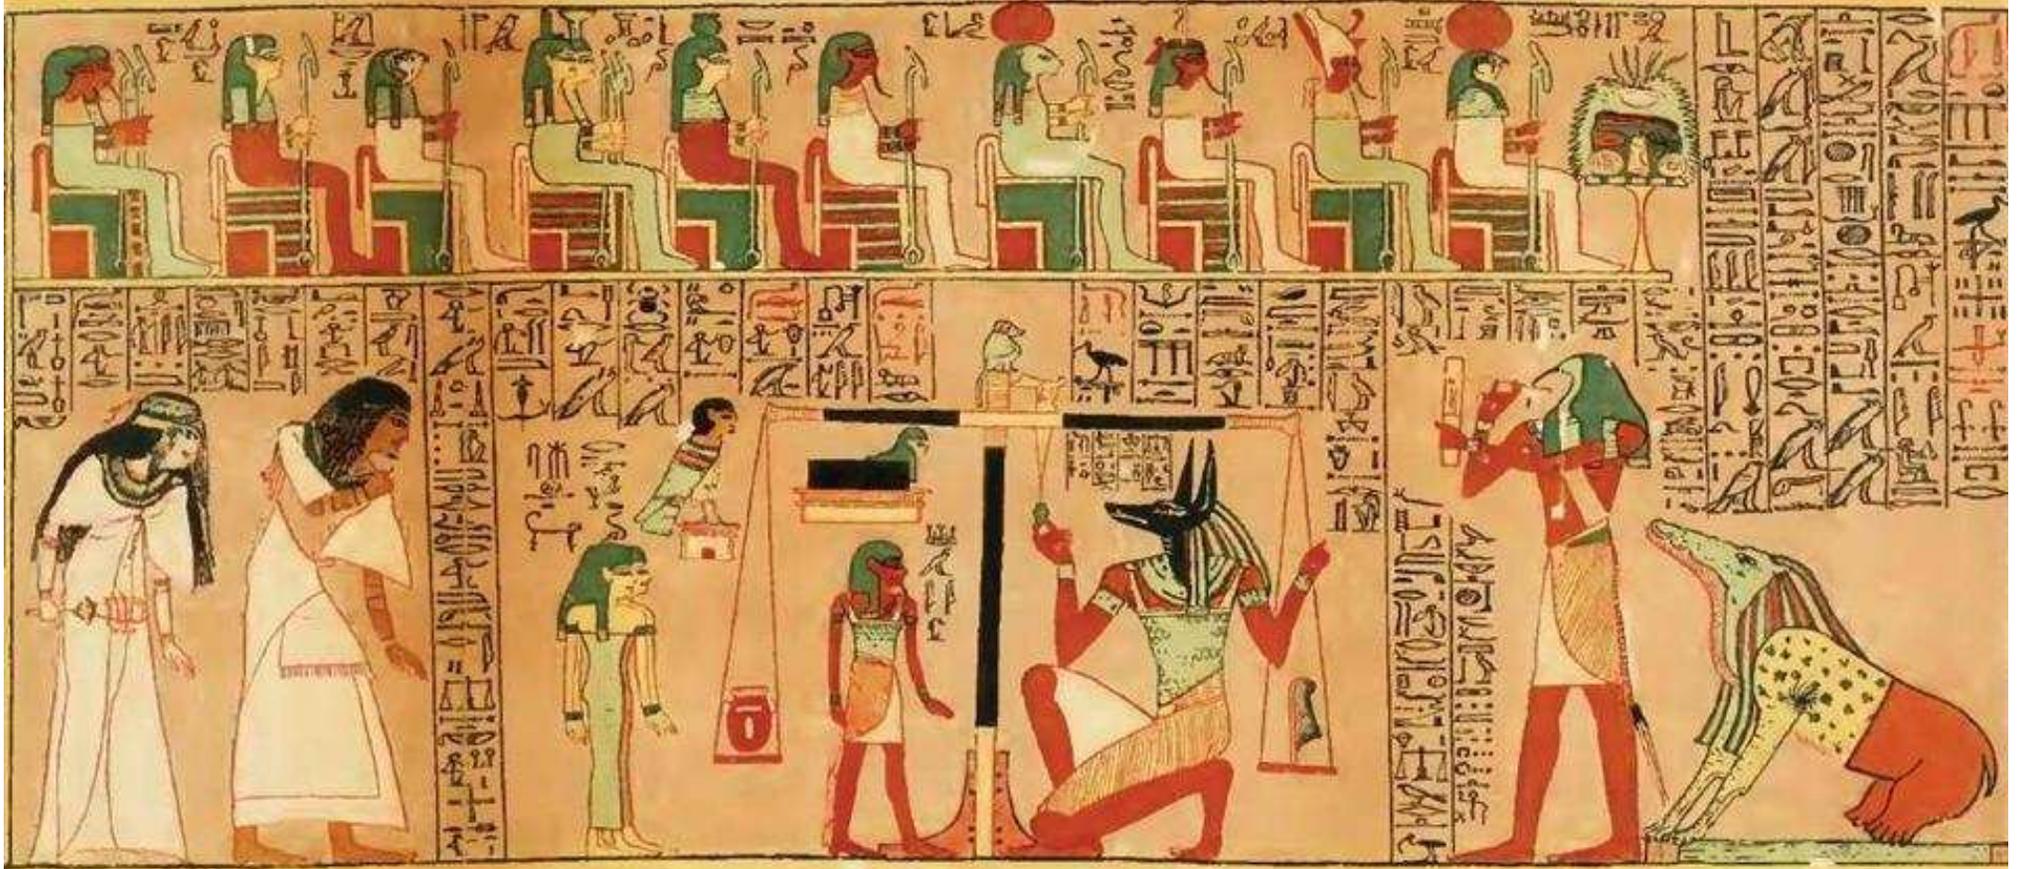

Main body of hieroglyphic text, consisting of approximately 25 vertical columns of symbols, arranged in a grid-like pattern.

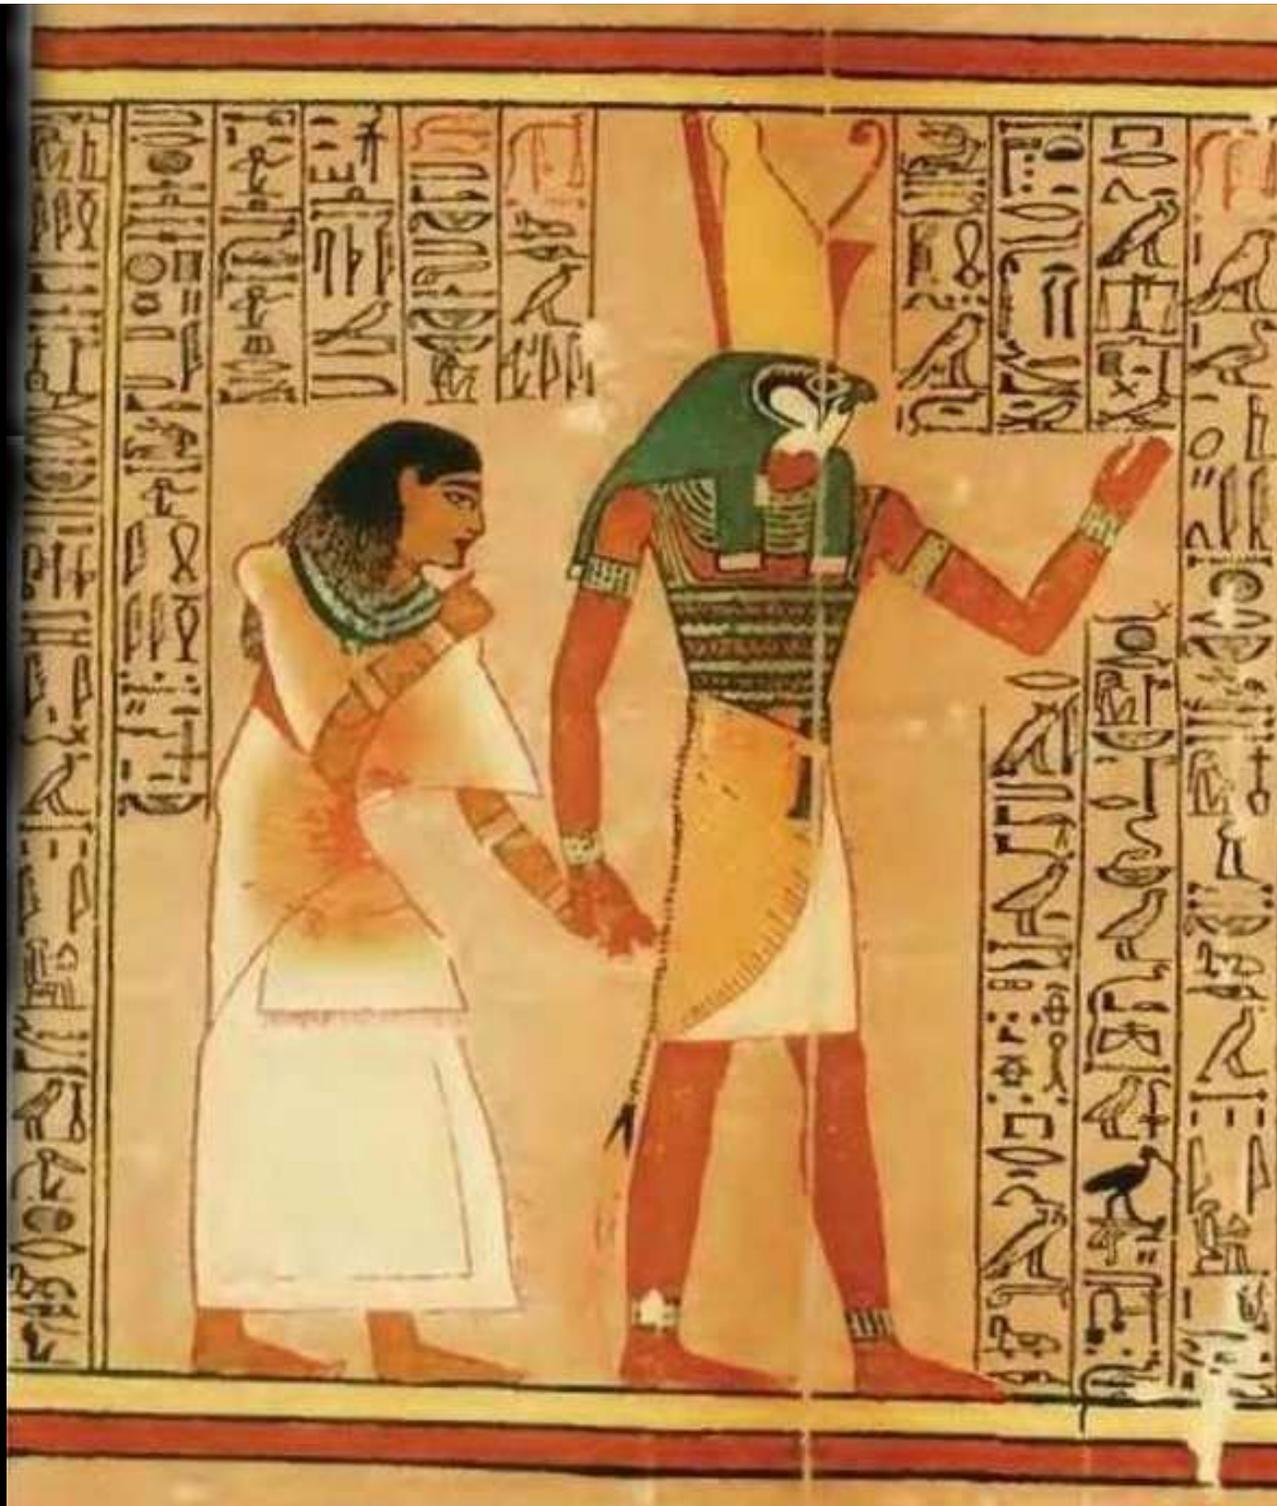

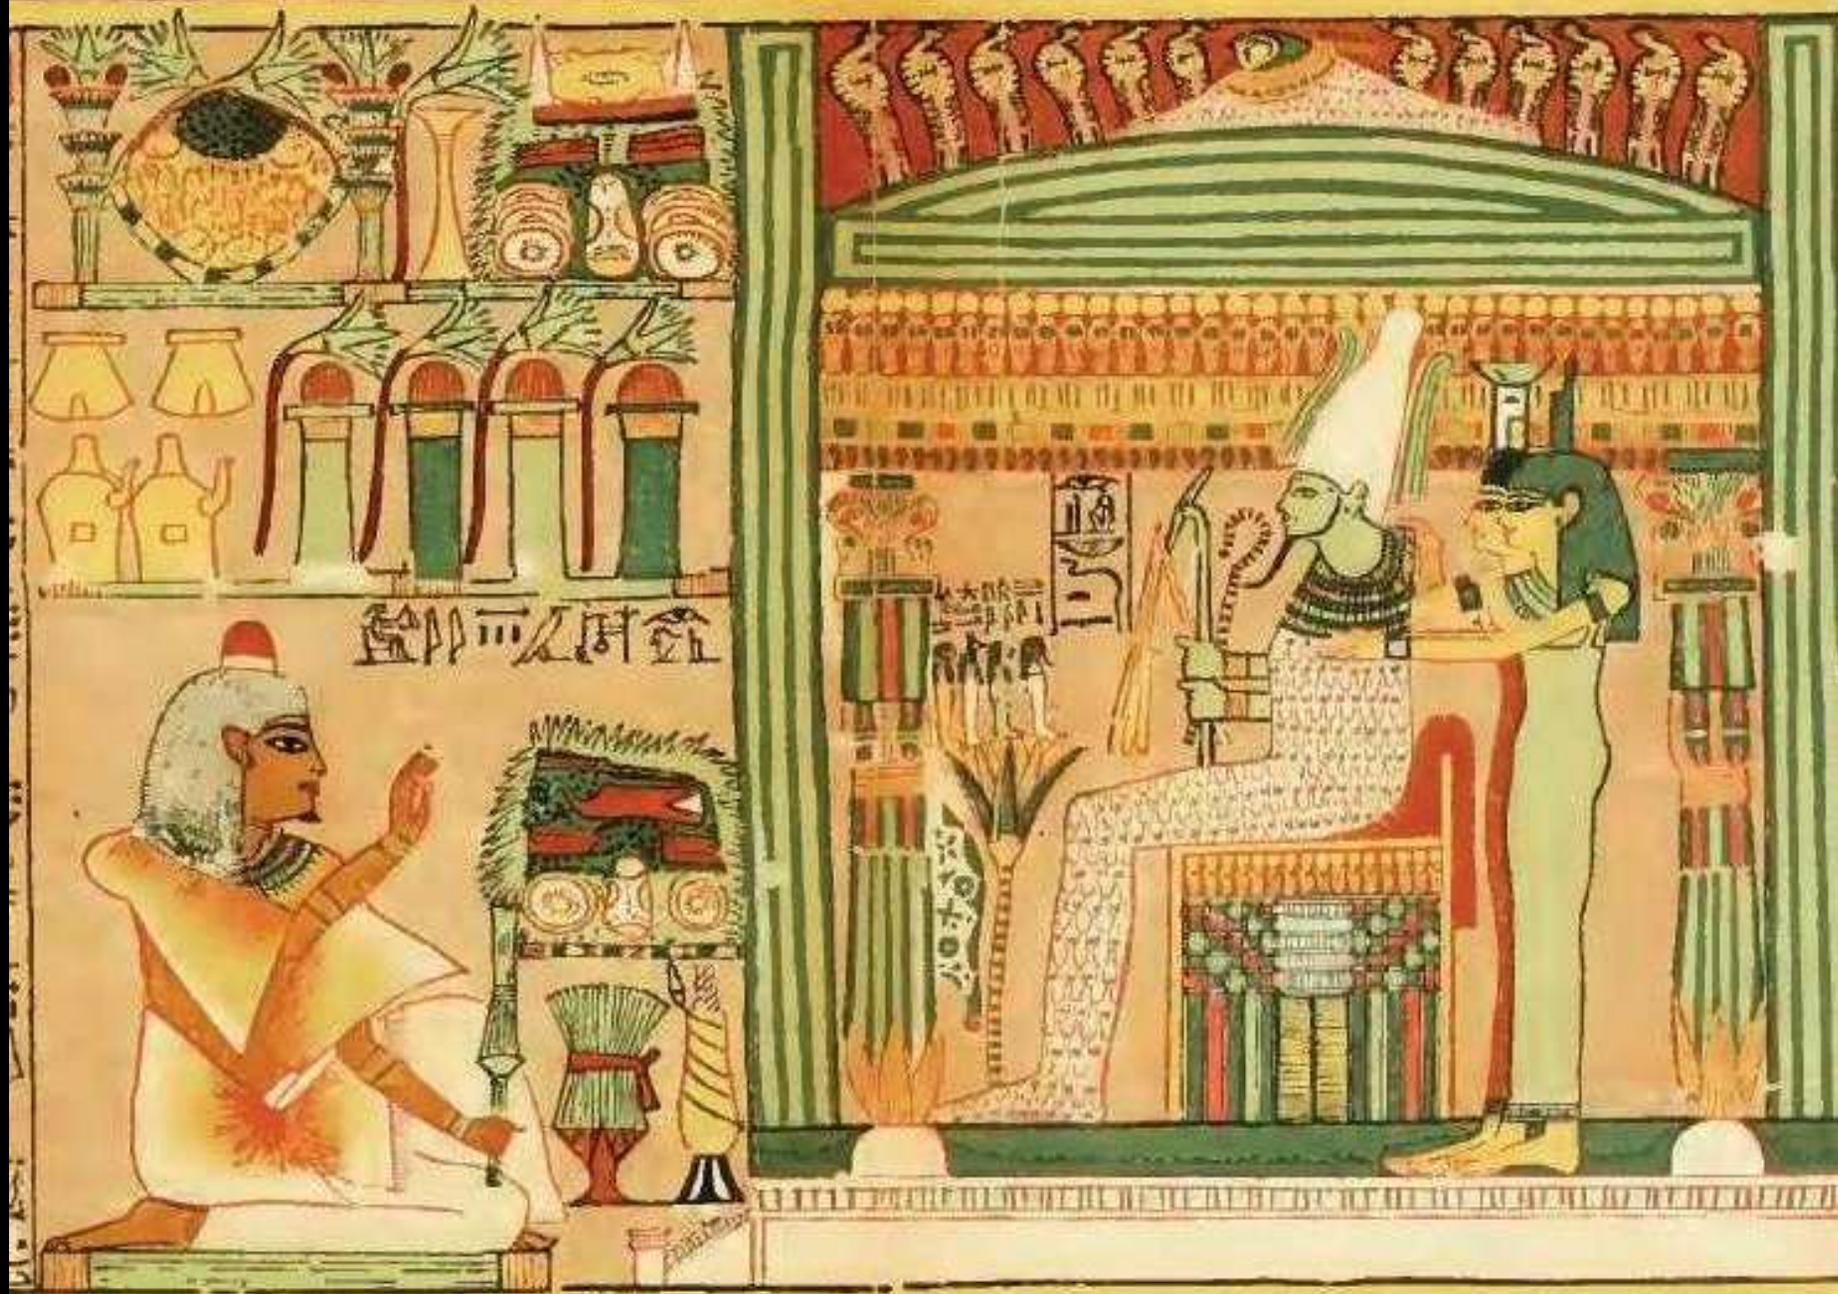

Hieroglyphic text in 15 vertical columns, reading from right to left. The text is densely packed and includes various symbols such as birds, lotus flowers, and other hieroglyphs.

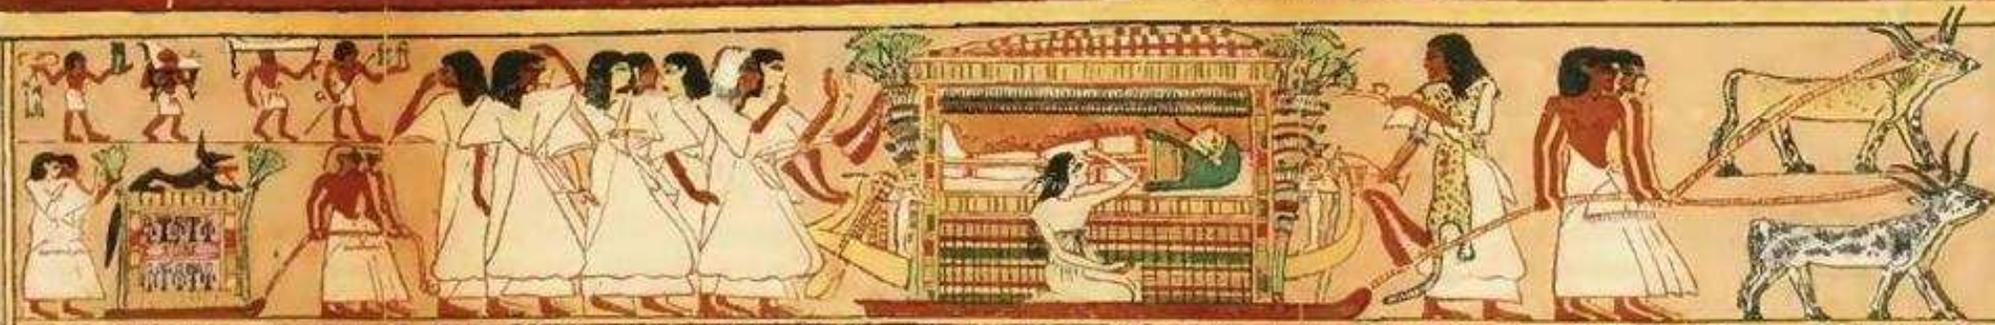

Hieroglyphic text in 8 vertical columns, reading from right to left. The text is densely packed and includes various symbols such as birds, lotus flowers, and other hieroglyphs.

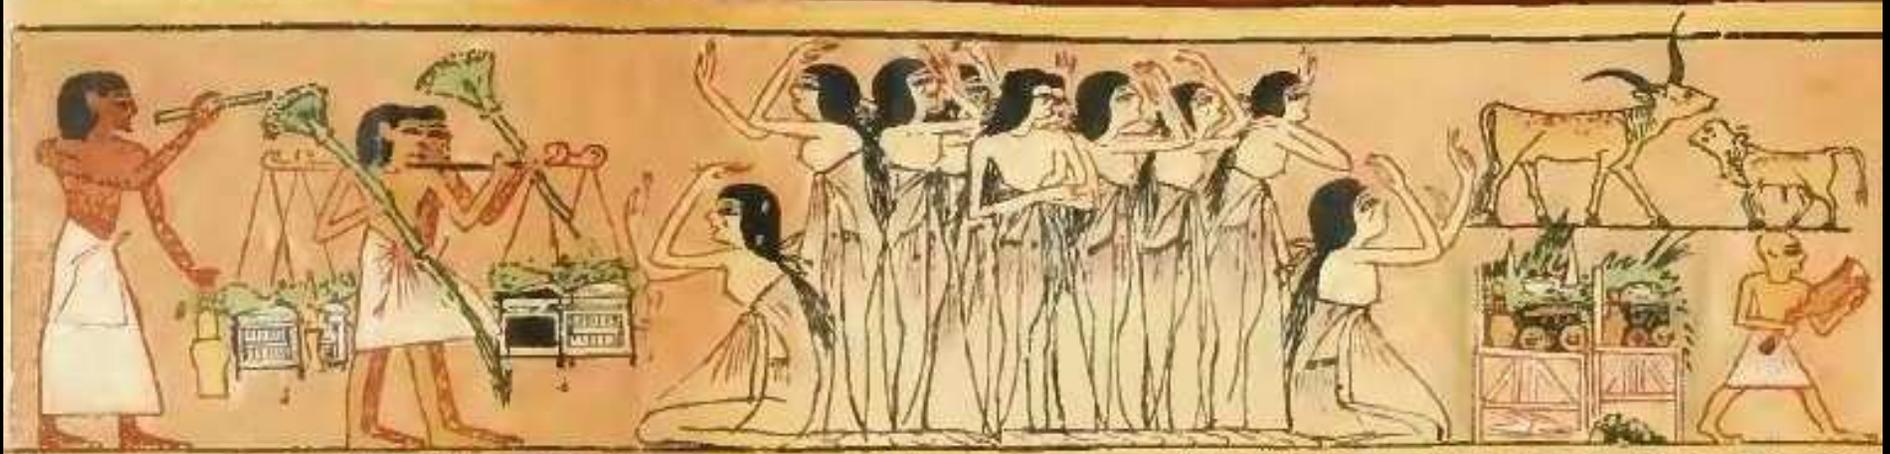

Hieroglyphic text in vertical columns, reading from right to left. The text is arranged in approximately 20 columns, each containing several lines of characters. The script is a standard form of ancient Egyptian hieroglyphs, used for commemorative or funerary purposes. The columns are separated by thin vertical lines, and the text is set against a light background within a dark border.

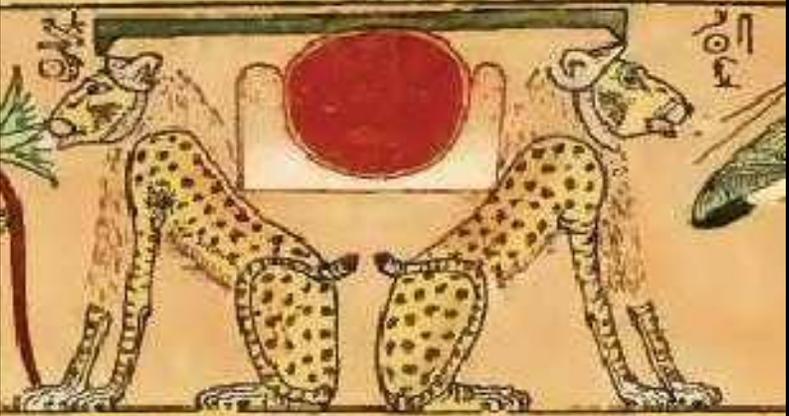

Hieroglyphic text arranged in vertical columns, likely a list or inventory of goods, including symbols for produce, animals, and other items.

Hieroglyphic text in ten vertical columns, likely a ritual or offering list. The text is written in black ink on a light background. The columns contain various hieroglyphs, including symbols for offerings, deities, and actions. The text is arranged in a regular grid pattern, with each column containing approximately 15-20 characters. The overall appearance is that of a formal inscription, possibly a list of offerings or a ritual procedure.

Vertical columns of hieroglyphic text, likely a funerary inscription, located below the wall painting. The text is arranged in 11 columns, reading from right to left. The hieroglyphs are black and red, with some red ink used for emphasis or specific symbols. The text is enclosed in a thin black border.

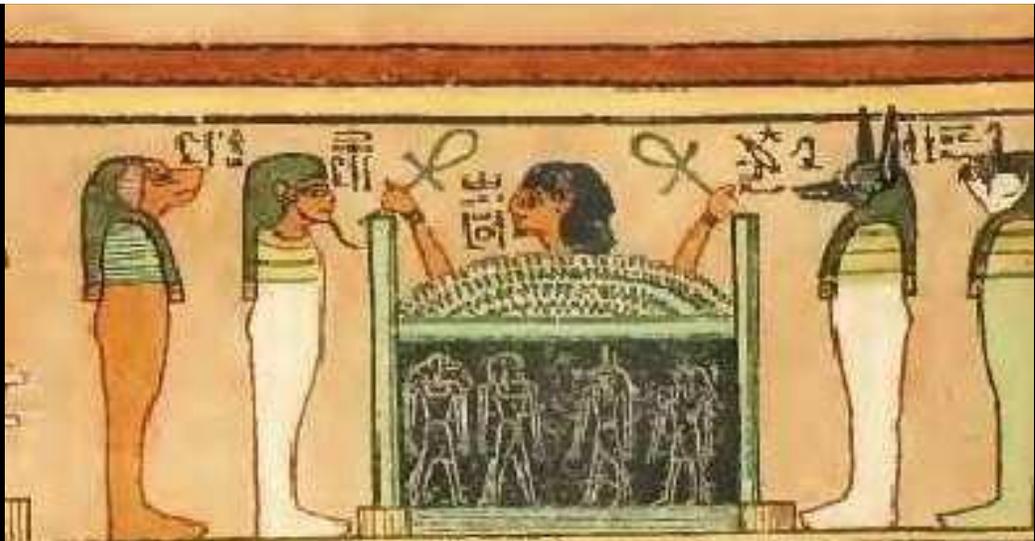

Vertical columns of ancient script, likely Sanskrit or a related language, written in a stylized font. The text is arranged in approximately 10 columns, reading from right to left. The script is highly decorative and characteristic of classical Indian manuscripts.

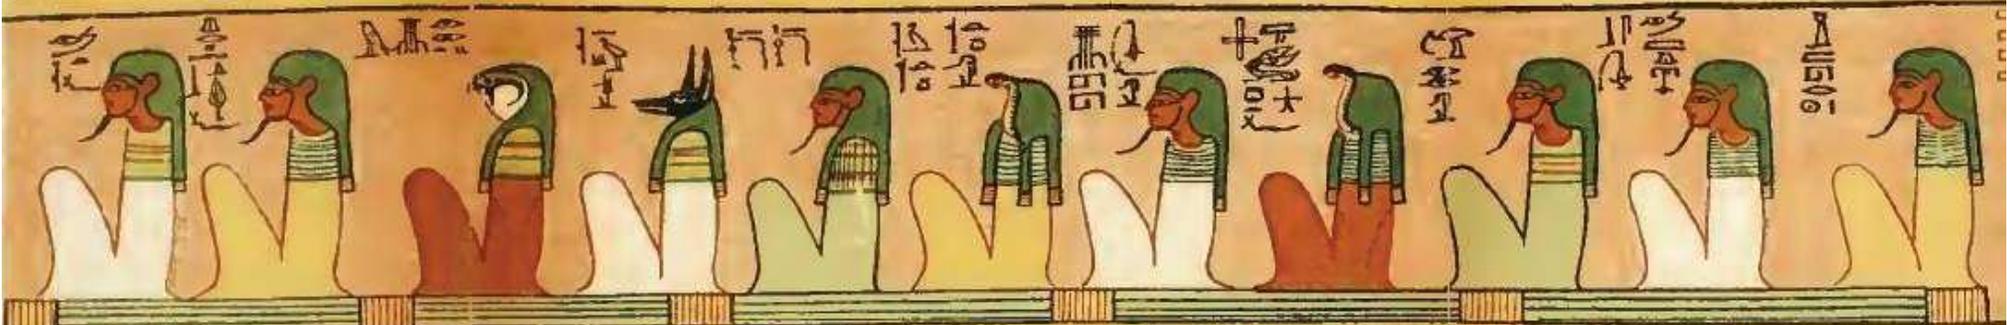

Vertical columns of hieroglyphic text, likely a ritual or magical formula. The text is arranged in approximately 15 columns, reading from right to left. The hieroglyphs are black and red, with some red ink used for emphasis or specific symbols. The text is set within a decorative border.

Multiple columns of hieroglyphic text, likely a religious or funerary inscription, arranged in a grid-like fashion. The text is written in black ink on a light-colored background.

Vertical columns of hieroglyphs, likely representing a list or record. The text is written in a stylized, ancient Egyptian script, arranged in approximately 12 columns from right to left. The hieroglyphs are black and red, set against a light background.

Vertical columns of hieroglyphs, likely containing the deceased's name and titles, arranged in a grid pattern below the frieze. The text is organized into approximately 11 columns, each corresponding to a figure in the frieze above. The hieroglyphs are arranged in vertical columns, reading from right to left. The colors of the hieroglyphs (black, red, green, yellow) correspond to the colors of the figures in the frieze above.

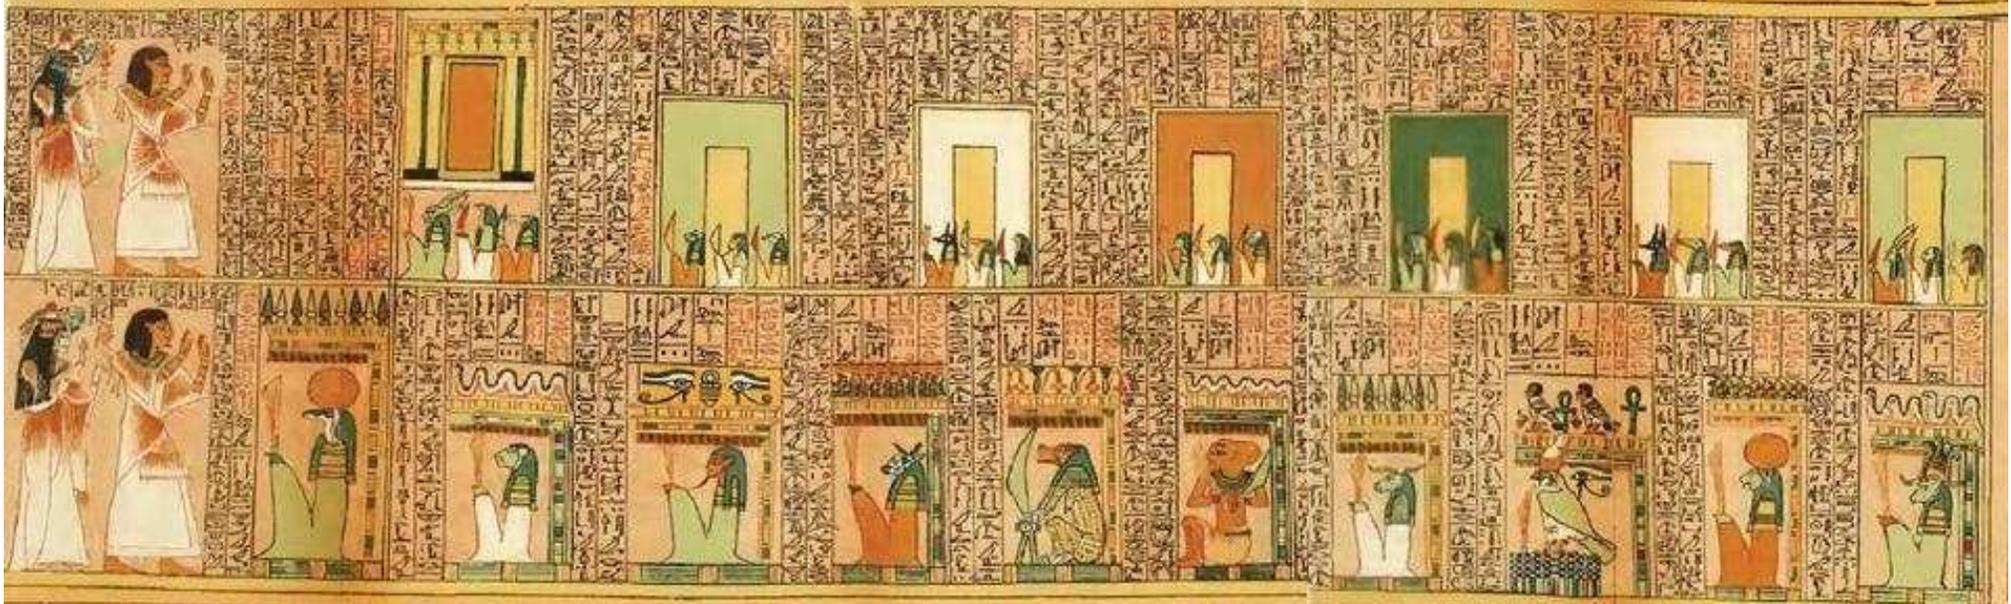

Four vertical columns of hieroglyphic text. The text is written in black ink on a light-colored background. The columns contain various symbols, including birds, lotus flowers, and other standard hieroglyphs. The text is arranged in a regular grid pattern, with each column containing approximately 15-20 characters. The overall appearance is that of a well-preserved ancient inscription.

Vertical columns of hieroglyphic text, likely a list or inventory, written in black ink on a light-colored background. The columns are arranged in a grid-like fashion, with each column containing a series of hieroglyphs. The text is oriented vertically, reading from top to bottom. The columns are numbered 1 through 14 on the left side of the register.

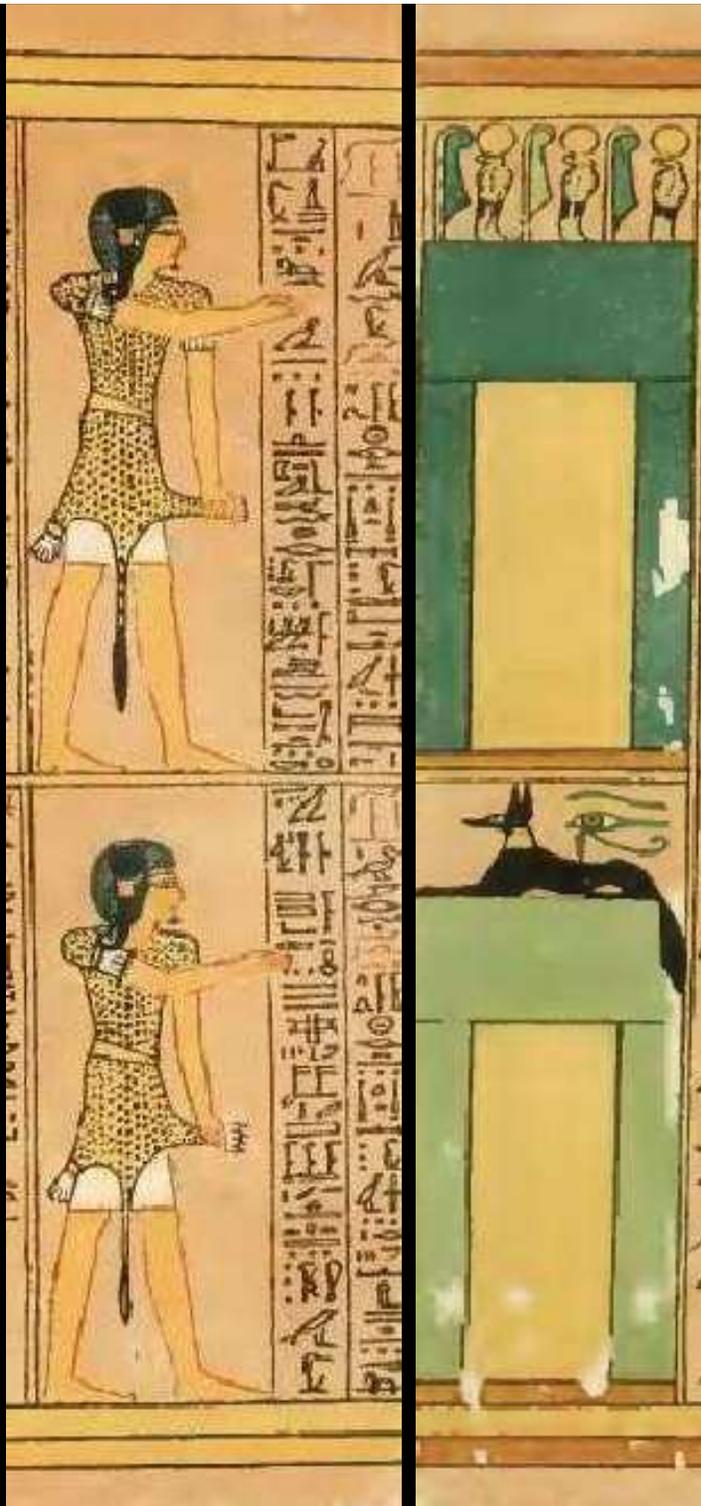

Four vertical columns of hieroglyphic text in the upper register, positioned to the right of the two women. The text is arranged in a regular grid pattern.

Three vertical columns of hieroglyphic text in the lower register, positioned to the right of the two women. The text is arranged in a regular grid pattern.

Hieroglyphic text columns, likely containing a list or inventory of items, including symbols for gold, silver, and various vessels.

Large block of hieroglyphic text, possibly a narrative or a detailed list, featuring various symbols and signs.

Small column of hieroglyphic text on the far left side of the page.

Large block of hieroglyphic text on the bottom half of the page, continuing the narrative or list.

Vertical column of hieroglyphs, likely a name or title, positioned to the right of the first illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the right of the second illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the right of the third illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the first illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the second illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the third illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the fourth illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the fifth illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the sixth illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the seventh illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the eighth illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the ninth illustration.

Vertical column of hieroglyphs, likely a name or title, positioned to the left of the tenth illustration.

Hieroglyphic text at the top of the right column.

Vertical column of hieroglyphic text on the right side of the page.

Vertical column of hieroglyphic text on the right side of the page, below the illustration.

Small hieroglyphic text at the top of the middle column.

Vertical column of hieroglyphic text in the middle of the page, below the illustration.

Small hieroglyphic text at the top of the left column.

Vertical column of hieroglyphic text on the left side of the page, below the illustration.

Hieroglyphic text arranged in vertical columns, reading from right to left. The text is written in black ink on a light-colored background. The columns contain various hieroglyphs, including symbols for birds, staffs, and other objects, which are used to represent words and phrases. The text is organized into approximately 12 vertical columns, with the rightmost column being the first to be read.

Additional hieroglyphic text located at the top right of the panel, above the main scene. This text is also arranged in a vertical column and appears to be a separate line of writing, possibly a title or a specific invocation related to the scene below.

Hieroglyphic text in vertical columns, likely a religious or funerary inscription. The text is arranged in several columns, with a central column containing a larger figure and a smaller figure to its left. The text is written in black ink on a light-colored background.

Vertical column of hieroglyphs on the left side of the page.

Vertical column of hieroglyphs on the right side of the page.

Main body of vertical hieroglyphic columns between the illustrations.

Hieroglyphic text from an ancient Egyptian papyrus scroll, arranged in vertical columns. The text is written in black ink on a light-colored background. The columns are separated by thin vertical lines. The script is a form of Egyptian hieroglyphs, likely used for religious or administrative purposes. The text is arranged in several vertical columns, with a small illustration of a figure in a doorway at the top left.

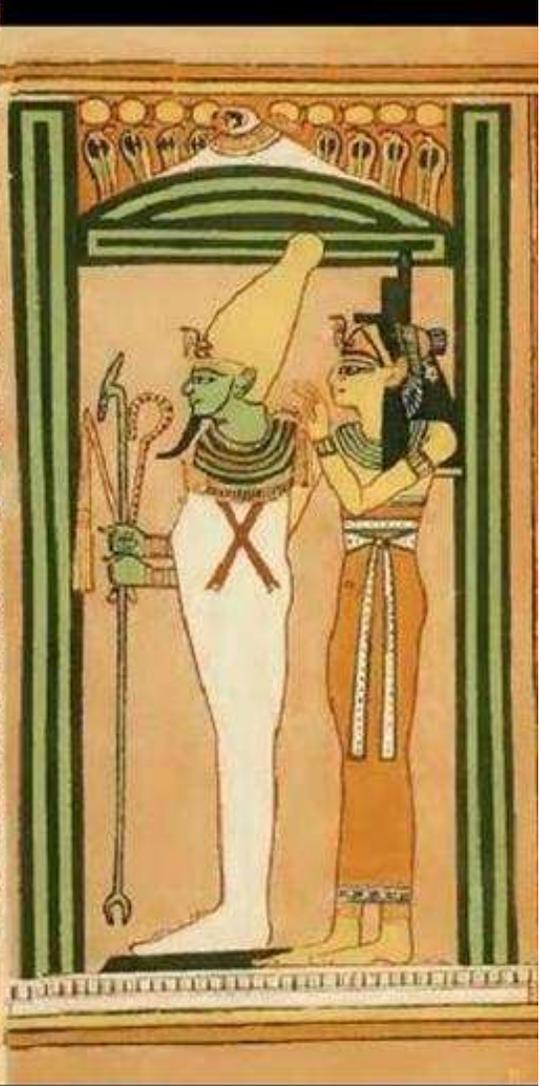

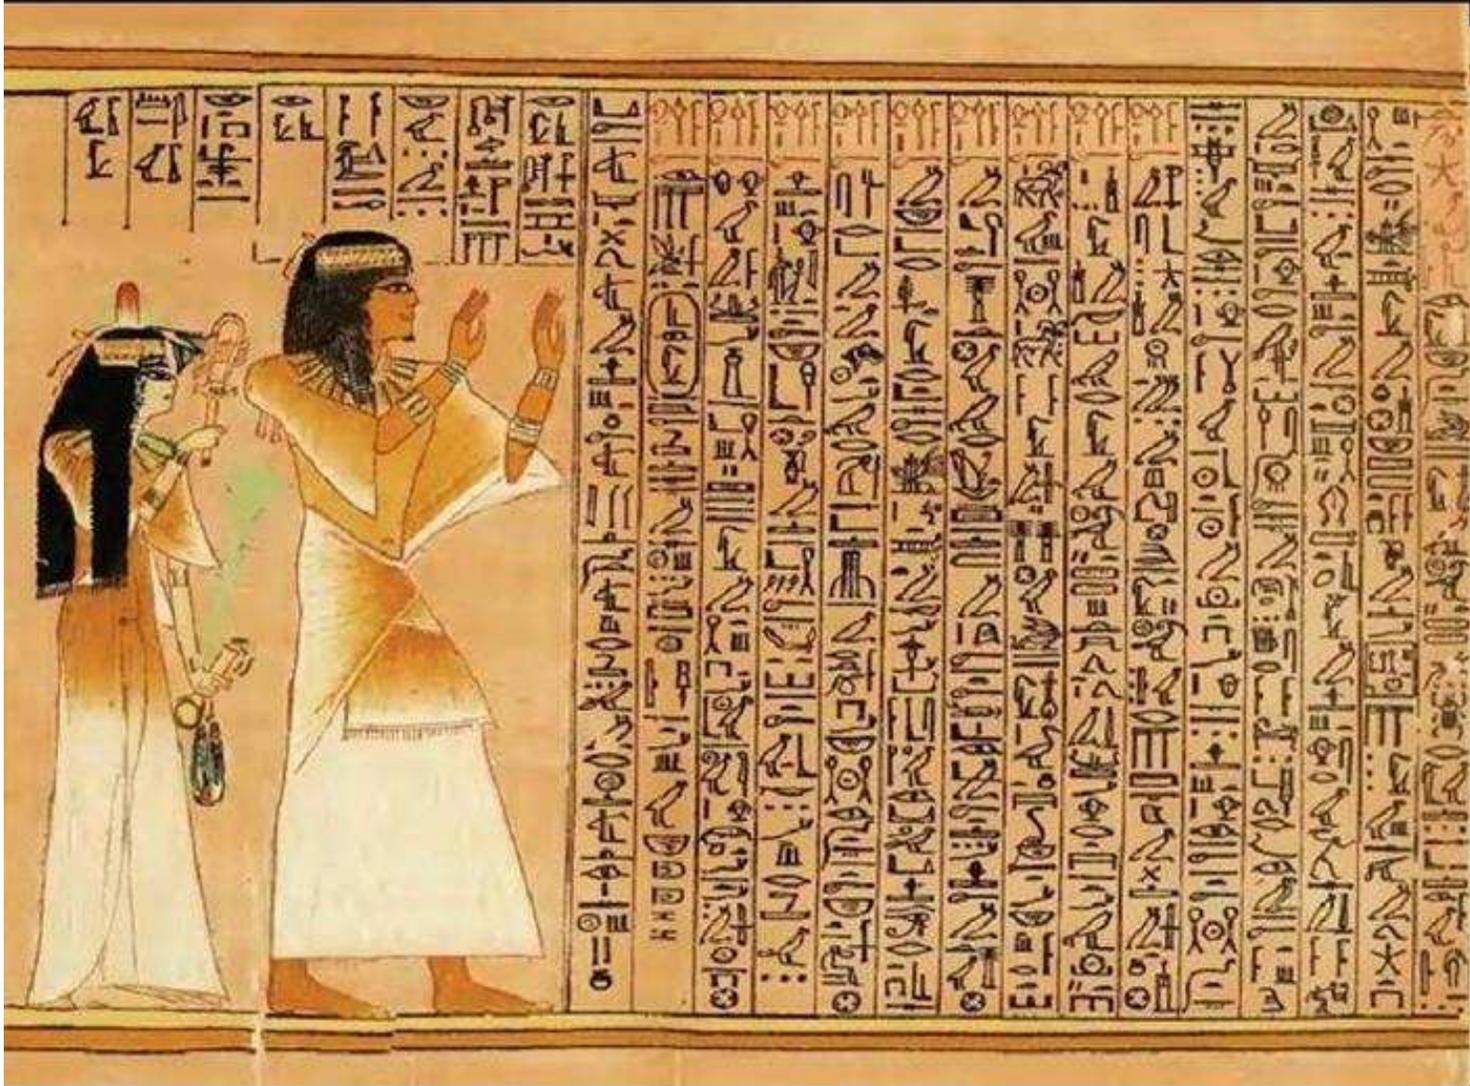

Vertical columns of hieroglyphs, likely identifying the deceased and their family members.

Large block of vertical hieroglyphic text, organized into columns, providing detailed information about the deceased and their family.

Handwritten text in a cursive script, likely a historical form of the Korean alphabet (Hangeul). The text is arranged in approximately 25 horizontal lines across the page. The script is dense and characteristic of early printed Korean books. The text is written in black ink on aged, yellowish paper. The lines are roughly parallel and fill most of the page area.

Hieroglyphic text columns, likely containing a list or inventory. The text is arranged in approximately 15 vertical columns, reading from right to left. The characters are stylized and consistent with ancient Egyptian hieroglyphs.

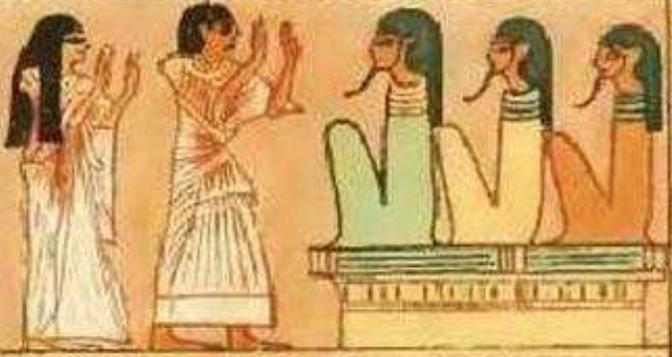

Hieroglyphic text columns, continuing the list or inventory from the top section. The text is arranged in approximately 15 vertical columns, reading from right to left. The characters are stylized and consistent with ancient Egyptian hieroglyphs.

A large block of hieroglyphic text, organized into numerous vertical columns. The columns are arranged in a grid-like pattern, with the text written in black ink on a light-colored background. The hieroglyphs are small and densely packed, typical of ancient Egyptian writing. The text is organized into several distinct sections, separated by thin vertical lines. The overall layout is highly structured and systematic.

Vertical columns of hieroglyphic text, likely a religious or historical record, spanning the width of the page.

Vertical columns of hieroglyphic text on the left side of the page, continuing the narrative or record.

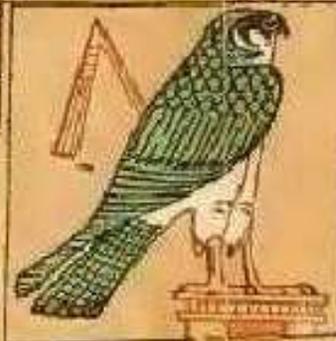

Hieroglyphic text in the right column, consisting of approximately 20 vertical lines of symbols.

Main body of hieroglyphic text, consisting of approximately 20 vertical lines of symbols.

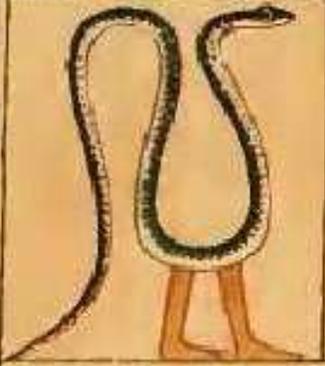

Left column of hieroglyphic text, consisting of approximately 20 vertical lines of symbols.

Vertical columns of ancient Egyptian hieroglyphs, arranged in a grid-like structure. The text is written in a formal, stylized script, typical of ancient Egyptian inscriptions. The columns are separated by thin lines, and the overall layout is organized and systematic. The hieroglyphs are arranged in approximately 15 vertical columns, each containing several lines of text. The script is consistent throughout, suggesting a single text or a highly related set of texts.

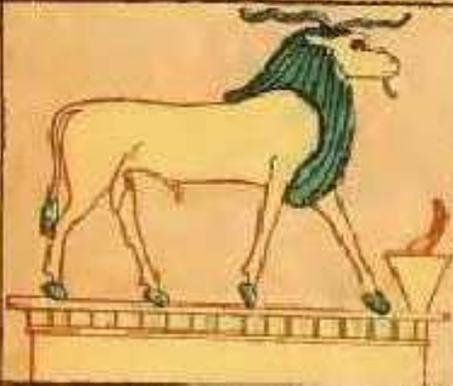

Handwritten text in a cursive script, likely a historical document or manuscript, written on aged paper. The text is organized into approximately 25 horizontal lines. The script is dense and characteristic of early modern European handwriting, possibly a form of Gothic or a related cursive. The ink is dark, and the paper shows signs of age, including some staining and discoloration. The text is written in a single column across the page.

Hieroglyphic text arranged in vertical columns, reading from right to left. The text is organized into two main sections: a top section with four columns and a bottom section with six columns. The characters are black on a light background, with some red accents. The top section contains a mix of symbols, including a seated figure and a snake. The bottom section contains dense hieroglyphic text.

Hieroglyphic text arranged in 15 vertical columns, reading from right to left. The script is a form of Egyptian hieroglyphs, likely from the Late Period or Ptolemaic era. The columns contain various signs, including birds, animals, and abstract symbols, arranged in a regular grid pattern.

Hieroglyphic text columns, likely containing a list or inventory. The text is arranged in vertical columns, reading from right to left. The columns are separated by thin lines, and the characters are black on a light background.

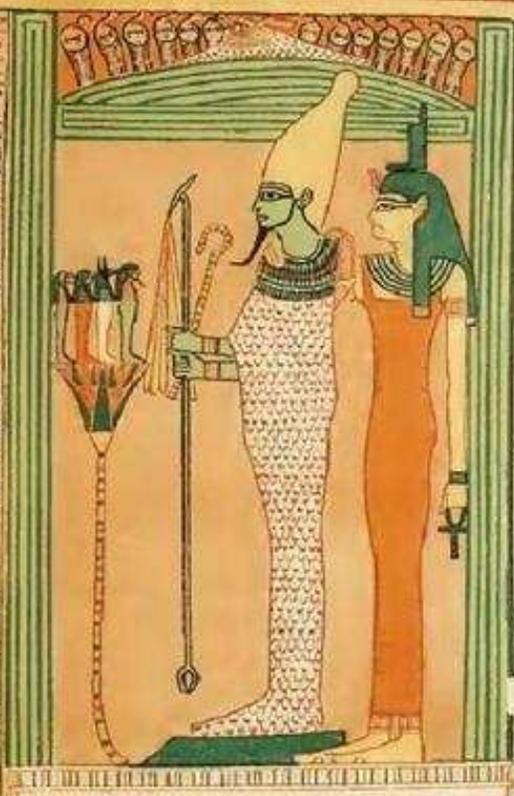

Hieroglyphic text arranged in vertical columns, reading from right to left. The text is organized into several distinct sections, including a large block of text on the right side and a smaller block on the left side, separated by a vertical line. The characters are black and red, set against a light background.

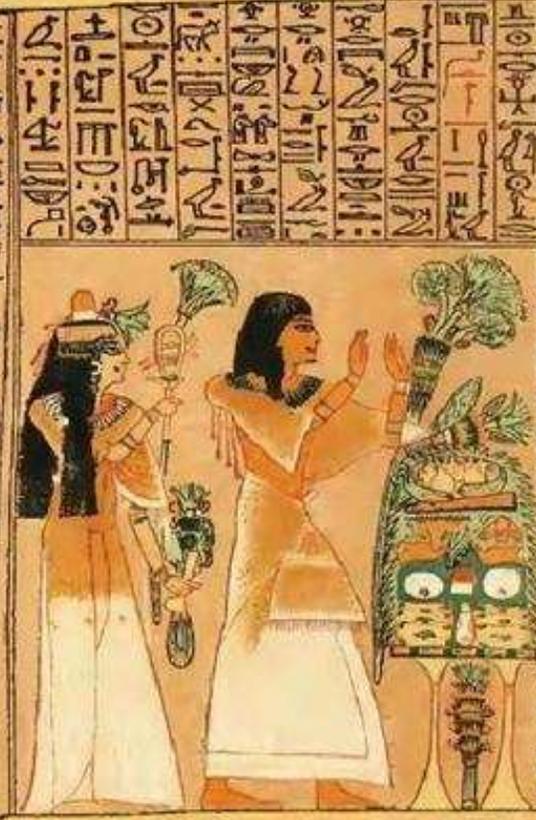

Hieroglyphic text in 20 columns, arranged in two rows of 10 columns each. The script is densely packed and covers the majority of the page's surface.

Additional hieroglyphic text located below the illustration, continuing the text from the main body of the page.

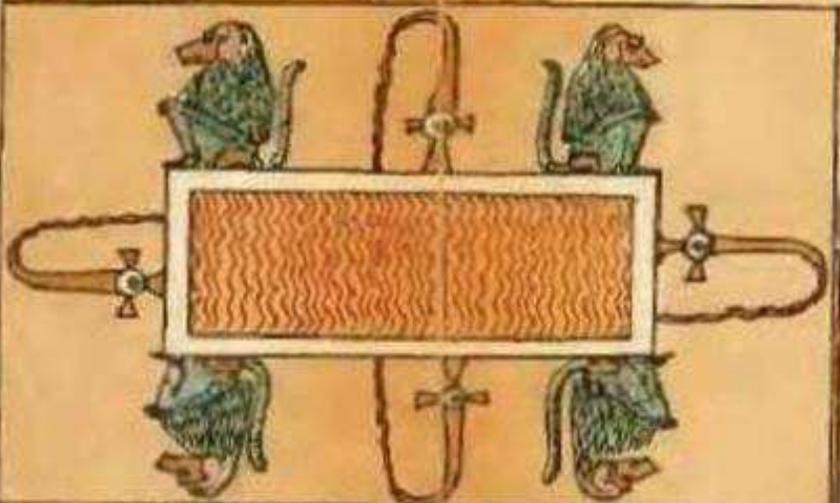

Hieroglyphic text in vertical columns, likely a list of offerings or a record of the deceased's life. The text is arranged in approximately 20 columns, with each column containing several lines of hieroglyphs. The characters are black on a light background, and the columns are separated by thin vertical lines.

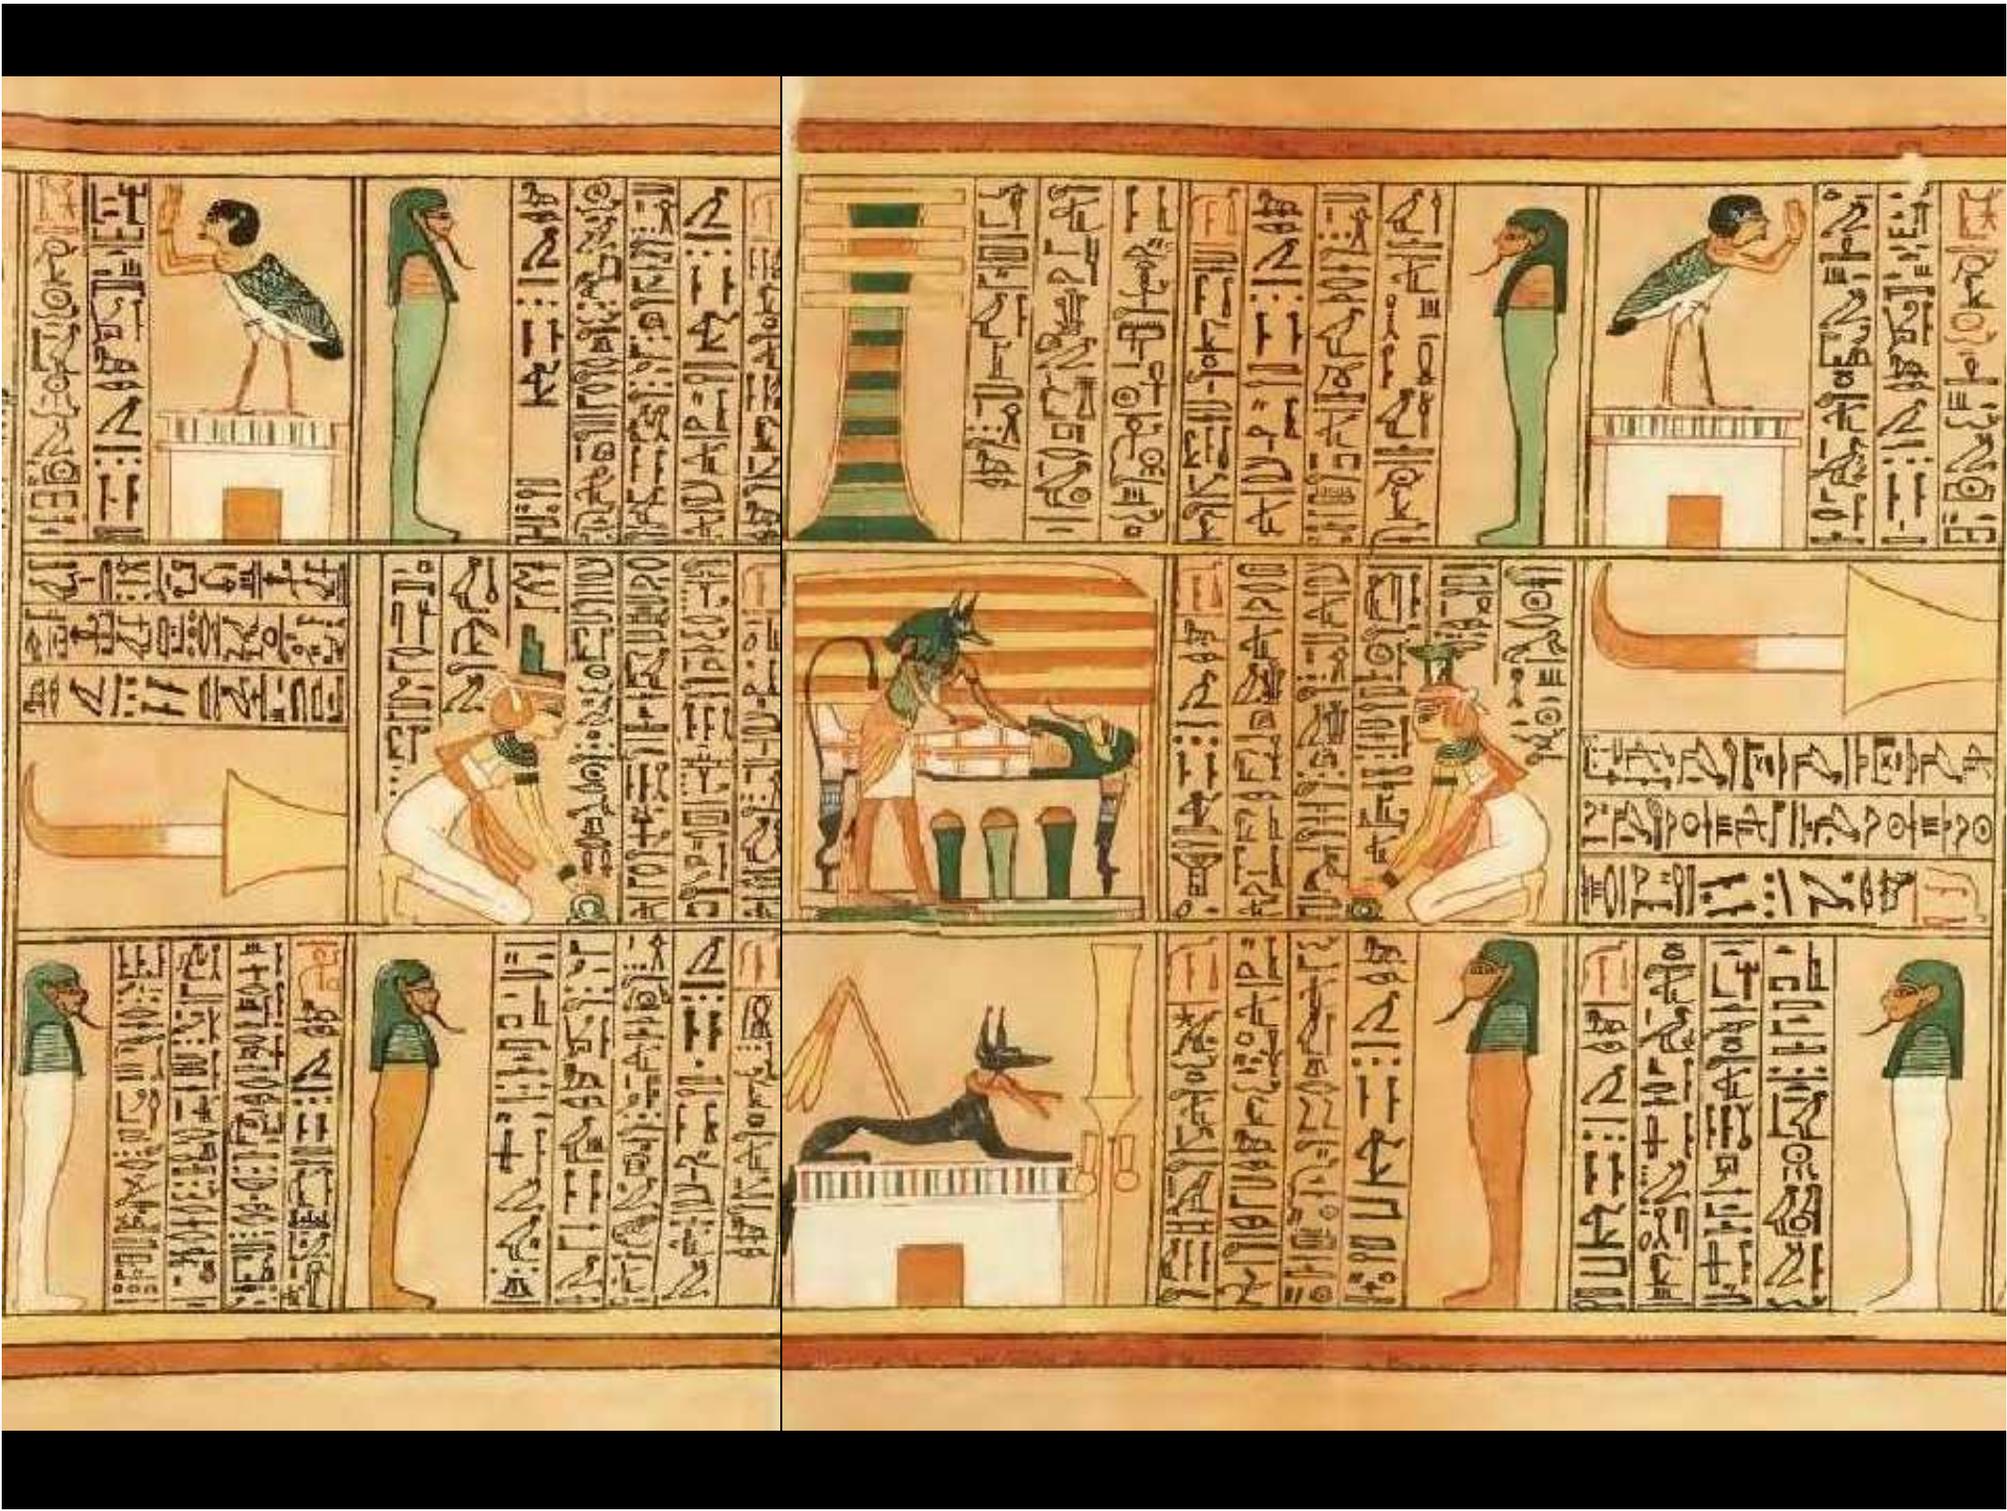

Vertical columns of hieroglyphic text, organized into a grid-like structure. Each column contains a sequence of hieroglyphs, with some columns starting with a small icon of a person or object. The text is arranged in a regular, repeating pattern across the page.

Vertical columns of ancient Egyptian hieroglyphs, likely a list or inventory. The text is arranged in approximately 12 columns, with the rightmost column containing larger characters. The hieroglyphs are rendered in black and red ink on a yellowish background.
